There was a good attendance at Brown's Corners Sunday School last Sunday. Mr. Will Brooke, the superintendent, reminded them that owing to the forthcoming anniversary services at Headford, Brown's Corners and Victoria Square, the Sunday School will not assemble as a school until November 11th. They were all urged to attend the special services in our own and the other two churches.

At the church service, Holy Communion was administered by the elders, with the minister, Rev. H. J. MacKay, in charge. The choir sang Elizabeth Clephanes' beautiful hymn, "Beneath the Cross of Jesus".

Last Sunday evening the choir from Brown's Corners United Church supplied the music at the special anniversary service at Cedar Grove. The church was beautifully decorated with baskets of flowers, ferns and potted plants, very artistically arranged.

The minister, Rev. J. R. Sanderson of Toronto, conducted a short song service before the regular service, assisted by the choir. The anthems were "Praise Ye The Father", (Gounod) and "All in the April Evening", (Hugh Robertson). Mr. Davidson complimented the choir for their splendid rendering of these two contrasting numbers.

Mrs. Aubrey Stephenson sang "Bless This House", and Mr. Edwin Bruce, "Gently Lord O Gently Lead Us." Both selections were in splendid form and added much to the musical service.

Mr. Sanderson chose for his sermon the very timely "Crusade for Christ". His inspiring message found a real response in the hearts of the large congregation.

Miss Georgina Paget presided at the organ, Mrs. Sidney English was at the piano, and the combination of instruments added much to the enjoyment of the singing throughout the entire service.

**this is the Branch Bank** where Jack keeps his money—so he does not have to keep his savings at home with the danger of loss, fire, or theft, and can pay bills safely and conveniently by cheque.

**this is the Teller** in a branch of a different bank in another city, who made sure that the man who presented the cheque was really the man Jack intended to pay. Then the amount of the cheque was added to that man's deposit account.

**this is the Clearing House** maintained by the banks so that customers' cheques can be exchanged and the banks can settle their accounts with one another every day. From here, Jack's cheque was sent to the clearing department of his own bank, and from there to the branch where Jack keeps his account.

**this is the Ledger-Keeper** who made sure that the signature was really Jack's. Then he debited Jack's account. The amount is entered in Jack's passbook next time he comes in, so he always knows exactly where he stands.

This is a sketchy outline of what happens when you pay an out-of-town bill by cheque. Many people pay their large local bills that way too. To be able to pay by cheque is a tremendous convenience which costs you little or nothing. Banks are the bookkeepers for millions of our fellow-Canadians.
