**Playtime Practicality**

There's a tug-of-war-toughness in our shoes for boys. They're practical for school or for play; and sturdy enough to withstand the wear and tear of lively young scamps. There's nothing makeshift about this rugged footwear... from heel to toe "they can take it". And to top it all they're prudently priced... Don't miss them!

**BUTTER COUPONS**

There is some confusion among consumers over which coupons are valid in their old and new ration books, according to Rationing authorities. It is pointed out that R21 is the last butter coupon to be used in the old ration book and that R22 to R25 will NOT be declared valid. First butter coupon to become good in the new ration book is B26 which comes due Sept. 26.

**Earl Haig Elects Students' Council**

Last Friday was voting day in the big red schoolhouse for everyone but the first formers who because of their recent entrance into the school were not allowed to vote. The previous day the student body assembled in the gym to listen to campaign speeches. Two new officers were introduced this year, chairman and vice-chairman of the Friday Night Committee. (This committee hopes to hold a bang-up dance every second Friday during the school year).

The four nominees, two boys for the position of chairman and two girls for vice-chairman, gave short talks on their stirling qualities, in addition to the usual addresses given by the candidates for president. The speeches were all short and to the point, and in many places they were interrupted by bursts of laughter as the candidates goodnaturedly "slung mud" at each other.

Vigorous campaigning continued all day and on Friday morning the vote was taken, the results of which were as follows: Bill Turner, president; Pete Hunter, chairman Friday night com.; Betty Aston, vice-chairman Friday night com.; Bruce Escoffery, vice-president; Kathleen Speers, 2nd vice-president; Marg. Niblock, secretary; Valerie Alderson, treasurer; Mike Anevick, president of boys' athletics; Shirley Stark, president of girls' athletics; Jean Taylor and Pete Bradshaw, pianists; Betty Murphy, girl reporter; Peter Wade, boy reporter.

**Vaughan Township Ratepayers ARE ASKED TO CUT ALL Weeds-Brush**

ON ROADSIDES ADJOINING YOUR PROPERTY WEEDS, BRUSH and SMALL TREES along roadsides hold the drifting snow, stop vehicular traffic and increases snow plowing costs. During the summer the power mowers employed to cut weeds were handicapped by brush on roadsides. The Council of the Township of Vaughan do request the ratepayers to cut the brush and weeds on the roadsides adjoining their farms.

This is to your interest during the winter months and will also assist in weed cutting next year.
