

**NEW METHODS
NEW MATERIALS**
will help to extend
TELEPHONE SERVICE

Quebec and Ontario farms will benefit from the new telephone materials and construction methods to be put into use as soon as men and supplies are available. A type of insulated wire, for instance, can be ploughed directly into the ground. Then there is a steel wire which allows for increased spacing of poles thus reducing construction time and cost.

These are two of many telephone developments which will help bring the telephone to more farm families who want it.

Despite wartime difficulties, nearly 16,000 additional rural telephones were installed in Ontario and Quebec since the beginning of 1940. This increase reflects the intensive efforts of the telephone industry to expand its service in rural areas.

We wish to advise our clients that news of importance concerning Convoy Red Lake Mine will be forthcoming shortly.

A number of members of Brown's Corners church attended the service at Victoria Square church on Sunday when the Rev. J. W. Wilkinson of Pipestone, Manitoba, conducted the service.

Services at Brown's Corners United Church will be held in the basement of the church while the church is being redecorated.

On Tuesday, February 12, Buttonville Red Cross held their final meeting. Organized in the fall of 1939 as a unit of Markham Township Red Cross Society the group have carried on successfully during the war years under the leadership of Mrs. A. Newson, president, and Mrs. N. Reid, secretary.

The financial report showed a balance of \$40.00 which was voted sent to Markham Township Red Cross. Mrs. Reid also reported the contribution of 4 quilts and the gift of a mattress and clothing to the family of a war veteran, the upstairs of whose home was gutted by fire a short time ago.

Among the quilts which were quilted was the autograph quilt. This quilt had been used to raise money for Red Cross purposes during the war. After some discussion the names of all ladies who had worked or contributed to this unit during the last five years were put in a box. Mrs. C. Boynton was the lucky winner of the quilt. A vote of thanks was tendered to Mrs. A. Newson and Mrs. N. Reid for their faithful leadership.

The Mile of Pennies Fund which had been raised to send boxes to the boys overseas was discussed. It was decided to use the remaining \$160.00 to tender a banquet and concert to all the boys to whom they had sent parcels when all have arrived home. Any money remaining will be divided between the Community Hall and Christie Street Hospital. Mrs. Walter Craig, Mrs. J. S. English, Mrs. Jas. McQuay, Mrs. R. Boynton, Mrs. H. Patterson and Mrs. D.
