Nursery School Opens in Richmond Hill July 12th

After several weeks of planning and intensive work, a group of local mothers have completed arrangements to establish a Nursery School in Richmond Hill. The Nursery School will open Monday, July 12th.

Residents of Richmond Hill have long felt the need of a supervised Nursery School. The present plan embraces two age groups, one for babies from two years to four years, and the other, the kindergarten group, aged five and six years. An experienced teacher has been obtained to supervise the classes and play periods of the kindergarten group. Mrs. C. A. Howse, a qualified teacher, has been chosen as the Supervisor. She has had considerable experience in Newfoundland schools in this type of teaching, and is enthusiastically endorsed by all the local mothers interested in this community project.

Besides this, the Committee reports, each morning two local mothers have volunteered to be in attendance to look after the babies left in the care of the Nursery School. Plans have been laid for project work of educational value, storytelling, exercises, music and marches, etc. A mid-morning rest period will be observed during which the children will be given a nourishing drink.

The idea of a Nursery School was first given consideration some weeks ago, and after several meetings of local mothers, a committee was appointed to put the plan into effect. A schedule of hours was agreed upon, and it was finally decided to keep the Nursery open, daily, five days a week, from 9.00 a.m. until 12.00 noon. A moderate monthly fee, within the normal budget, will be necessary to make this a success.

At the present time, a group of

twenty mothers is supporting this Community effort, and they are anxious to hear from any mother in the village not previously contacted, who would be interested in the Nursery School.

The Committee feels that much credit is due to Mrs. Frank Dunlop in offering her home and grounds as a site for the Nursery School. Without this generous offer, the committee states, the plan could not have gone ahead.

The Committee, headed by Mrs. Duncan Gillard, is comprised of the following mothers: Mrs. C. A. Howse, Mrs. Robert Mansbridge, Mrs. Mort. Beam, Mrs. J. Koning and Mrs. Ned Hill. Any member of the above mentioned Committee will welcome hearing from interested mothers.

This community endeavour is being established to accommodate all the mothers in the village and the costs have been kept at a minimum. It is the intention of the committee to adhere to a low-cost programme, within the reach of all.

"The Liberal" wishes to express its congratulations on the efforts of the parents in this community, in sponsoring and inaugurating such a worthwhile and much needed community service.

AUCTION AT KING CITY STREET DANCE

Two pigs six weeks old and two male collie pups 6 weeks old have been donated to the King Street Dance committee and will be auctioned off by President C. E. Walkington at the big dance next Wednesday, July 14th. Any other persons having stock or articles to donate to this worthy cause are invited to do so. A record crowd is expected at the dance of which the auction sale will be one feature. In addition there will be bingo and other games as well as the big dance program in charge of Billy Hole.

Village of Richmond Hill Garbage Collection

The Municipal Council of Richmond Hill has made tentative arrangements for a garbage collection service in the village for the summer months. The cost of this service is to be born by the householders, availing themselves of the collection service.

The collection will be made every Wednesday. The total weekly cost is estimated at \$16.00. This cost will be divided among the householders who sign up. Say if 64 householders use the service the cost to each would be 25c. weekly. The account for garbage collection will be sent out to the householders at the conclusion of the season.

IF YOU DESIRE TO USE THE PROPOSED GARBAGE COLLECTION SERVICE, you must communicate by person, letter or telephone, with the Village Clerk, on or before Monday, July 12th. This is important.

For a long time there has been a demand for a satisfactory garbage collection service, and now that tentative arrangements have been made the council hopes all interested will co-operate by promptly communicating with the clerk's office.

PTE. CHARLES HILL

Son of Mr. and Mrs. John Hill, Richvale, who gave his life for his country in the Dieppe raid. Charlie who was with the Royal Regiment at Dieppe was first reported "missing" and later "killed in action". Word received this week by the family advised that Pte. Hill was buried in Des Vertus Cemetery, Hautot-Sur-Mer, France. The late "Chuck" Hill was well known throughout this district and was for several years a popular member of the Richmond Hill Trumpet Band. At the age of 16 he joined the Royal Regiment and when war was declared immediately joined the active service forces. In June 1940 he went to Iceland with his regiment and in November of that year went to England.

TO HOLD COMMUNITY AUCTION AT MAPLE JULY 31ST

A community auction sale will be held at Maple Park Saturday afternoon, July 31st. Anyone having livestock, implements, furniture or articles of any kind to sell are invited to bring them in to this auction. Already a long list of items are entered in the sale which promises to be a very popular event. If you have something to sell get in touch with Auctioneer J. C. Saigeon as soon as possible, and not later than July 17th.

INJURED WHEN LOAD OF HAY UPSET

George Barker of Headford sustained painful injuries when the load of hay on which he was standing upset on the barn bridge at the farm of Wesley Clark. Mr. Barker received chest and leg injuries but we are pleased to report he is out and about again and progressing favorably.

MAPLE

Mr. and Mrs. C. J. Robeson of Gananook visited over the week-end with Mr. and Mrs. J. Manning and called on several of their many friends.

Mr. and Mrs. J. Manning are spending a few days this week with their son George at Aurora.

L.A.C. Herb Constable, R.C.A.F., who is training at Dunnville is home for two weeks furlough with his parents.

Mr. John M. Hart of Cannington has been engaged as principal of Maple Public School beginning in the Fall term.

Mrs. Chas. Ball and Miss Marion Watson spent July 1st holiday with Mr. and Mrs. Morley Kinnee at their summer cottage at Keswick on Lake Simcoe.

Rfn. A. G. Ingram, Brockville Rifles, returned to Port Alberni, B.C. on Sunday evening after a two weeks furlough at his home.

Mrs. Carl Black and Carol spent a few days last week with Mr. and Mrs. W. Ingram.

DIED

NEWTON, Dr. J. Earl—Suddenly on Tuesday, July 6th at his late residence, Highland Park, New Brunswick, New Jersey, J. Earl Newton, formerly of Richmond Hill, in his 57th year, dearly beloved husband of Georgia E. Boyle, and dear father of John, Norman, Anson, Eric and Emma Newton.

Following funeral service in New Brunswick on Friday and the arrival of body in Richmond Hill Saturday morning, burial service will be conducted in Richmond Hill cemetery at or about mid-morning. Friends please accept this intimation.

LYNETT, Gertrude—Suddenly, on Monday, July 5th, at Calgary, Alberta, Gertrude, daughter of the late David and Annie Lealless Lynett, Richmond Hill, and dear sister of Mrs. J. Gibbons, Calgary; Leo Lynett, Rochester, N.Y., and Frank D. Lynett, Toronto.
Interment in Calgary, Alberta.

HEELS—At the Sick Children's Hospital, Thursday, July 8, 1943, Helen Isabel, infant daughter of Mr. and Mrs. Lorne C. Heels.

Garbage Collection Service Organized For Richmond Hill

Users Will Pay For Service—Sewers, Pavements and Community Hall Suggested as Postwar Projects

At the regular meeting of Richmond Hill village council Monday night the members agreed to accept the tender of John Sheardown for the weekly collection of garbage during the summer months. The cost which will be \$16.00 weekly will be divided among the householders who use the collection service, the users being billed by the village clerk at the end of the season. For several years there has been a demand for a municipal garbage collection service, and the council members feel that now they have been successful in making satisfactory arrangements. The disposal of the garbage which has been a contentious problem has been solved by an arrangement for its disposal at the North York Twp. disposal plant. The members of council felt the most fair method of paying for the service was for those who used it to pay for it. It was pointed out that while garbage disposal was a problem for many people, many others had private arrangements for its disposal. The Reeve and members of council expressed the hope that as many as possible would avail themselves of the service in the interests of public health as it was pointed out that garbage dumps were an attraction to disease carrying flies and insects. "We should have a cleaner and healthier village with a garbage collection system," said the Reeve. All who wish to use the garbage collection are asked to communicate with the clerk at once.

In a lengthy consideration of the request of the County and Provincial governments for local post-war projects the council listed sewers, paved streets, and a community hall as public works which might be undertaken after the war. The government has asked all municipalities to make a survey of local conditions with the view to mapping out a public works program in the municipalities which would be subsidized by provincial and federal assistance.

Tax collections were reported as good by the treasurer, who submitted a list of properties in the village liable for sale for arrears of taxes. A tax sale will be held this year but the number of properties liable will likely be very few.

Council adopted the policy of advertising all houses and lots now held in the name of the municipality. In this issue two houses and a number of lots are listed, and tenders on the same are invited.

Permission was granted to the L.T.B. & O. Home to hold a Tag Day in September. \$4. was voted to the Greek War Relief Fund which brought the local contribution up to \$220.

Three Candidates Will Contest The Riding of N. York

Three candidates will contest the riding of North York in the coming provincial election according to present indications throughout the constituency. Morgan Baker, M.P.P., who has represented the riding in the Legislature since 1934 will again be a candidate and is assured of the unanimous nomination at the Liberal convention which will be held in Newmarket next Tuesday evening. G. Mitchell of North York Township has already been named as the C.C.F. standard bearer and the Conservatives of North York will name a candidate this week. Most prominently mentioned as the Conservative candidate is Major A. McKenzie of Woodbridge, an unsuccessful contestant in the last election.

Hon. Farquhar Oliver, Ontario Minister of Public Works, Hon. W. P. Mulock, federal member for the riding of North York and Morgan Baker will be speakers at the Liberal convention in Newmarket next Tuesday evening.

Times change. The only motion used to be in dancing. Now it is in walking.

VICTORIA SQUARE NEWSY NOTES

What a happy week-end we have had. Our Sunday services were a great success, where the bonds of spiritual friendship were embedded very deeply in the hearts of those present. Dr. Johnson in his very illustrative manner brought two very appropriate messages for such an occasion, closing with the thought that we must not look behind for good times, nor ahead, but now is the time for good times for one and all, which seemed to be excellent advice to a newly formed circuit. The music of the day was also very uplifting with Miss Georgina Padget at the organ and Mr. English at the piano. Mr. Bruce of Borwn's Corners sang that grand old number, "The Holy City" in the morning while Mrs. Stephenson of Brown's Corners sang a most fitting number, "Building for Eternity" in the evening. Brown's Corners choir also sang a number at each service. The Headford and Victoria Square choir members filled in the rest of the choir loft making a splendid lead in the hymns which were sung by a well filled church both morning and evening. We are all very grateful to Mr. and Mrs. English for their untiring efforts in the music world.

On Monday evening we again had a splendid meeting when a number of the ladies from the surrounding community gathered with a few of their husbands, brothers, etc. (men were scarce) to hear that very popular speaker, Miss Ethel Chapman, give her address on Federated Agriculture. Miss Chapman gave one excellent illustration of what Federated Agriculture would mean to us if we would only adopt its ideas. This actually happened in some counties where Federated Agriculture is in progress. "A young man wishing to start in the trucking business went to headquarters and borrowed the money to buy a truck which he was to pay back in easy monthly terms. After a payment or two he was taken ill and sent to the 'San' for some time. The Federated Agriculture authorities secured a man to drive the truck and accounts were kept, some spending money sent to the patient and his truck was paid for when he came home." The Federated Agriculture also advocates free individual doctoring with equal tax according to financial means. Mrs. Miller of Melville sang three lovely solos. Mrs. A. Frisby gave three very splendid readings while Misses Joy and Margaret Mortson and Coral Perkins gave a very interesting instrumental trio on the piano with Misses Joy and Margaret giving a duet as an encore.

Miss Bertie Foster is home again from the hospital. Also Mrs. C. Nichols and her little son. We hope they all continue to improve in health.

Last Wednesday Mrs. Lacague and her group tried to put on a special program for the younger ladies of our church but our young ladies failed to put in their appearance with the exception of four girls. Has anyone a solution for interesting the younger folk in the weekly church meetings? However, those present had a good time. Of course there was plenty of lunch. There were 11 boxes of lunch and only 18 to eat it all so look at the "eats" you missed girls. Also a good program consisting of the following: Mrs. Rumney gave a reading, Miss Margaret Mortson presided at the piano, Misses

Helen Boynton and Joy Mortson gave readings. There were three little contests, a brief report of the W.A. convention—a very pleasant evening. All that was lacking was a few more people.

Miss (Dr.) Charlie Collard and little daughter are spending a few days with Mr. and Mrs. Herman Mortson.

Miss Clendenning of Buttonville, Mr. and Mrs. Weldrick had Sunday dinner with Mr. and Mrs. R. Boynton.

Mr. and Mrs. Stong, Miss Connie Mortson and her friend had Sunday dinner with Mr. and Mrs. Herman Mortson.

Mr. and Mrs. Hreb Smith and Gwen were Sunday guests of Mr. and Mrs. Heber McCague.

Mr. and Mrs. Harold Mortson, Mr. Herbie Marritt and Pte. Ernie Jackson were week guests with Mr. and Mrs. B. Sanderson.

Dr. Johnson and son had dinner on Sunday with Mr. and Mrs. Collard and family.

REV. E. C. MADDLE INDUCTED TO TEMPERANCEVILLE CHARGE

Rev. A. H. Halbert, chairman of Toronto Centre Presbytery presided at the Induction Service and inducted Rev. Ernest C. Maddle to his new charge last Friday evening at Wesley Church, Vancor. Rev. Henry Cotton of Newmarket preached the sermon and Rev. J. S. Duncan of Thornhill addressed the minister and congregation. A reception followed when Rev. and Mrs. E. C. Maddle were introduced to their new congregations which include Temperanceville, Mt Pisgah and Wesley United Church, Vancor. Rev. E. C. Maddle was formerly at Wanstead United Church, Toronto.

HERE'S HOW TO AVOID A POTATO SHORTAGE

Every ounce of food production counts in these strenuous war days. A wrinkle to get maximum production from potato hills was unveiled to us this week, and while the idea may be old to many of our readers it was new to us. Our informant was Mr. Frank Legge of Jefferson who is a gardener of some note, as is evidenced by the fact that he is enjoying new potatoes from his garden this week. Mr. Legge pointed out that many people in their anxiety to enjoy the taste thrill of new potatoes pull up the stalks in a hill and waste many of the little tubers. He has developed a technique of taking a trowel and digging around the stalk, reaching down with his hand and taking the large ones, leaving the small ones to grow into good sized eating potatoes. If everyone used this economy wrinkle many tons of good potatoes might be saved to provide against a shortage next spring.

These days, when tea must yield the utmost in flavour, quality is of supreme importance. Ask for..
