UNIONVILLE DISTRICT NEWS

In a recent Toronto paper a report was given of the very fine work of the Friends Ambulance Unit in Chungking. Miss Harriet Brown, R.N. of Unionville, Ont., is the only Canadian girl in this unit. Dr. Bob McClure, a United Church medical missionary, is now in Honan where the Friends plan to concentrate with their civilian work in the future. Harriet graduated from the School of Nursing in Toronto and served in the city as a V.O.N. We thought her friends in this area would be interested in her work and following are extracts from letters to her parents which prove that she is indeed a happy Christian carrying on her work in any surroundings. We feel that it is in work by people such as Harriet the sure foundation will be laid for World Peace.

Letter October 2nd—
I'm very tired. Our nurses keep getting ill and staying off duty unexpectedly and I have to work rather long hours and to take a night shift extra. The night work isn't exhausting as you can see by my writing you while on duty, but one just can't sleep during the day in this climate, and in our noisy hostel. This shouldn't be for our long though. I'll perk up again one of these days.

Two fine letters came from you, Mom, today. I enjoyed them so much. I shall not attempt to answer them tonight, but in my next letter, and then send them on to Walter. We are having wonderful nights, bright with the moon. It takes away

some of the eeriness of night duty. Chinese patients are the worst yet for making distressing noises at night. That, along with wee flickering oil lights—one hung in each room, could make one's hair stand on end. We're trying to keep a little girl alive tonight, she's the victim of a hand grenade and a sorry mess it made of her. Her companion has already died of his wounds, but we hope to save her.

We have between 40 and 50 patients all the time now—patients of all sorts and sizes and ages, so life is interesting, if busy, and the days fly happily by. The sun is still warm enough for sun bathing and swimming is refreshing to say the least. I shall miss this lovely river and beach.

Letter Oct. 15th—Luichow—
The Honan project will be delayed somewhat due to political unrest in the district. That means that we can stay here a little longer and finish this job more thoroughly. We are being greatly rewarded these days in seeing a devolving job "in action". I expect you have heard much about revolution and its troubles. Just all of a sudden our luck has changed and we have nurses, doctors, a dispenser, a Lab. man, and business manager, all coming in to learn the job. Today was a red letter day, our first real bed came out of the carpenter's shop and we admitted our first private patient. The latter is of great importance since it is the beginning of gaining the confidence of the people in the district and also means the opportunity of making money enough to be able to hire and hold trained and interested staff. The government with its low wages attracts all the quacks and thieves for miles around to run its hospitals. My birthday came on a very special day in China—the "Double Tenth", birthday of the Republic. So we celebrated quite gaily.

Every time I catch myself enjoying myself (which is pretty constantly) I remember that my mother thinks I am suffering and it isn't fair to have her worrying for no good reason. So either you will have to realize that life is good out here on a team, or else I'll have to dream up ways of suffering legitimately. You don't find anyone in the unit who doesn't consider himself lucky to be here, and it isn't just because of China, but it is the good fellowship of team life. I wish it could be the normal form of living, rather than the exception. Many of us are finding it a means for deepening our spiritual lives, in a way that might not have happened otherwise.

Dr. Kennedy, J. H. Brown, E. J. Appleton, Milt Findlay, Frank Roberts, E. Harper, H. Harper, Percy Stiver were among the hunters of this district who had a very fine holiday at their respective camps some of them returning with plenty of deer meat and one party with a bear.

Mr. and Mrs. Fred Leaf of Toronto and Mr. and Mrs. K. Kennedy and Hart of Cooksville attended the Anniversary Services on Sunday. Mr. and Mrs. W. Richardson of Wexford visited with Mr. and Mrs. Thompson over the week-end. Mr. and Mrs. Bratton and sons attended the wedding of Mr. Bratton's sister in Ottawa. They report having a fine trip up and back by motor leaving on Thursday and returning on Sunday.

The anniversary services of Central United Church were very fine and well attended. The music by the choir was much appreciated with solos taken by Mrs. R. Rae, Mrs. McCormack and Mr. W. Toole and a trio by Mrs. J. Russell and Misses Jean Morton and Myrna Coulson. The messages by Rev. Salton and Rev. I. Perkins were timely and stressed the need of personal Christianity by all members of the church.

George W. Jackson, son of George C. Jackson, Downsville, Holstein cattle breeder of national fame has this year been awarded the Massey Fund Scholarship of \$100.00. This scholarship is in two parts—\$50 awarded by the Massey Estate and \$50 awarded by the York County Council. It is for annual award to the outstanding Junior Farmer entering O.A.C. in the regular course. The selection committee was composed of the Warden of York County, Fred A. Lundy, Newmarket, the chairman of the Agricultural Committee, York County Council, W. L. Clark, Gormley and W. M. Cockburn, Agricultural Representative, Newmarket.

Geo. W. Jackson Wins Massey Scholarship

George Jackson was for five years a member of the Woodbridge Calf Club and represented that club in the Inter-Club competitions at O.A.C. in 1942. In 1943 also he won a Kiwanis Scholarship to the winter short course at O.A.C.

For several years he has participated in the Junior Farmers' Livestock Judging Competition and was a member of Vellore Junior Farmers' Association, holding the position of secretary in that organization for one year. When he entered the degree course of O.A.C. in the autumn of 1945 he was secretary-treasurer of the York County Junior Farmers' Association.
