### PLEADS GUILTY TO BREAKING INTO MISS ALCOMBRACK RESIDENCE

George Rosie pleaded guilty in Brampton Police Court Tuesday to theft of several articles of clothing and a quantity of canned goods from the home of Miss A. Alcombrack. To Sgt. S. A. Barraclough, Rosie made a frank confession of his break-in to the south Yonge Street residence on July 8th during the absence of the owner. He admitted entering the house and taking a quantity of clothing, a number of articles and some food, and returning for a second helping. He was in the house when Miss Clara Mason who noticing the door open entered the house and investigated. He was hid at the end of the piano when Miss Mason was looking around. When she left to notify the police the intruder made his get-away. Sgt. Barraclough investigated the report of Miss Mason and locked up the house. He was surprised on returning the next morning to find it broken into again. Rosie with visions of things left behind had returned for another load of supplies. He had hidden his first lot of stolen goods in the woods near Yonge Street Boulevard and when he returned with his second another thief had stolen his plunder and all he had for himself was his first load. When arrested he was wearing a pair of trousers stolen from Mr. M. Caldwell who has an apartment in the Miss Alcombrack residence. Rosie, the confessed horsebreaker, is a native of Bethune, Sask.

### RECORD CROWD EXPECTED FOR STREET DANCE

Richmond Hill Lions plan to welcome a record crowd at the annual Street Dance to be held here next Wednesday evening. Never before has there been so much interest and enthusiasm in evidence and it is anticipated that a record sum will be raised for the Lions' British Child War Victims' Fund and the other welfare and war work of the local service club.

The committee is awaiting a ruling from the Wartime Prices and Trade Board about the serving of tea and coffee, but if a favorable ruling is not obtained it is planned to serve hot chocolate milk.

Russ Creighton who will have charge of the music and vaudeville numbers promises a program which will be the best heard here, and the midway will be bigger and better than ever.

"Daisy" the patriotic cow is getting excited about the prospects of attending the dance. She will be there in person along with Daisy Jr. and promises to be a centre of interest. A boudoir is now being specially built for her and it will be located near the dance floor. There has been a big demand for tickets, which are still available and will be on sale right up to 11 p.m. on the night of the Street Dance.

Davies' Beauty Doll is giving "Daisy" a close run in raising dollars for the British Child War Victims. Mr. Davies, the donor of the Doll dressed up in crisp new one dollar bills is working hard on the project and now has a standing offer to throw a quarter in the pot for the War Victims every time a customer buys a dollars worth of tickets. The only stipulation is that this offer does not include Lions' Club members, but every time anyone, not a member of the Lions' Club buys a dollars worth of tickets, Mr. Davies adds a donation of 25 cents. What's more he hopes he'll have to pay up often. So come on folks, here's your chance to give a dollar to a worthy cause and see it immediately increase to \$1.25.

All draws in connection with the Street Dance have a stipulation that no prizes may be won by members of the Lions' Club or members of their immediate family.

### COUNCIL WAITS PRIORITY ORDER FOR WATER MAIN

Difficulty in Obtaining Material Holds Up Development of New Well

Richmond Hill council in regular session Monday evening instructed the village engineers to call for tenders for the construction of a pump house at the site of the new well. The pump house will be size ten by fourteen feet and will be of concrete and steel construction.

The council members are battling with the problem of securing material for pump installation at the well as it is necessary to get priority orders for most of the material and equipment. Members are hopeful the necessary orders will be forthcoming shortly which will enable the council to go ahead and utilize the new water supply. At Monday night's meeting Councillor Middleton was somewhat critical of the delay in getting the well in operation. He felt the council should be more aggressive in securing priority orders and expressed impatience at the delay. Tenders have been called for the digging and laying of the water main, but letting of the contract was held up until assurance is received that the material can be obtained.

### HEN THRIVES ON RIFLE SHELL DIET

When dressing a two-year-old Light Sussex hen last Friday Mr. James Craib of Vellore was surprised to find in the gizzard the empty shell of a .22 rifle. On further investigation he found twenty-four of them. The shells were pressed together and some were worn down almost to the end. Some of these shells may be seen at The Liberal Office. Mr. Craib assures us the hen was an outstanding layer, and possibly her powder diet was the explanation of the fact she never offered to set. The shell-eating hen dressed 6 lbs. which is a testimonial for this kind of feed. The owner says the hen seldom left the hen house and how she came upon the shells is a mystery. His one regret is that he hadn't been living in a gold mining district and then the shells might have been gold nuggets.

### Salvage Notes

Next collection date Monday, August 10.

Someone with more muscle than brains broke into the storeroom during the week-end and from the way the old tires and inner tubes were thrown about evidently hoped to find a tire or a tube that might be of use. However the tires and tubes were so badly wrecked that the intruders had their efforts without success.

### SAVE FATS

Two pounds of waste fat furnish enough glycerine to fire five anti-tank shells. That's why collecting grease from the kitchen puts it out of the frying pan into the firing line.

Ten pounds of fat make about 2 1/2 pounds of glycerine, and 860 pounds of glycerine make one ton of nitroglycerine. It takes about three pounds of nitroglycerine to make four pounds of dynamite.

### SHORT SESSION VAUGHAN COUNCIL

The shortest session on record of Vaughan Township council was held Tuesday afternoon with Reeve R. W. Scott presiding and all members present. Only routine business was transacted and council adjourned at an early hour to resume work in the harvest fields.

Mrs. Lizzie Boynton who is still bedfast, seems much the same. Mrs. Healey of Elgin Mills and Miss Denie of Toronto are nursing her.

Mrs. John Mortson is spending a few days with Mrs. Wilmot Brumwell.

Maybe suits with less pockets in them will prove popular. At least there will be fewer for the politicians to place their hands in.
