**King City District News**

Miss Lynda Carol Chalk, daughter of Mr. and Mrs. G. Chalk, Jr., Temperanceville, celebrated her 8 months birthday on November 27. She is a healthy, happy young lady.

Mr. and Mrs. Garnet Ash celebrated their 3rd wedding anniversary on November 21st. They were married shortly before Garnet left for overseas service with the Canadian army. Having returned to his work with the Office Specialty, Newmarket, they are now residing there.

Mr. Cecil Walker had the misfortune to have a cement block dropped on his foot at the Maple sand cement plant, breaking a toe.

Jack Walker, in England has or will very shortly receive his Sergeant's commission, and has been appointed clerk of Sergeants' mess. Mrs. Walker, his wife, is assisting in the local post office. Little Jack would like to be a postmaster, if he could and we think he could if quick delivery is any indication.

Master George Minton, Eversley, is being treated at the Thistletown Hospital for Sick Children. His condition for walking should be improved as a result.

Mrs. Gordon Jarratt, Cornwall was a recent visitor at King.

Mr. and Mrs. A. E. Knowles, Portland, Maine, visited Mr. Knowles' parents, Mr. and Mrs. Jas. Knowles of Aurora and Mrs. Knowles' brother, Mr. Wells McDonald, at King. Mrs. Knowles also spent time with her sister, Miss Jean McDonald at Toronto.

Peter Rawlings, young son of Donald Rawlings, suffered a painful injury last week when his arm went into the wringer of the electric washing machine. Peter thought he would experiment while his mother was out of the room for a few minutes. The machine was in operation and he climbed up and turned on the wringer, his hand and arm taking the rollers past the elbow. The release of the arm caused his mother some difficulty. He was treated by Dr. J. C. Devins at York County Hospital. Injury to the wrist was feared but he is well on the way to recovery now.

Miss Mary Lavolette of Pefferlaw and Gordon Orr, Maple, represented York County at the 4-H National Congress, held in Chicago December 2 to December 5. Here they meet representatives from Canada and United States. The boys take part in livestock judging and the girls represent the Homemaking Clubs. Interchange of ideas and friendships contributes to the life's work of the young farm boy and girl.

Mrs. I. Ferguson, Richmond Hill, was the guest of her sister-in-law, Miss Alice Ferguson, King, last week.

Mr. and Mrs. Arthur Bovair, Eversley, celebrated their 25th wedding anniversary with a motor trip and visit to Mrs. Bovair's sister in Detroit, Mich.

A community dance was held at New Scotland school on November 30, and a Christmas concert will be held in the same centre before long. King Institute euchre will be held this coming Friday, December 7th in the Masonic Hall.

Laskay euchre will be held on Friday, December 7th in the interests of the Institute.

Sympathy is expressed to Mrs. John Cull, Kinghorn, in the death of her sister, Mrs. Ann Jane Wells, Whitchurch township, in her 91st year. Born in England she settled early on the 5th concession with her parents, Mr. and Mrs. Ransom. She settled later in Whitchurch but was a frequent visitor of her sister Mrs. Cull and the late Mrs. Eli Hollinshead of Kinghorn. She always enjoyed good health and was a veteran in the art of quilt making. Besides her sister, she is survived by a daughter, three sons and several grandchildren. She was laid to rest in Aurora cemetery on Nov. 27. Her husband passed away in 1914.

**King City Discusses Fire Protection and Water System**

A representative gathering of property owners heard explanations and entered into discussion regarding the proposed fire protection and water system for the village. Called by the commissioners of the corporation the meeting was held on November 28th in the Masonic Hall with a representative of the Fire Marshalls' Department of the Province, and Mr. W. B. Redfern, engineer, outlining the possibilities of the project.

For compact centres of this size it was pointed out that the average number of fires a year, throughout the province, is two, but that a conflagration causing very heavy damage to the village could happen. A good water supply is absolutely necessary to insure adequate fire protection, said the speaker and the comparative peace of mind of the residents regarding protection of this kind can only come when the initial steps are taken. He assured the village of advice and co-operation from the Fire Marshalls' Department if any plans are to be made on the matter.

As on his previous visit, Mr. W. B. Redfern, engineer in charge of the test holes for water, made during the summer, gave an explicit account of the estimated cost and steps leading up to the installation of a domestic water supply for King village. The proposed system would cost in the neighborhood of \$40,000. To the 75 probable users the cost at the rate of 12 mills, on the assessment of \$125,000 or less would roughly be estimated at \$20 to \$24 annually. The cost to each household to connect with the main would figure \$40 to \$50. The \$40,000 debentures issued for 20 years at 3 1/2 per cent would set up a two mile main, 12 hydrants, storage tank, etc. It has been established that pure spring water is available at a depth of 50 feet on the farm of John Dew, north of the school, and suitable for domestic use.

Considerable discussion took place with enlightenment by Mr. Redfern. A petition drawn up by the township solicitor, J. D. Lucas, will be put into circulation for signatures, indicating the desire for the proposed project with instruction to council to proceed with the matter. Before the petition is circulated, it has been pointed out that ratepayers will have time to consider the matter.

**Price Control And Rationing Information**

Typical questions consumers have asked the Wartime Prices and Trade Board this week are answered by the Central Ontario Consumer Branch Committee.

Q. I am a farm wife with a small family and as we do not produce any of our own meat on the farm I am anxious to use my meat ration coupons to the best advantage. There is only one butcher in the town and he always takes too many coupons and tokens. Is there anything we can do to make him understand the correct number to remove from our books?

A. From the list of purchases you mention in your letter and the number of coupons removed it looks as if your butcher is taking too many for the amount of meat you purchased. As you have given us the name and address we will have this store checked.

Q. Last week I bought a two pound jar of jam and the grocer took two coupons. Was this too many?

A. Each preserves coupon buys 12 fluid ounces of jam which is usually referred to as a one-pound jar. So your grocer was quite right in taking two coupons for a two-pound jar.

Q. I thought the ceiling price for Macintosh apples was 82c. One store in our district is asking 86c.

A. Thank you for giving us the name of the store so that the Board's Investigation Dept. may check up on apple prices there as 82c. is the ceiling for grade No. 1.

**To the Electors of Vaughan Township**

I wish to thank the electors of Vaughan Township who supported me in the recent election and returned me to the office of Deputy-Reeve for 1946. Vaughan Township will be served to the best of my ability.

**JOHN HOSTRAWSER, Deputy-Reeve**

**To the Electors of Markham Township**

I wish to thank all who supported me in my election as Deputy-Reeve for the Township of Markham for the year 1946. I will endeavour to serve the ratepayers to the best of my ability.

**ALBERT REESOR, Deputy-Reeve**

**To the Electors of Markham Township**

I wish to thank you for your support and influence in electing me to a seat on the council for the year 1946. I will endeavour to serve you to the best of my ability.

'WIN.' TIMBERS

**To the Electors of Markham Township**

Permit me to thank all the friends and supporters who rallied behind my candidature for council last Monday and enabled me, notwithstanding an illness that barred any personal effort on my part, to make a better showing than otherwise would have been the case.

I wish the new council every success.

**STEWART McQUAY**

**It takes more than bricks!**

SOMEDAY THAT DREAM home will be yours—if you are willing to fight for it today! Bricks may build a house, but to build a home you need more than bricks! You need security—a job—a future! And these depend on a Canadian dollar that will always buy a full dollar's worth of goods—a steady, sound dollar that's not pulled down to half its value by inflation! That's why it's necessary NOW—more than ever now—for all of us to fight and work to keep that dollar worth a dollar!

Why is it so important NOW? Because now is the time civilian goods are scarce, and money is plentiful. NOW is the time we must guard against paying MORE than things are worth... or buying things we

don't really need. We must support rationing, observe price ceilings, and avoid black markets. If we do this, we can keep prices from shooting sky high. If we don't, some day we'll be paying a dollar for fifty cents' worth of goods. This means your dollars—those dollars you've saved to buy your home—will only be worth fifty cents! *This is* inflation!

And after inflation comes depression! We know what happened after the last war! It mustn't be allowed to happen again. That's why, for our own sakes, and for the sake of the returned men to whom we owe a job, a future, a home of their own—we must make sure Canada's dollar remains steady. We must keep up a constant fight against our country's enemy—inflation!

**Make this Pledge Today!**

I pledge myself to do my part in fighting inflation:

By observing rationing and avoiding black markets in any shape or form.

By respecting price controls and other anti-inflation measures, and refraining from careless and unnecessary buying. I will not buy two where one will do, nor will I buy a "new" where an "old" will do.

By buying Victory Bonds, supporting taxation and abiding by all such measures which will lower the cost of living and help keep prices at a normal level.

**To the Electors of King Township**

I extend my thanks to the supporters in electing me as Deputy-Reeve of King Township for the year 1946. It will be my aim to serve in the best interest of the citizens of the municipality and to maintain A SQUARE DEAL FOR ALL.
