WHY THE EXCITEMENT?
 The golfer leaped up and down and
 let out triumphant yells and his
 drive dropped near the green and
 rolled into the cup.
 "What on earth is the matter with
 you, Sam?" asked his wife, who was
 getting her first introduction to golf.
 "Why, dear, I've just hit the ball
 for a hole in one," exclaimed her
 husband.
 "But isn't that what you're sup-
 posed to try to do?" demanded the
 unimpressed wife.

A gadget is coming on the market
 which will keep automobile tires up
 to their proper pressure. Who said
 there was not such a think as con-
 trolled inflation?

It's strange how many people for-
 get that they are taught, when bab-
 ies, to stand up for themselves.

OUTRAGEOUS

There is a certain Scottish golf
 course where Sunday play is allow-
 ed, and where one Sunday morning
 an English player hired a caddie and
 stood waiting with him for his op-
 ponent to arrive.

The lovely morning caused the
 golfer to whistle cheerfully, but no

sooner had he started than the cad-
 die threw down the clubs and walk-
 ed off. The golfer called to him:
 "Hi, Macpherson, what's the mat-
 ter?"

"What's the matter?" repeated
 Macpherson. "D'you expect me to
 carry for a man who whistles on the
 Sabbath?"

FEED PURINA
CHICK STARTENA
 THE STARTER WITH
"INGREDIENT POWER"

Remember last fall's egg market? Everything points the same way for
 this year. Anyone who has a flock of well grown, fully developed pullets
 in production next fall is going to be "in the money".

How about your flock? Will you be "wishing" or "cashing"? It depends
 partly on the kind of chicks you start; partly on the way you start them;
 partly on the way you grow them.

We can supply Purina Chick Startena, the starter with "ingredient
 power" to get your chicks away to a flying start... Cher-R-Tabs to
 protect their health (drop one tablet in each quart of drinking water)
 ... and a good Purina growing feed to grow them out big and strong,
 once they're past the starting period. Use these helps to better pullets
 and next fall you'll not be merely wishing — you'll be cashing.

NO. 1 ONTARIO SEED CORN (Open Pollinated)
HYBRID SEED OF VARIOUS DAYS
MANGEL AND TURNIP SEED

Not too late for clovers, meadows and pasture seeding
 Oats and Barley Chop. Feeds for the growing stock.
 Also a supply of Dairy Feeds for milk production.
