Now, he's well again and doing a war job.

"MY HUSBAND'S had a nervous breakdown —
just worry. He left his job in the shipyard to go
into logging. But his health suffered and the doctor
says he's got to take a complete rest. But we haven't
any ready money. How can he rest?"

The bank manager listened to her troubles
sympathetically. He knew the husband, knew the
wife—both sound citizens. The bank advanced the
money on personal security . . . on the good char-
acter of two honest, hard-working people.

In a few weeks, Fred was well again and work-
ing in the shipyard. The loan was paid back in
full. Because of bank accommodation he is now
getting financially on his feet again—and aiding
Canada's war effort.

This true story—only the name is changed—
illustrates how Canada's Chartered Banks, day in
and day out, serve the human as well as the finan-
cial needs of Canadians.

By banking during morning hours you can help the war effort,
facilitate your own business, and lighten the wartime burden
on the men and women in your branch bank. More than one-
third of our experienced men have gone to war.

The CHARTERED BANKS OF CANADA

CANADA NEEDS 40 MILLION POUNDS OF FATS FOR EXPLOSIVES

Here is a day-to-day War Job for You!

There is a serious shortage of Fats and Bones in Canada and the only way in
which this shortage can be overcome is by the day-to-day saving of every spoon-
ful of dripping, every piece of scrap fat and every bone, cooked, uncooked or dry.
Fats make glycerine and glycerine makes high explosives—explosives to bomb
the Axis partners—Adolph, Benito, Tojo, sink their U-boats, destroy their tanks.
Bones produce fat. Also glue for war industry.

HERE IS WHAT YOU DO

Save every kind of waste dripping. All may be mixed together. Strain
through an ordinary metal strainer into a clean wide-mouthed can. Do not use a
glass or paper container. Keep in a refrigerator or a cool place until you have
collected a pound or more. Save all pieces of left-over scrap fat from your meats
(cooked or uncooked). Keep separate from your drippings. Keep scrap fats and
bones in a cool place.

HERE IS HOW TO DISPOSE OF FATS AND BONES

The Meat Dealers of Canada as a patriotic effort, are co-operating with the Government in this
all-important war work by contributing their collection facilities. Now you can dispose of your Fats
and Bones in any one of the following ways:

- 1 YOUR MEAT DEALERS** will pay you the established price per pound for your fat dripping and your scrap fat. You can keep this money for yourself or—
- 2 YOU CAN TURN THE PROCEEDS** over to your local Voluntary Salvage Committee and/or to a registered local War Charity.
- 3 YOU CAN DONATE** your Fats and Bones to your local Voluntary Salvage Committee in any place where they collect them, or—
- 4 YOU CAN CONTINUE** to place out your fats and bones for collection by your Street Cleaning Department where such a system is in existence.

Every spoonful of dripping, every piece of fat and every bone, cooked, un-
cooked, or dry, must be saved. It's a day-to-day job. Your contribution may
seem small and unimportant, but even one ounce of fat dripping per person
per week will give us 36,000,000 pounds of Fat each year for glycerine.

Hotels, Restaurants—Your support urgently needed!
