News of the Week From King Township District

W.I. Group Held Successful Euchre at McDonald & Wells
Hall and Realized \$46 — Temperanceville W.I. Elects
Officers — Calvin Doan and Mark Neil
McCallum Funerals Held This Week

A group of ladies from King Women's Institute Branch held a Euchre in McDonald & Wells' Hall on April 8th and realized \$46 for their war effort, Overseas Soldiers' Boxes. The generosity of McDonald & Wells aided the cause extensively. Another such event will be open to all on April 22nd. Remember our boys overseas. They appreciate the comforts we send.

Temperanceville W.I. will sponsor a Euchre in the School on April 21, proceeds for their soldiers' boxes.

King City hockey team lost to Milton in the all Ontario Rural Championship last week at Ravina Rink, but not without putting up a strong stand against the well-trained Milton squad. It has been good sport and King Township supporters liked all of it.

Temperanceville W.I. Officers
Temperanceville W.I. re-elected officers at the April meeting. Hon. Presidents, Miss A. A. Ferguson and Mrs. Frank Wilkins; President, Mrs. Wilbert Jennings; 1st Vice-President, Mrs. Maurice Beynon; 2nd Vice-President, Mrs. Wesley Lloyd; Secretary-Treasurer, Mrs. Ed. Paxton; District Representative, Mrs. Wilkins; Directors, Miss Mae Harmon, Mrs. Geo. Thompson, Mrs. Nelson Thompson, Mrs. Chas. Henshaw, Mrs. W. Lloyd, Mrs. F. Wilkins.

Mrs. Wm. Allen gave a demonstration at this meeting of a child's coat and hat made over from an adult's coat, the only cost being \$1.00 for the fur trim. The yearly financial statements will be disclosed later in the month.

Late Calvin Doan

The death of Mr. Calvin Doan of Glenville in his 76th year occurred on April 9th. He is survived by three children Aubrey Doan of Glenville; Mrs. Bruce Gibson of Newmarket; Mrs. Douglas Woodrow of Toronto, and five grandchildren. Mr. Doan was a highly respected citizen and interested in public affairs for many years. Mrs. Doan's demise occurred in 1927.

Annual meetings of Women's Institute Branches are running along this month. It is well for convenors of standing committees of each district branch to check for the year's work and prepare the annual report for the district convenors. The annual district meeting in May, at Newmarket, will remind us of these reports and the appreciation of early attention to these matters.

Mrs. T. Edgar Plewman of Toronto was guest speaker at King United W.M.S. on April 9 when the Easter Thank-offering meeting was held at the church. Forty were present including visitors from local denominations. Mrs. Patton presided. With 25 years' experience, until 1937, in the mission fields of West China, Mrs. Plewman is very well acquainted with the Chinese women about Chengtu. Her subject dealt with the "Women of China".

On Sunday, May 3rd King United Church will hold its 71st anniversary at 11 a.m. and 7.30 p.m. followed by a supper the following day, Monday, May 4th. Further information later.

Eversley Missionary Society will meet at the home of Mrs. Gellatly on Wednesday, April 22nd.

Strange Presbyterian W.M.S. met last week for the annual Easter Festival of Worship at the home of Mrs. J. S. Lawson. Readings were given by Mrs. Usher and Mrs. S. Kerr. Mrs. McClure gave an Easter message which was in part—"Calvary is the starting point of all Christian experience. There is no Christian experience until we feel the need of Christ and Calvary. The more we draw on His resources the more they increase."

"Empire Youth Day" will be observed at King, Oak Ridges and Maple Anglican churches at 11 a.m., 3 p.m. and 7.30 p.m. respectively. It is hoped that the broadcast relating to the occasion will come into the service at St. John's as it did last year. The date is Sunday, April 19. The christening of Martin Henry Hobbs, baby son of Mr. and Mrs. Martin Hobbs of Kettleby was performed by Rev. Dr. H. Carmichael at Eversley Presbyterian Church on Sunday morning.

Laskay W.I. Euchre on April 10 awarded first prizes to Stephen Carr and Marion Phillips. April 24th is the date of the next Euchre. All proceeds of the season's euchres go toward W.I. and Red Cross work.

The McCallum sale at Laskay was well attended on Saturday last despite the spring snowstorm and prices were good.

Late Mark Neil McCallum

The funeral of the late Mark Neil McCallum of Strange, was held from St. Andrew's Presbyterian Church on Wednesday, April 15th. Deceased passed away at Toronto General Hospital on Monday morning after a long and trying illness. He was 68 years old, the son of the late Mr. and Mrs. Archibald McCallum. He remained unmarried and lived always on the home place, lot 10, con. 6, until his illness necessitated hospital care. From this esteemed pioneer family there have passed Elmer, Mrs. Laura Gillies, Mrs. Octavia McQuade, Margaret and Mark. Surviving are James and Melville, both of King.

Living under the very shadow of the stone Kirk, Mark was always a faithful member and never failed to greet the visitors who came to worship. The service was conducted by Rev. G. L. Atkinson, a recent former minister of this circuit. Interment was made in King Cemetery. Sympathy is expressed to the family.

Sow Mixed Grains For Heavy Yields

Experiments on many farms cited by John D. MacLeod, Ontario Department of Agriculture, Toronto.

Experiments on many Ontario farms have proven the value of sowing mixed grain, says John D. MacLeod, Crops, Seeds and Weeds Branch, Ontario Department of Agriculture, Toronto. Increased yields and better quality feed will result if recommended varieties are sowed in their proper proportions.

Mr. MacLeod recalled that over a six year period from 1933 to 1939, at the Ontario Agricultural College, Guelph, O.A.C. No. 21 Barley and Alaska Oats yielded 2,363 pounds per acre and a mixture of O.A.C. No. 21 Barley and Erban Oats produced 2,333 pounds per acre. Nobarb Barley and Erban Oats gave 2,630 pounds per acre.

The recommended rate of seed for these mixtures is approximately one-half the normal rate of seeding — Oats 1½ bushels (61 pounds) and 1 bushel Barley (48 pounds).

When Oats and Barley are grown together for a number of years, the Barley gradually increases at the expense of the Oats. This mixture cannot be cleaned properly with a fanning mill owing to the difference in size, length, width and weight of the Barley as compared to Oats. Each should be grown separately and mixed each year.

However, if the seed on hand is mixed, it should be sent to the nearest seed cleaning plant for separation, so that the proper mixtures as noted above, may be sowed. To get the greatest yields, the recommended rate of seeding should be followed. Haphazard mixing will not give the maximum feed that every farmer is striving for this year.

New Bulletin Discusses Control Of Cattle Lice

Can be obtained from Agricultural Representative or Ontario Department of Agriculture.

An Ontario Department of Agriculture bulletin, "Cattle Lice and How To Control Them," is just off the press and can be obtained by any Ontario farmer from the local Agricultural Representative or by writing the Statistics and Publications Branch, Ont. Dept. of Agriculture, Toronto. The bulletin was prepared by Lionel Stevenson, Provincial Zoologist, Ont. Veterinary College, Guelph.

Mr. Stevenson points out that the loss to farmers through cattle lice amounts to many thousands of dollars each year. He states that unless control measures are taken in herds affected with lice, there is considerable loss in thrift, milk and meat production.

One pair of adult lice, hardly noticeable on a big cow, will increase to twenty million in a four month period if left unchecked. Mr. Stevenson states. When lice are allowed to breed uncontrolled there may be more lice than hair on a cow.

Lice will live in a pen or a stall for about a week after it has been vacated by infested animals. The eggs left in these pens or stalls will continue to hatch up to 20 days after the cattle have left the premises. Pens should be thoroughly cleaned before being used again.
