**L.O.B.A. Active In War Work**

During 1942, besides their usual benevolent work, the officers and members of Empire Lodge No. 894 L.O.B.A. did a considerable amount of war work. Thirty-two boxes were sent to the members or their sons, of Victoria L.O.L., also husbands, sons and brothers of members of Empire L.O.B.A. who are serving in the armed forces abroad or in Canada. Socks were also to be had for the asking by any member who was sending a parcel to members of their family. Regular monthly donations were made to the Overseas Tobacco League and the Past Mistresses Association in Toronto which also gives out knitted comforts to those needing them. A ditty bag was filled at Christmas time for the Navy League and a collection taken for the B.W.V. Children's Xmas Fund. A donation of \$5.00 was sent to the Chinese Relief and a large box of comforts for Bomb Victims as well as three quilts being forwarded to the British Isles.

Previous to 1942 most of the war work done by Empire Lodge had been for H.M. Trawler Teroma to which were forwarded several boxes of knitted articles and other comforts such as razor blades, soap, etc. Donations were also made to the 4 mobile canteens and 1 ambulance donated by the various branches of the Orange order; to the appeal for blankets in 1941, to the Orange War Relief Fund and the regular donations to the wool fund of the P.M. Association.

The Euchre committees in the two Lodges have raised in the past 3 years over \$100.00 for the B.W.V. Fund and the use of the lodge room and dishes has been given several local organizations for functions to raise money for war work.

An old-fashioned home is the one which hasn't a card table in it.

Women dress to please men, says a writer. Is that why they wear so few clothes?

**HOBBIES**

**INTERESTING THINGS THAT PEOPLE IN OUR DISTRICT ARE DOING**

Miss Clara Mason of Richmond Hill is one of those fortunate young women who possess several absorbing interests, but perhaps her most unusual hobby is collecting Indian relics.

Miss Mason's parents came from Norfolk county and she often returns there to visit. This particular section of Ontario, bordering on Lake Erie, was once a favourite camping ground for numerous Indian tribes, and especially the Iroquois. Miss Mason had always known that remnants of Indian civilization were to be found in the district and after she had picked up one or two during her rambles, she decided to make a more systematic search. Since then she has covered many miles on foot and has been well rewarded for her efforts.

As the soil is light and sandy a shifting wind sometimes surprisingly uncovers objects which have been buried for years. Frost also is an unexpected aid for it forces things up through the sand.

During her explorations she has come across pipes, axes and spearheads in a gravel pit; the remains of a tribal fire—charcoal and animal bones—three feet below the ground, and several piles of flint where arrow makers may have been at work. Flint could not be obtained in that locality and it is known that the Indians carried it all the way from Lake Superior. Each tribe had its own peculiar pattern in arrow heads and its own arrow maker—a craft which was handed down from father to son. Miss Mason explained that a complete arrow consisted of a carefully made flint head inserted into the end of a split basswood stick and bound tightly in place with a wet deer thong or tendon. It was then rendered more deadly by dipping it into a poisonous concoction of weeds and roots.

Besides a number of unidentified pieces, and many fragments of pottery containing interesting designs, Miss Mason has now seventy almost perfect specimens which include arrow heads for both hunting and fishing, skinning knives, pipes, axes and spearheads, and an interesting soapstone charm. This has a hole near the top, and it is believed that it was worn by a medicine man to ward off "evil spirits".

She has promised her collection to the Royal Ontario Museum in Toronto but is hoping to add a few more pieces before turning it over.

A member of the York County Council, now in session, suggests that a bomb might effectively terminate the existence of this body. This method would be rather drastic—but it is pretty generally conceded that this country is over-governed. County Council might well pass out of the scene along with the Senate—and some would say with the provincial legislatures as well.—Markham Sun.

**SUGGEST SALARIES FOR COUNCILLORS**

A by-law committee of Aurora Town Council this week recommended that council members be remunerated for municipal services so that "a little more interest could be invested in the administration of town affairs."

The recommendation was proposed by Councillors A. N. Fisher, Dr. G. A. C. Gunton and F. A. Rowland, who urged that such provisions included in the Ontario Municipal Act be given unanimous consideration.

It's possible to make over many things, but the hardest job is to make over a man.

ORANGES, Florida Juice, medium size, on sale at MORLEY'S, Richmond Hill's modern self serve grocery this week-end at 21c. per dozen. Also a plenteous supply of all fresh fruits and vegetables. Morley's, phone 40, Richmond Hill.

**Monday, Feb. 8**

1 P.M.  
for the transaction of General Business

Dated at Maple this 28th day of January, 1943.

**Letters From Boys On Active Service**

December 20th, 1942,  
R.C.A.F. Overseas.

The Richmond Hill Red Cross, Richmond Hill, Ont.

Dear Members:—  
Today I received a Christmas parcel from you for which I wish to express my thanks.

I wish you could all realize what these parcels mean to the lads over here. There are quite a few Canadians in the section in which I work. They have not been looking forward to Christmas over here, being so far away from home.

One lad whose other parcels had not arrived yet, received one from his local Red Cross. His spoken reaction was—"Oh boy! Maybe Christmas isn't going to be so bad after all".

We should all like to be home, particularly at this holiday season, but they are making things as nice as possible with a turkey dinner and all the trimmings.

Thanking you once again for your very acceptable and well selected parcel, I am,

Respectfully yours,  
M. T. Beam, Sgt.

Somewhere in England,  
November 20th, 1942.

Richmond Hill Red Cross.  
Dear Members:—

Just a few days ago I received your most welcome parcel. You will never know how much it is appreciated, as it is impossible to obtain the luxuries you sent me. The boys are saving their parcels and we intend to have a real treat on Christmas. It is wonderful to see the expression of delight on the boys' faces when they receive parcels such as you sent me. I am enjoying being over here apart from the weather and hope to be back in Canada, but not before we have completed our task. I and the boys shall think of the wonderful work of your organization as we share our Christmas Box on December 25th. Again thanking you for your kindness and wishing you continued success, I remain,  
Yours respectfully,  
Harry E. Barrow.

B3630, Sgt. Barrow,  
69 Tank Transporter Coy.,  
R.C.A.S.C., Can. Army Overseas.

No. 15 Can. Base Dental Coy.,  
Canadian Army Overseas.  
December 12th, 1942.

Anglican Soldiers' Aid,  
St. Mary's Church,  
Richmond Hill.

I was very pleased to receive today, your most welcome Christmas box from St. Mary's Church. Everything in the parcel arrived in good condition which speaks well for those who packed it, because the outer wrapping showed signs of a rough passage. There isn't an item in the long list that isn't very useful and appreciated by every soldier here, as most of them are unobtainable altogether and a few very difficult to obtain. I appreciate particularly your thoughtfulness in remembering me at this season of the year when everyone naturally is thinking of home.

My sincere thanks to the Soldiers' Aid, especially those more active in the necessary work involved in preparing and sending this complete and generous Christmas parcel.

Sincerely yours,  
Herbert Mason.

C/o F.M.O., Halifax,  
Wednesday, Dec. 23,  
At Sea.

Dear Miss Scrivener:

Will you kindly express to the Anglican Soldiers Aid of St. Mary's Church, Richmond Hill, my great appreciation of the very nice Xmas parcel which arrived on board shortly before we put to sea. That was some time ago. Since then I've been tempted on different occasions to sample some of the very nice contents but, for the most part, have refrained. However Christmas is all but here—just one more shipping day and we're in mid ocean.

Any way, will you assure your group that their parcel is appreciated and that the contents will be enjoyed to the utmost.

And may I take this opportunity to wish you all a most pleasant year in 1943.

Sincerely yours,  
Fred Slater.

**Notice to Householders**

Having been confronted with difficulties of labour shortage and coal shortage, we find it impossible to meet the existing circumstances without some co-operation on behalf of the householders to whom coal is delivered. We are therefore asking all customers to clear the paths between the street and their cellars, otherwise not to expect the coal to be delivered until conditions are altered.
