Mr. and Mrs. Walter Gellatly of King and Miss Jessie at home.

At Schomberg Fair on Saturday was Angus West, editor of the former Express-Herald, and looking very fit in the King's uniform. He spent the week-end at Newmarket.

Would you like a recipe for a palatable cup of "coffee"? One teaspoon of coffee, two teaspoons coffee sub and one teaspoon of instant postum and dash of salt; add cream. It prolongs the coffee ration and assuages the age old coffee thirst. By the way this is not an advertisement, just a means to an end, and makes two good cups or more of the beverage.

Mr. Bob Norris, R.C.A.F., visited his parents at King, Mr. and Mrs. J. P. Norris.

Friends in Presbyterian circles of both West and East King regret to know of the sudden death of George Riddell of Westminster Township, husband of Gwendoline Bond, formerly of Aurora. As Mrs. Bond, she was a former vice-president of Presbyterian W.M.S. Section 4 and had visited local societies in the circuit.

One of the township's most esteemed residents passed away on Monday, September 21st at her residence at Kinghorn, Mrs. John Burns, in her 86th year. The public funeral service was held from St. Andrew's Presbyterian Church, Strange on September 24th. The Rev. C. H. Bowman of Maple officiated, assisted by Mr. Roy Boak of Toronto. Interment was made in King Cemetery.

Deceased, as Elizabeth McMurchy, was the daughter of one of the pioneer residents of fifth concession line, Archibald McMurchy. She was one of twelve children and only one remains, her sister Miss Kate McMurchy of Kinghorn. Mrs. Burns was a member of Strange Presbyterian Church for almost 60 years. She was a woman of strong character, a beloved friend and neighbor, and always a good companion wherever she was found. Her interest was found in her home, in church work and her neighborhood. Having lived here all her life she witnessed the passing of time with its veritable changes on the locality.

Mrs. Burns attended S.S. No. 23 school and at the time of the Reunion in 1937 was one of the oldest ex-pupils including Johnny Dutcher, James E. Burns, and Miss Selina Robinson of Maple, and James L. Johnston of Ottawa (deceased). Mrs. Burns was a pupil of Miss E. Tinline when the latter, at an early age took the overflow into the log building from the big school. That is a long time ago, indeed.

Surviving are three sons, Ralph of Codetta, Saskatchewan; James E. of Beeton and Wilbert at home; one daughter, Mrs. Jean Winger of Saskatchewan; five grandchildren and one sister, Kate McMurchy. Sympathy goes out to the family.

Whatever else the over night manoeuvres did for the Queen's York Rangers on Saturday and Sunday, they received a proper drenching from heavy rains. We understand the performance centred in Whitechurch Twp. about Aurora, the headquarters of "C" Company. Local municipalities are well represented in "C" Company. The Recruiting Depot at Schomberg Fair brought in some "signers".

Temperanceville United anniversary was well attended on Sunday last.

Laskay United W.M.S. Anniversary on October 4th at 2.30 p.m. and 7.30 p.m. Rev. Dr. Thos. Mitchell of Markham; Junior Farmers' choir in afternoon. Laskay choir in evening. St. Mary's Magdalene, Schomberg, October 4th, 11 a.m. and 7 p.m. Rev. H. G. Blake of Bradford at 11 a.m. Rev. F. V. Abbott, rector, in the evening.

**Explains Farmers' Position on Beef**

"The farmer has done as good a war job as any producer in Canada since the war started, and has had less financial consideration than any other," stated Hon. J. G. Gardiner, Dominion Minister of Agriculture recently, with reference to the public discussions on beef which is doing injury to Canada's war effort.

"What are the facts? Instead of there being a general shortage of beef in Canada, the commercial marketings of cattle prove that they have been gradually increased during the war years," continued Mr. Gardiner. "In 1939, the marketings were 1,026,000 head; in 1940, 1,013,000 head; and in 1941, 1,690,000. There had been no long-time or widespread shortage of beef in 1942, and the exports to the United States had been less in 1940 and 1941 than in 1939. Neither had the American quota been filled, as had been suggested. It would require another 20,000 head to be shipped to the United States before the third quota for 1942 could be filled. There was, however, a spring shortage in certain restricted city areas and there is a shortage at present in the same restricted areas, which may continue for some time.

"The emphasis being placed on this limited shortage is not fair to farmers, nor is it helpful in meeting the necessity of Britain for increased pork supplies.

"What the farmer is doing is consistent with the best interests of the nation's war effort and is according to a pre-arranged plan, deliberately advocated to prevent a repetition in the spring of 1943 of the experiences of the spring of 1942. The farmer is holding and buying cattle to supply a higher market demand in the spring of 1943, because he has an abundance of feed. By following this plan, there will be less beef for the time being and more in the spring of 1943.

"The fact is that, if more beef is required in Canada any time in the next two years, it can be secured only by feeding cattle until they are six months or a year older. If that is done, two or three hundred pounds can be added to every two-year old animal, and people must be prepared to eat a little less beef during the six months' period of adjustment."

Johnny heard in class one morning an explanation of the dogmas of Communism, Fascism and Nazism, and seemed interested. "Now, Johnny," said the teacher, when his exposition had ended, "what would you do with these isms?"

"I'd make them into wasms," was his prompt and wise reply.
