Victory Loan Quiz Contest

Twenty-eight scholars represented King Township schools in the Township quiz contest held in King at McDonald & Wells' Hall on Friday night, May 7th. The hall was fairly well filled with interested teachers, children and parents.

Mr. Bertram Wilson acted as master of ceremonies conducting the contest, assisted by Mr. W. P. Kelley

and three judges, Mrs. A. Hill of Nobleton, Mrs. G. Shoults of Schomberg and Mrs. Walter Rolling of King.

The awards of War Savings Stamps presented to the winners by Mr. F. C. Cantilon of Schomberg went to: Class A, John Pringle, S.S. 19, Nobleton; Class B, Elsie Gallagher, S.S. 13, Pottageville; Class C, Nancy Howard, aged 7, S.S. 14, Schomberg.

An interesting feature of the evening was the "spelling down" as it were of three boys in Class A—Roy Cowan, aged 13, Oak Ridges school; John Pringle, aged 12, Nobleton; Jim McDonald, aged 13, King; who stood their ground for 20 minutes as questions relating to Victory Loan, the war and civics were hurled at them.

The County contest at Aurora on May 12th will test out King Township winners.

THE Richmond Hill Tattler

A column of chat with an occasional item of "the news behind the news" written especially for The Liberal.

Tunisia, of course, is the biggest and the best news we have had in many days, and for news interest, the sidelights follow closely the story of the great triumph itself. There is Berlin admitting that the Axis defeat puts Italy in a highly perilous position from the standpoint of invasion.

Such is the world picture, and with it goes a picture of equal significance, that of successes on another front—the new triumphs of Russia in arms. It all "adds up" to giving us the right to be jubilant and to listen and speculate on the immediate future—whether an invasion of Europe is now just in the offing, whether the Allies will attack from North, South, East and West or where there will be a concentrated "smash" at one or two points.

It was recently disclosed that when the battle in Egypt was one of nip and tuck, and when our El Alemein line was daily threatened, when the prospect was before us of losing Cairo and, indeed, all of Egypt, Montgomery said to the Allied leaders in effect:—"We can throw them back, clear them right out if we are given just the slightest margin of superiority in equipment. It's all nonsense to say the enemy can stand up to desert warfare better than our forces. We have better men, far better fighters. All we need is a break on equipment and supplies."

What the magnificent old Eighth British army in combination with the First British army, the French and Eisenhower's United States forces did in Tunisia, can and must be duplicated in battles that may be known as the siege of Paris, the occupation of Rome, the storming of Berlin.

It seems to me that asking for that break is just another way of asking folks hereabouts to put the Fourth Victory loan over the top. We can't and we don't need to buy the courage and stamina of Montgomery's desert fighters. We have these qualities aplenty, but the men possessing them can't with their bare hands pulverise the Hun. They need the materials of war, just enough of them to give them a slight margin of superiority over or even parity with the enemy, but not inferiority.

Famous words of famous men: "Yes, I bought some loan, but come to think of it, I guess I had better cut down a little more on some other things and double my buy."

Famous words of famous women: "Nellie, I surprised myself. I never thought I could wear it again, but the alterations I made with my own two lily white hands, make it look like something new. Now I'll buy two bonds."

Famous words of the oldest inhabitant: "This here feller, Hitler, maybe aint never heard of Richmond Hill. But he'll hear about it afore long. Mark me, he'll hear about it."

About this matter of

Victory BONDS!

We're Not Doing Our Share

The sale of Victory Bonds in this community since the opening of the Fourth Victory Loan has not been encouraging.

We are not buying the new Victory Bonds in anything like the way we should be buying them.

A quota was set up for this community — and from present indications we will not meet that quota.

The quota is a modest one too,—an amount that should be easy to meet—a quota that can be met without inconvenience to anyone if each one does what he should do.

As a matter of fact, there should be no quotas in connection with the sale of Victory Bonds, the war is a matter of life and death. We haven't won the war yet. If we give the matter proper thought each of us will buy Victory Bonds with all our available cash — and as much more — on the instalment plan — as we can pay for in the next six months. And we will scrimp and save to do this.
