Youth Council Plan For November Ball

Youth Council members witnessed one of the most interesting and entertaining social evenings yet to be held last Tuesday in the Municipal Hall when a box social was the main feature of the meeting. Dancing to records was enjoyed before and after the auctioning and lunch period. Dunc Gillard acted as auctioneer and with his demanding hammer knocked down the boxes at excellent prices. Bidding was high throughout the sale. The hidden delicacies proved worth the price in beautifully decorated boxes. Another box social is hoped for in the not too distant future.

Youth Council will sponsor a November Ball near the end of the month and a good crowd is hoped for. Watch this column for further particulars next week.

All illustrations of the Youth Council Badge are asked to be handed to any of the councillors not later than Saturday, November 17th. Come on members, and avoid disappointment in not winning the prize for the best Youth Council Badge illustration.

All young people and young married couples are urged to attend the meetings.

A meeting will be held next Tuesday evening, November 20th, same time, same place. A good program is in the making. Plan to attend.

LAND RECLAMATION

The Dominion and Provincial governments have carried out experimental work extensively for dry farming and livestock operations, and also for irrigation farming. The first Irrigation Act in Canada dates from July 23rd, 1894, in which year the Canadian Irrigation Surveys were commenced by the then Department of the Interior of the Dominion Department of Agriculture. Since then much has been done, particularly in Saskatchewan and Alberta under the Prairie Farm Rehabilitation Water Development Program.

Letters From Overseas

The following is a letter received by Mr. and Mrs. Lewis Clement, Centre St. E. from their son Roy who is serving with the Canadian Navy: Wilemstaad, Curacao, November 8th, 1945.

Dear Mom and Dad:— I am going to have to be fast with this letter so please excuse blots and scribbles. I have plenty of news that I am allowed to tell now and will try to let you in on as much as I can.

The first bit of news concerns the ship that Stu was on before (Westbanks Pk.). Well, when on the run I made on the T.V. I told you about we also became a rescue party. During the big hurricane that swept the Caribbean the Westbanks went down and we happened to pick up their S.O.S. and were able to pick up all survivors, but somehow I couldn't get it out of my head that Stu should be on her despite your telling me differently quite some time ago. Needless to say that for some time afterwards I smoked Winchesters exclusively.

The next item concerns ourselves. The revolts down this way are over thanks to Uncle Sam. Refereeing a revolution is a little excitement. But I'll tell you more about that when I get back.

The last time in Balboa all navy boys and merchant men were taken off the ship leaving only the wards of the U.S.C.G. Rumors went that the ship was being turned into private hands for peacetime trade and we wondered if that meant discharges for us as well. But how wrong some rumors can be! Right now we are better equipped and more heavily supplied than ever before. Tonight we learned our destination. I can't name port or country or continent but if you look into history a few years back you may find out where trouble is and where we go to. While there I'm positive of seeing the Tower of Belel and in fact hope to make a thorough tour of it and the city nearby. More than likely Claude can tell you all about it. I had previously hoped to be home for my birthday but now that is impossible. Now I expect it may be New Years or shortly afterward. So here is hoping Santa Claus is good to you.

Have you heard any more from Stu lately? I hope he is home when I do manage to get back.

I must close now as time is short and a temperature of 94 degrees F. which I am in at present doesn't make writing any more pleasant.

Give my best regards to everyone around and say Merry Xmas to Tyndalls and Teetzels for me. It is going to be about 20-23 days before I can write again so don't expect any mail for a while. Perhaps I can save paper at that time and be home before my mail would reach you because I am assured of leave in U.S.A. but for how long depends upon someone else's generosity.

As yet Pappy hasn't written. Did he break his arm or is he too busy scaring people to death with those papers and then digging holes to put them in? I wish him the best of everything. Even better quality chewing. Perhaps I can get a rare plug for him at one of the arenas I hope to attend.

Well for now au revoir. Tell Claude to keep the sidewalk shoveled for me in case I need it.

Hoping to hear from you soon I remain as ever

Your wandering Son,
Roy.

A HIT that's hot, Baker's Sweetener in the coffee pot sure hits the spot. Things had never been so bad before thought the Marshall as he parachuted into a neighborhood without food, gun or shelter. But he discovered the people had plenty of food; but the meals hadn't any taste. You should have seen the kiddies open their eyes when the Marshall took out a little bottle and sprinkled some on his pie and cake, then put about a teaspoonful in his tea. The Marshall gave them a taste which nearly sent them wild to learn what he did to the meal. Mother and Dad immediately sent for a shipment of Baker's Sweetener. No coupons, no bitterness, easy to use, diabetics use it, smooth sugary taste. \$5.00 worth Baker's Sweetener is as sweet as \$14 worth sugar. The maiden aunt was asked to advise her niece as to whether or not she should marry her soldier fiance, about to go overseas. She thought a moment, then advised, "Well, dear, if I had my time over again, I'd get married before I was old enough to have the sense not to!"

127 Teams Compete In Club Contests

With 127 teams from 40 counties of the Province taking part, the inter-county championship boys' and girls' club competitions, held at the Ontario Agricultural College, Guelph this year reached the largest proportions experienced since before the war, and gave the large force of judges a difficult task in determining the winners of the Provincial championship trophies. The contests kept the boys and judges busy from 9.30 in the forenoon until after six o'clock in the afternoon, with the dairy cattle class leading the list in numbers with 39 teams. Seven competitions were held, these being in dairy cattle, beef cattle, horses, swine, poultry, grain and potatoes, and five counties figured in the awards of trophies, with two of them, Durham and Middlesex, taking two trophies each.
