Brown's Corners United Church W.M.S.

The regular monthly meeting of the W.M.S. was held in the church on Wednesday afternoon, March 4th. The convenors for this meeting were Mrs. Norman Reid and Mrs. Stotts. The devotional period was taken by Mrs. Reid followed by a prayer taken by Mrs. Wiggler. Reports of the last Presbyterial held in Danforth United Church on February 3 were given by Mrs. Reid, Miss M. Rodick, Mrs. English and Mrs. Walton. The topic was taken by Mrs. Stotts from the study book on China, her subject being "The Chinese Church Comes of Age". She gave a splendid paper on this subject. It was written in a very interesting and instructive manner. She stressed the part politics have played in this church. Their faith too was found too strong to be easily upset by the invaders. Very interesting facts were mentioned on the advance made in "Baby Welfare". A special prayer was then given by Mrs. W. Rodick who as second vice-president had taken charge of this meeting mentioning particularly the bereaved relatives of the late Mrs. R. L. Stiver our faithful president for 33 years; Mrs. Jas. Russell, our first vice-president, who took ill so suddenly and is now in the Western Hospital; for our pastor, Rev. Rumley who we are glad to learn is making some progress toward recovery; also one of our faithful workers, Mrs. C. Burr, who has been ill. Mrs. Wiggler has been appointed second vice-president and the other officers moved up to fill the vacancy. We little realize our loss until we try to carry on. A quilting was arranged by the work committee for Tuesday, March 17th, when all ladies of the community are very welcome. This will be at the church. Mrs. C. Boyington in convence of Sick and Visiting Committee and we ask co-operation of all to let her know of any illness among our members. The singing of the hymn, "Jesus Keep Me Near the Cross" brought our meeting to a close. Mrs. A. Newson and Mrs. N. Reid as Community Friendship workers will be pleased to hear of any newcomers in the community who would care to interest themselves in church work.

Tested Recipes

SUGAR ECONOMY
Less sugar to eat; less sugar with which to cook. What does this mean to Canadian women? Everyone will now have another opportunity to help the war effort, knowing that she is being trusted personally to ration her family's sugar supply. Most Canadian diets contain too much sugar. Homemakers will be assisting their families as well as their country when they use these recipes suggested by the Consumer Section, Marketing Service, Dominion Department of Agriculture.

Honey Cake
1/3 cup butter
1/2 cup honey
1/2 cup sugar
2 eggs
1/2 cup milk
1/2 teaspoon vanilla
2 cups cake flour
3 teaspoons baking powder
1/4 teaspoon salt
Sift the dry ingredients. Cream the butter, add sugar gradually, creaming it thoroughly with the fat. Add honey gradually and blend with butter and sugar.
Beat egg yolks and add to first mixture. Add vanilla to milk. Add sifted dry ingredients alternately with the milk, beating just enough to mix the ingredients. Fold in stiffly beaten egg whites. Pour into a tin eight inches square and bake in a moderate oven, about 350 F.

Gum Drop Cake
1 cup w. sugar
1/2 cup shortening
2 eggs
3/4 cup sweet milk
3/4 lb. light raisins
1 lb. gum drops, no black ones
2 cups flour
1 tsp. baking powder
1/2 tsp. salt
Cut gum drops into flour, add raisins. Mix together and bake 1 1/2 hours in a slow oven.

What To Do In Case of an Air Raid

The announcement that Richmond Hill is soon to have A.R.P. and a Civilian Defence Committee has inspired a reader to send us the following list of air raid instructions, which are not in any way official:

1. As soon as the bombs start falling, run like the devil. It doesn't matter where, so long as you run. If you are inside, run outside; if you are outside, run inside.
2. Take advantage of opportunities afforded when air raid sirens sound the attack warning, for example:
 - A. If in a bakery, grab a pie or cake.
 - B. If in a tavern, grab a bottle.
 - C. If in a movie, grab a girl (blonde).
3. If you find an unexploded bomb, always pick it up and shake it. The firing pin may be stuck.
4. If it does not work, put it in the furnace. The Fire Department will come later and take care of things.
5. If an incendiary bomb is found burning in a building, throw some gasoline on it — you can't put it out anyhow, so you might as well have some fun.
 - (a) If no gas is available, throw a bucket of water on it and lie down (you're dead).
 - (b) The properties of the bomb free the water with rapid combustion (in fact it will explode with a helluva crash).
6. Always get excited and holler bloomin' murder. It will add to the fun and confusion and scare the dickens out of the kids.
7. Drink heavily, eat onions and limburger, etc., before entering a crowded air raid shelter. This will make you popular with the crowd in your vicinity.
8. If you should be the victim of a direct bomb hit, don't go to pieces. Lie still and you won't be noticed.
9. Knock the air raid wardens down if they try telling you what to do. They always save the best seats for their friends.

While on patrol duty a member of the Home Guard came across a watchman asleep in his hut. The sirens had just previously sounded. Shaking the old man, he shouted: "Wake up; don't you know the siren's gone?"
Sleepily he murmured: "Well, I'm not surprised. The people round here'll take anything."
Liberal classified "ads" pay good dividends.
