**INSURANCE OF ALL KINDS**  
 With the increase of fire hazards, property owners should review their insurance policies, and due to the increased cost of materials would be well advised to increase the amounts of insurance. Also car owners who think it will never happen to them are caught some time or other without protection. The cost is a minor amount to what it will cost if an accident happens.

**Little Stories about Big People by Archer Wallace**

**SAINT NERI AND THE SOLDIER**  
 Four centuries ago a young Italian soldier stood before Philip Saint Neri—a devout monk of that period—and told of his military ambition. The youth had read and heard so much of the achievements of soldiers of other days that his imagination was fired, he could think of nothing else. Perhaps the time had come for another Caesar to appear in Rome and lead to daring conquests! The monk listened and asked the young soldier just how far he thought he could advance in the army. The youth replied, at first modestly, "I may become a captain." "What then?" asked Saint Neri. The young man hesitated and soon named a higher rank. Once again the monk asked, "What then?" and the conversation proceeded until every rank had been mentioned except one, and each time there was the same simple question. "What then?" At last the youth spoke with bated breath, "Some day I may even become a great general," and once more the monk asked, "What then?" Slowly it dawned upon the soldier what Philip Neri meant. No matter how high he rose in military circles, even if he mounted step by step until he gained the rank of general, it would mean very little if, with all his promotions, military dignity and centred upon worldly advancement, honor, his heart was completely

**GORMLEY**

Last Saturday evening Mrs. Sproule left by train for California to visit her relatives and friends for several months.  
 Mr. and Mrs. Clarence Doner had supper Saturday evening with Mrs. E. Jones.  
 We are sorry that Miss Vera Brillinger who has been working in Dr. Langstaff's office in Richmond Hill had to return home on account of illness.  
 Little Judith Ann Langstaff is spending some time in the home of Mr. and Mrs. Roy Brillinger.  
 Congratulations to Mr. and Mrs. Metro Sudayko on the birth of their son last Wednesday.  
 Mr. and Mrs. E. Hunt entertained Mr. and Mrs. Millen in their home Sunday evening for supper.  
 Supper visitors in the home of Mr. and Mrs. S. N. Doner on Sunday evening were Mr. and Mrs. Frank Harvey and Joyce, also Mr. and Mrs. Archie Doner.  
 Mr. and Mrs. Charles Milsted of Queensville were visitors in the Gooding home on Sunday. We are glad that Charlie is much improved.  
 On Monday evening of this week a shower was held in honour of Margaret Wideman and Harold Woods who will be married this Saturday evening. About 50 friends gathered to shower their gifts and best wishes on this young couple. We wish them much happiness.  
 Mr. and Mrs. Levi Byer and family moved from our community last week to their farm at Fordwick.  
 On Thursday afternoon the pupils of Mrs. McWhirter, Miss J. Maddock and Miss R. Gooding enjoyed a skating party in Unionville rink.

**MAPLE NEWSY NOTES**

The Maple C.G.I.T. are holding their first business meeting of the new year this Friday evening at the Maple United Church at 7:30 p.m. How about a turn-out girls as we have some new business to discuss. Friends and neighbors of Mr. Milton McDonald will be sorry to learn of his illness at his home in Maple. We sincerely hope he will be fully restored to health.  
 Sunday visitors at the Ramsay's were cousins Mr. and Mrs. William Ramsay and daughter and son-in-law Mr. and Mrs. Bowen all of Toronto.  
 Maple Women's Institute is holding a social evening in Maple Concert Hall on Friday evening, January 24th for the two local lacrosse teams. An invitation is being extended to all who are interested young and old, to this gathering. All ladies are asked to bring lunch.  
 We are sorry to hear that Mrs. Roberts is ill in Toronto General Hospital.  
 Misses Betty Park and Jeanette Jackson spent the week-end in Alliston the guests of Mrs. Percy Campbell.  
 Miss Annie Speight who passed away at her home in Maple on Friday, January 17, was buried Sunday afternoon from Maple United Church in Maple Cemetery. Pallbearers were R. D. MacNaughton, Wm. Johnson, I. B. Musselman, Morley Kinnee, Hilliard Bryan, Frank P. Rumble.  
 Holy Communion service will be held in St. Andrew's Church at 11 a.m. Sunday, February 2nd.  
 There has been and will be public skating every Wednesday and Saturday evening in the Sports Bowl. Next Saturday night the boys wish the old timers of the community to come out and patronize their rink

**THE HOUSEWIFE'S DREAM COMES TRUE**  
 (By Bertie Forster)

Beatty Bros. Limited, largest and oldest washer manufacturer in the British Empire, announce they will soon have on display and for sale the new Beatty Automatic Washer. This is good news for the housewife because it does away with hard labour, fuss and muss. No more mopping up spilled water and cleaning out machine and tubs, changing rinse water, stooping or bending. Just place the clothes in the machine, add the soap and water and turn on a switch.  
 The inside of the Beatty Automatic Washer is a metal washing sphere which swings back and forth 144 times a minute, providing a fast, swishing motion. A heavy, flexible rubber lining extends right across the bottom of the washing sphere and two large flexible rubber hands reach down from the top which helps to quicken the washing action.  
 Just enough water to cover the clothes is all that is needed and it may be extremely hot for the "little woman" of the household has no need to have her pretty hands touch the hot and harsh soapy water. Its unique washing principle is so gentle you can wash even the daintiest piece of fabric and ladies—your nylons too.  
 The first step in the rinse is the overflow of dirty water out the perforated top of the washing sphere. Because washing action is not stopped, and because water is drained off the top not downward, soil and soap are not redeposited on clothes.  
 After the overflow of wash water, the rubber liner of the Beatty continues to rise under 150 pounds hydraulic pressure to squeeze remaining water out the top. The hydraulic pressure is easily twice the pressure that can be applied with a wringer and is even and unharmed to buttons, hooks, etc. The slightest amount of soil and soap remaining are easily removed by a final automatic cold rinse. After the rubber liner returns to its original position the final spray rinse floods in for eight minutes and then goes out the top as before making the clothes damp-dry and ready for the line and then the machine shuts itself off automatically, thus leaving the housewife without the slightest worry and taking up only 3 minutes or less time for the whole washing.  
 The Beatty Automatic is as simple to install as attaching a garden hose, no special plumbing or electrical expense and has less than half the number of parts as an ordinary wringer type washer. It requires no special water heater if one hasn't been installed in the home. Just heat the water on the stove and pour in the top of the washer.  
 This beautifully constructed machine is finished in white enamel, trimmed in chrome, stands approximately 36 inches high and 24 inches square. It is vibrationless and can be used in laundry, kitchen or bathroom without any special foundations.  
 Along with representatives of other newspapers of Ontario we had the privilege of witnessing a demonstration of this post-war model in Ferguson last Wednesday. As guests of the Beatty Co. we were entertained to luncheon and enjoyed a very interesting and educational tour through their large modern plant.

**FINANCE MINISTER ABBOTT HAS ANNOUNCED**

Finance Minister Abbott has announced "a further step in the orderly removal of emergency controls," effective January 13 and involving removal of price controls from most goods and services not of "basic importance in living costs and production costs."  
 Mr. Abbott said it was "only too evident that the time is not yet ripe to remove all price controls" because prices of many basic foods, clothing, essential materials and rentals would "increase very substantially." However, he said "the outlook for a better balance between supply and demand is beginning to brighten" and the "menace of soaring prices is beginning to recede in some directions."

Up-to-the-minute reports of world and local events are brought to you on CFRB's regular news-casts. This is just another phase of the BALANCED broadcast schedule. For example...
