for a number of years to have an annual dental inspection. This was carried out in 1945 as in other years and it should be noted, and probably has been noted, that Dr. Bigford, in his report in the local press commented on the excellent dental condition of our pupils. Several years ago the pupils of the school were immunized for Scarlet Fever and Diphtheria, and the results of that wise policy are borne out in the marked decrease in this serious contagious disease both in 1944 and in

In November of this year every pupil of the school was medically examined by a medical officer for the Township of Vaughan. Each Richvale. child received a report on his condition with comments by the doctor. 10 PIGS 7 weeks old. Geo. Sayers, I sincerely hope that it was care- Richmond Hill Marke, Stop 24A fully read by the parents, and the Yonge St. corrective measures taken, which, in so many cases, would prevent the development of physical defects in later life. So often a simple corrective measure such as a little more attention to properly fitting boots, a change in glasses, or removal of tonsils, means the difference between a bright and interested pupil at CLIMAX COOK STOVE, for wood school and one whose class record or coal, in good condition. However, I am informed that the Provincial Government proposes to take some measures to this end which will become effective in 1946. What this plan will be I have as yet barn. Bermor Farms Lt., Richmond 49r22. during my recent visit to the Device, and which will include the sec- Office. tion schools. Ours is a union school section, and because of that we are required to negotiate with two townships when any matter such as Public Health is being discussed. We St., Toronto. have had in all such matters the closest co-operation of the Township of Vaughan. I regret to state that Markham Township has not shown the same interest in modern trends. Your board intends to make it its business to build up the best health service in our school that government facilities afford us.

My comments on the financial report will be of a very general nature. School costs are up. The reason for this is apparent. We are operating a four-roomed school as against a three-roomed school for the better part of 1944, which means we are paying the salary of an additional teacher, the cost of servicing an extra room and supplying al books and equipment. Maintenance costs while no larger in 1945 than in 1944 are still excessive. A radical change in school financing is the new government policy of increasing upon the location of the school, hammerless, as good as new; 1 pair its assessment rolls and other fac- lady's skates black, size 5.
