RATION BOOK NO. 6
Ration Book No. 6 will be distributed across Canada during the week of September 9 to September 16. The distribution will be handled by more than 600 local ration boards throughout the country.

"Continued rationing in Canada in this country's answer to the world crying for help," said Donald Gordon, Prices Board Chairman, announcing the Government's decision to issue another ration book. "As long as human beings in so many countries of the world are starving or near starvation, it is unthinkable that Canadians should refuse to do their share in helping out."

Thousands of volunteer workers will again be recruited to serve at distribution centres and Local Ration Boards throughout the country are calling for volunteers.

Officials pointed out that while the distribution will be continued during the week in various parts of the country, local distribution centres will be open only on certain days throughout the week, and warned consumers to watch for local announcements previous to September 9 to learn when centres will be open in their own locality.

Late-comers, who have not picked up their book by the final day on which the centre is open, will not be able to receive a book before September 30, and will thereby cause themselves considerable inconvenience.

Important Notice

Hail Insurance IS LOWER THIS YEAR

Losses are heavy due to damage by hail on standing crops in York County and other counties. Only five companies are writing Hail Insurance in the whole Dominion of Canada. A number of farmers who are not acquainted with Hail Insurance rates have the impression that the rate is high but this is not correct as the following example will prove: The average grain crop on a 100 acre farm is approximately 40 acres, made up as follows—10 acres wheat, 10 acres oats, 10 acres barley and 10 acres of mixed grain. Wheat is covered to amount of \$40 per acre, oats, barley and mixed grain to the amount of \$30 per acre and the premium for the 40 acres of standing crop is \$13.00 per annum and you have a total insurance of \$1300 on same.
