CARRVILLE

Major Clarkson Aide to "Monty"
Major J. M. E. Clarkson, MC, of
Maple, of the 48th Highlanders of
Canada, has been appointed special
liaison officer between Field Marshal
Sir Bernard Montgomery and the
Canadian forces in Germany.

This makes the third 48th High-
lander officer who has acted as per-
sonal aide to the famous "Monty,"
who seems to have a preference for
Canadians and particularly for the
48th Highlanders.

When General Montgomery com-
manded the Southeastern Command
in Britain his personal aide was Lt-
Col. Trumbull Warren. Later he was
replaced by the late Lt-Col. Don
Mackenzie, who was killed in April
of this year. Lt-Col. Warren went
back with the field marshal, and now
Major Clarkson has taken over the
post.

Originally a member of the 2nd
Bn., 48th Highlanders of Canada,
Major Clarkson went overseas in
1942. In Sicily he acted as intelli-
gence officer, and won his Military
Cross at Ortona under circumstances
of great bravery. It was at the
time when the 48th Highlanders were
cut off from their supports for over
48 hours. At great risk of his own
life he got word back to the main
body and a critical situation was
saved.

Major Clarkson is the eldest son
of Mr. and Mrs. G. E. Clarkson,
"Primrose Hill", Bathurst St.

The United Church anniversary

afternoon and at night for the ser-
vices.

We wish to thank the people who
decorated the church for Sunday.
They were Mrs. Bone, Mrs. Woolcot,
Misses Mary Read, Margaret Wood,
Marion Middleton, Helena McCarthy,
Eva Sheppard and Lydia Haver.

Miss Frances Wood has received
two fruit boxes from the C.G.I.T.
and Carrville Public School. Frances
wishes to thank you very much for
your thoughtfulness.

On Sunday, October 7th church
service will begin in the afternoon
at 3 o'clock.

Gilbert Whittamore left Monday,
September 24th to attend an Agri-
cultural School in Guelph. Good
luck!

Carrville Public School field day
usually held in spring will be held
in autumn this year. It will be held
Friday, October 5th beginning at
10.30 a.m.

ed as C.G.I.T. secretary.

Miss Anne Wood visited Miss Vera
Haver on Sunday, September 16th.

Mrs. J. Clement has been appoint-
ed Sunday School teacher for the
junior girls.

Carrville Public School Field Day
usually held in the spring, will be
held in the autumn this year on Oc-
tober 5th from 10.30 a.m. to 12 noon

**WHEN THE BOYS
COME BACK TO THE FARMS**

They'll probably want telephone service,
if they didn't have it before. War has
taught a lot of those in uniform—and
their parents, too—to rely on telephones
more than ever.

Our plans are ready to make rural tele-
phone service in Ontario and Quebec
available to a greater number of users in
the post-war period.

Much of the preliminary work already
had been done when war interrupted the
program extending rural telephone
service. We intend to resume it as soon
as the necessary materials and manpower
are available.

**THE Electric METER
Is for Your Protection**

EVEN though your Hydro makes
electricity available to you in Ontario
at a very low cost, it is important that you
pay only for the amount of power that
you actually use. The electric meter on
duty in your home, is your protection,
against paying for more than you
consume.

Every one of some 800,000 meters in
Ontario is tested and certified by a Dom-
inion Government inspector at regular
intervals to assure complete accuracy.
Electric meters are among the finest of
jewelled precision instruments—just as
constantly true as the finest watch.

For your protection, Hydro installs a
separate meter, exclusively for your own

household. Having a meter of your own
is the only possible way to be sure that
you only pay for the electricity which you
use. Imagine buying food from a mer-
chant who weighs several people's orders
at the same time, and splits the cost
evenly regardless of the size of the
orders! You want your order weighed
individually when you buy food. When
you use electricity your meter assures
accurate individual measurement.

Low cost Hydro service in Ontario
offers amazing comforts and conveni-
ences. For your protection—so that
you will pay for only the amount of
Hydro you actually use, a Government
Inspected Meter is installed for your own
household exclusively.
