THE JOB'S NOT FINISHED

Fighting has ended . . . but having laid down the tools of war we can't fold our arms and consider the job done.

A lot of things have to be attended to. That's why we're having another Victory Loan.

And it's just as necessary that we buy 9th Victory Bonds as the bonds we bought while the war was on.

A lot of war expenses remain to be paid. Other expenses connected with our war effort are still going on. So — Canada needs money to meet these bills.

Our allies look to us to help provide food and other necessities which liberated people sorely require. Canadian farms and Canadian factories must furnish these things. Canada needs money to provide credits so that needy countries may buy from us.

Our fighting men must be re-established in civil life and those sick and wounded returned to health. That is their due. Canada needs money to do this.

The 9th Victory Loan, therefore, is a challenge to every Canadian to help Finish the Job!

RICHMOND HILL MUST BUY MORE VICTORY BONDS

This time one loan must do the work of two. There will not be another Victory Loan for a year. We must buy bonds this time — double the amount we bought last time. That will not be hard to do because the same rate of savings as in previous loans will pay for twice as many bonds over the 12-month period.
