COLD SPRINGS FARM DISPERSAL JERSEYS and HOLSTEINS

40 HEAD SELLING AT THE FARM
Rural Route No. 1 - Richmond Hill, Ont.

SATURDAY, NOVEMBER 24th

Herd under Federal Supervision for T.B. and Blood

20 JERSEYS—15 of them cows and bred heifers that feature the service of Edgeley Noble Basil (selling), by the \$1,500 Brampton Tidy Basil, son of famous Brampton Basileus, Superior and Preferential sire with 30 tested daughters. NOBLE BASIL'S dam is Brampton Noble Beauty, with a 3-yr.-old record of 7,381 lb. milk, 500 lb. fat, 6.79% test. A few females carry the service of the richly bred young bull, Don Head Pinn's Aim, by Standard Aim Lad and from an "Excellent" daughter of the superior sire, Pinnacle.

This is a young herd consisting of daughters and granddaughters of such sires as Brampton Jester's Standard 2nd, Volunteer of Oaklands, Brampton Tulip's Royalist, Valiant of Oaklands, Wonderful Stuff, Brampton Standard Heir 2nd, Brampton Sporting Standard, Beechlands Marquis and Brampton Wonderful Gangster.

14 HOLSTEINS that include 9 cows three to five years of age. Five of them are bred to Nimroft Blarney Stone, (selling), son of noted Montvic Monogram, whose 30 daughters on 2X, as 2-yr.-olds, average 12,365 lb. milk, 465 lb. fat. Included are females bred by Brown Corporation, R. Norman Hogg and R. Ray McLaughlin. The 5 good grade cows all carry service to "Blarney Stone."

A number of these Jersey and Holstein cows are fresh or due shortly.

BUTTONVILLE NEWS ITEMS

The W.M.S. of Brown's Corners United Church held their Autumn Thanksgiving meeting in the church on November 7th with Miss Mary Rodick and Mrs. Wm. Rodick in charge. The meeting was well attended with visitors from Unionville, Victoria Square and Headford. The devotionals was led by Miss Mary Rodick and Mrs. Art Newson and gave thanks for past blessings and deliverance and was a prayer for the future. Mrs. Egerton Young of Toronto was the guest speaker. She spoke of her work and experiences around God's Lake, a settlement four hundred miles north and east of Winnipeg, where the last lap of the journey is completed by plane. Mrs. Young gave a vivid word picture of the work carried on by her husband and herself as missionaries to the Indians of that area. Her pictures were especially pleasing as they illustrated the life led by the Indians and gave an idea of the marvellous scenery of the area. Miss Dumblenton sang two selections, "By the Waters of Babylon" and "The Lord's Prayer". She was accompanied on the piano by Mrs. J. Russell of Unionville. Lunch was served and a pleasant social half hour followed.

There was a splendid attendance at the Y.P.U. held in Brown's Corners church on Sunday evening. This meeting was convened by the Christian Culture committee and opened with a sing song. After the scripture reading by George Kelly and prayer by Lloyd Tennyson a hymn guessing contest was held. Miss Ann Summers was winner by a narrow margin. An inspiring address by Mr. MacKay whose subject was "Youth's Place in the Crusade for Christ" was of special interest and was enjoyed by all.

On Sunday Brown's Corners United Church held Armistice service in the morning. Rev. MacKay's message was in keeping with this solemn occasion and music suitable to this Day of Remembrance was chosen. Mr. Edwin Bruce gave a beautiful rendition of Geoffrey O'Hara's "There is no Death".

The Halloween party sponsored by the Young People's Union of Brown's Corners United Church was held on Friday, November 2nd and not as stated on Sunday.

Mr. and Mrs. David Fuller and Jim were supper guests on Sunday at the home of Mr. and Mrs. Edgar Fuller.

Mr. and Mrs. G. Dalton celebrated the 7th anniversary of their marriage on Saturday, November 10th. Twelve guests spent a very pleasant evening.

Mrs. H. Harding and son are spending a few days with little Roy's grandparents at Peterborough.

We are sorry indeed to hear of the illness of Mr. Henry Hooper and wish him a speedy return to health.

Mr. and Mrs. F. Houlihan held a small party on Monday, November 5th to celebrate their joint birthdays. Guests were Mr. and Mrs. Harding and Roy, Mr. and Mrs. E. Walton, Mrs. McGee and Miss McConnell. Refreshments were served and all enjoyed a very pleasant evening.

Mrs. P. Basinger and her three children spent a few days with Mr. and Mrs. P. Basinger Sr.

Several of our young hunters had a try at deer hunting but the deer were too shy to come out and look at them.

Among the hunters recently returned from the north country are L. A. Hood, D. J. Hood, N. Burr, T. Paterson and Chas. Hooper.

A reception was held on Saturday, November 10th at the home of Mr. and Mrs. F. Houlihan in honor of the latter's brother, Mr. Earl Murtha and his bride who were married at St. Vincent's Church, Toronto. Out of town guests were Mr. and Mrs. T. Murtha, Leo and Paul Murtha, Mr. J. Guiry of Lindsay; Mr. and Mrs. Peter Downey of Clyde; Mr. and Mrs. J. Howlett, Jim and Don of Galt; Mr. J. and B. Fountain and Miss P. Fountain of Upper Grove; Mr. and Mrs. Jack McElroy of Mimico, and Mr. Joseph McElroy of Orillia.

Miss Doreen and Miss Joan Stephenson were guests on Sunday of Miss Barbara and Miss Eunice Bruce of Langstaff.

Mrs. Padgett who suffered a fall over a week ago is slightly improved. We all wish her a speedy recovery. Don't forget the moving pictures in Buttonville Hall on Friday evening, Nov. 16th. The films are to be presented by Zilthea Mantion of Borden Milk Co. They are "White Magic" and "From Moo to You". Also "Sunshine Makers" with added musical attractions under the auspices of Brown's Corners United Church.

Mrs. Sylvester Reynolds, Mrs. Stratford, Mrs. M. Wrossater, all of Toronto, were guests on Friday at the home of Mr. and Mrs. C. Burr.

Bill Hood left at the week-end for a hunting trip. Jack Young has also gone for a few days hunting.

Mrs. Russell Burr and Mrs. John Brown attended afternoon tea at the home of Mrs. Winches of Agincourt on Thursday, November 15th. Mrs. Winches was the former Dorothea Brown.

Congratulations to Mr. and Mrs. Clifford Burr on the birth of another little daughter.

A very pleasant evening was spent at the euchre held at Buttonville Hall on Friday, November 9th. 1st prize for ladies went to Mrs. Ada Hood, 2nd to Mrs. Blundell, and Mrs. Baker received the consolation prize. Dr. Kelly captured 1st prize for men with Mr. Adam Brown 2nd and Mr. Cline Burr winning the consolation prize. In the freeze-out the winners were Mrs. A. Hood, Mrs. Russell Boyington, Mr. Cline Burr and Mr. Matt Davis.

Mr. and Mrs. F. W. Baker were guests on Sunday at the home of Mr. and Mrs. B. Stitt of Toronto.

The many Buttonville friends of

Mr. and Mrs. Gordon Mortonson extend congratulations and best wishes on the arrival of a second son.

Sold After 150 Years

Few farms are held by one family for over 150 years, but this is the case of the Ira S. Reesor farm at Cedar Grove.

It was over 150 years ago that Samuel Reesor (grandfather of Ira) acquired the land from the Crown and upon which land he erected a grist mill and saw mill powered by water, which served the community for many years.

Colin Reesor inherited the farm from his father and in turn passed it on to his son Ira who has sold the property to Mr. Croucher of Toronto.

On Thursday, November 22nd, Mr. Reesor is holding an extensive auction sale which will bring to a close the name Reesor as owner, which has held this historical place for over 150 years.

After the sale Mr. and Mrs. Reesor will move to their new home in Orillia.

Important Auction Sale of 50 ACRE FARM Farm Stock, Tractor, Hay, Grain, Poultry Equipment, Etc.

Property of the Estate of the Late STANLEY HILL

Lot 2, Con. 5, Markham Twp., 1 1/4 Miles West of Milliken and 1/4 Mile North of Townline FRIDAY, NOV. 23rd

Useful Hints On Care House Plants

In the care of house plants in the winter time, the chief points to consider are atmosphere, heat, drainage, drafts, and the varying effects of sunlight on the different plants. A dry atmosphere is to be avoided because it not only stunts the plants but helps to increase certain insect pests, such as red spider and thrips. Moisture in the air around the plants may be increased by standing the pots in shallow trays filled with pebbles, gravel, or moss and keeping them moist. Normal moisture is also dependent on good drainage. This can best be arranged by using soil in the pot that will allow both air and water to pass through easily. A mixture of two parts good garden loam soil, one part rotted manure, and one part sand will generally fulfill the soil requirements of potted plants. To prevent the surface of the soil from caking and thus prevent the access of air, stir the surface gently from time to time. Further drainage may be obtained by placing pebbles or small stones or broken parts of an old pot at the bottom of the pot, so as to help draw off excess water.

The placing of the plants to their best advantage calls for some consideration. All plants will not flourish anywhere, and care should be taken to put the plant where it will not stand in a draft. Concerning sunlight, different plants apparently have different preferences. For example, ferns should not be placed in direct sunlight but where there is an abundance of light all round. On the other hand, flowering plants as a rule require all the sunlight they can get, particularly in winter time. Foliage plants can thrive all right in dim light but in winter time they should be placed in direct sunlight.

However, the great secret of having fresh-looking plants in the home in winter is to avoid the over-heating of rooms. It is a good plan to commence the winter care of the plants as soon as the heat is turned

on in the fall. More house plants have been killed by heat than by cold. Plants should never be placed too near radiators. The ideal temperature for house plants is about 65 degrees, or better still from 60 to 65 degrees F., three degrees less than the recommended house temperature from the health point of view. If one desires to have the plants in the living rooms, the best thing to do is to keep the rooms as cool as possible consistent with personal comfort. Many, or large plants should not be kept in bedrooms at night, or for preference none at all in winter when all the windows are closed.

On the other hand, flowering plants as a rule require all the sunlight they can get, particularly in winter time. Foliage plants can thrive all right in dim light but in winter time they should be placed in direct sunlight.
