Richmond Hill Boy Around the World With R. A. F. Ferry Command

Leonard W. Harris, son of Mr. and Mrs. William Harris, Arnold Street, paid a flying visit to his home here last week. "Bucky" as he is popularly known in Richmond Hill has been for some time now with the Ferry Command of the Royal Air Force and his duties in this branch of the service have taken him to many distant spots and completely around the world.

The big bomber of which Mr. Harris is Flight Engineer is under the command of Capt. Zimmerman, an American flyer with extensive experience, and the crew includes J. H. W. Allen of London, England as navigator; H. Choutau, first officer, and J. H. Cook, radio officer. The big bomber landed in Montreal and a few days stop there enabled Mr. Harris to have a short visit in Richmond Hill. The plane is the Consolidated Liberator B24, one of America's largest and longest range bombers, and many of them have seen service in Europe with the RAF. The ship has four 1200 horse power twin row Wasp engines, a top speed of 330 miles per hour and a range of 3000 miles. It will carry

a load of 6000 pounds of bombs, and itself weighs 40,000 pounds. The wing span is 110 feet.

Painted on the sides of the ship is the inscription "Eight Ball" and the "African Shaganappe" together with a vivid painting of this queer animal whose heritage and identity has never been closely investigated.

Flight Engineer Harris wouldn't talk too much in detail about where they had been flying the big plane or where they are presently bound, but from autographs and by dates inscribed on the fuselage of the plane it was obvious the ship had been around the world at least once and probably several times. Among the names and addresses were some from Egypt, other points in Africa, England, Australia and Trinidad. Markings indicated that it was in Cairo, Egypt on Monday, South America on Tuesday, and in Florida and Washington, D.C. on Wednesday.

The old saying was "join the navy and see the world". The 1942 RAF Ferry Command brings the saying up to date, "join the Ferry Command and see the world — in a hurry".

Special Services Mark Presbyterian 125th Anniversary

Large crowds attended the special services marking the 125th anniversary of Richmond Hill Presbyterian Church held last Sunday and Monday. The services were impressive and inspiring and were attended by many former members of the congregation and a large number of visitors.

Sunday morning the special preacher was Rev. Dr. J. Stanley Glen of Glenview Church, Toronto, and a feature of the service was the music supplied by the Male Choir of Knox Presbyterian Church, Vaughan. The several numbers rendered by the choir were very much enjoyed and appreciated. In the evening the sermon was preached by the Minister Rev. S. W. Hirtle and in addition to an anthem by the choir a solo was rendered by Miss Emma Barker of Toronto.

Monday evening the members of the Women's Association served a hot chicken dinner to over 350 people, and after the dinner a service of praise was conducted by the Toronto Presbytery. The moderator, Rev. A. G. McPherson presided and he was assisted by Rev. J. A. Mustard, Moderator of the Synod of Toronto and Kingston and the sermon was preached by Dr. J. W. MacNamara, Clerk of the General Assembly. Greetings and congratulations were extended to the congregation by Rev. David Marshall of Whitby, a former minister, and Rev. W. F. Wrixon of St. Mary's Anglican Church, and Rev. C. B. Brethren of Richmond Hill United Church.

Letters were read from Rev. Robert Herbison, minister of the church 1914-18 now living in Vancouver and from Rev. C. A. Mullen, minister in 1928 and 1929.

WATER SUPPLY DEVELOPMENT HELD UP FOR MATERIAL

Development of Richmond Hill's new water supply has been held up awaiting priority orders for the necessary equipment. If the pump is to be secured a higher priority rating than the one secured at first will be necessary. The water main has now been laid and work will start soon on the pumphouse building. If the pumping equipment could be secured the new supply would soon be in use but due to the demand for such material in war work it is possible the work will have to be postponed until next spring.

NORTH YORK MEMBER HAS AUDIENCE WITH THE KING

A cable from overseas Wednesday advised that Hon. W. P. Mulock, Canada's Postmaster General had an audience with His Majesty King George VI.

Salvation Army Home Front Appeal

Reeve T. H. Trench has accepted the chairmanship of a local committee to conduct a campaign for the Salvation Army Red Shield Home Front Fund. The Army of Mercy which carries on a fine work among the less fortunate ones in every community is worthy of support and the local committee look for a generous response to the appeal. The work of the Salvation Army in connection with the Boys in the Armed Forces is supported by the government grants, the same as other War Services, but this appeal is for work on the Home Front. It will be the only public appeal for support for this work until the end of 1943.

A group of local volunteer canvassers will call on Richmond Hill people next week. If you are going to be away you may give your donation now to the Chairman, who also will gladly give any desired information regarding the campaign.

Mr. John Williamson is spending a few days with friends here.

Keep October 9th an open date for a card party to be held in the hall under the auspices of the War Work Unit to raise money to send Christmas boxes to the boys.

ELGIN MILLS

Dime Club Make Splendid Contribution To War Work

The Dime Club of Elgin Mills has been making a splendid contribution to the work of the Red Shield Women's Association during the past year. They have already made and sent in no less than 100 quilts material for which has been donated. These quilts will both brighten and warm many a home in the bomb-shattered districts of England.

In addition to the quilts they have made 12 ditty bags, 25 pair of socks, 2 sweaters, 1 scarf, 4 pair boys' pants, 2 pair baby mitts and 15 baby jackets.

When you consider that there are only six members of this dime club doing this work we think that their record will be hard to beat. Their work is much appreciated by the branch of the R.S.W.A. to which they belong and also by the Headquarters who receive and forward the goods.
