King City District News

Miss Florence Follott of Weston spent the week-end with her parents, Mr. and Mrs. G. H. Follott. Mrs. M. Rice has returned from a visit with her mother at Waterford. She is nearing her 87th birthday. Mr. James Cairns is serving on jury in Toronto.

Mr. and Mrs. James Badger of King will be at home to friends on the occasion of their 50th wedding anniversary on Monday, February 24 from three to five o'clock in the afternoon and from eight to ten in the evening. Neighbors, friends and relatives will be pleased to congratulate them on this auspicious day.

Ladies of all church denominations are asked to attend the World's Day of Prayer to be held in King United and Strange Presbyterian churches on Friday afternoon, February 21. The eucharist group of King W.I. will hold a eucharist in King Masonic Hall on Friday evening, February 21, ladies provide. Note the place.

Laskay W.I. eucharist had 19 tables on February 14. Winners were: Gents, Jack Murray and Donald Farren; ladies, Mrs. Archie McDonald, Mrs. Marshall McMurchy and Mrs. Effie Bath. The next eucharist will be held on Friday, February 28.

Well over 100 milk and cream shippers, patrons of Mr. Geo. Agar of Richmond Hill were entertained to an oyster supper by Mr. Agar in King Masonic Hall on February 13. A sumptuous repast was served with Mrs. Fred Boys, Mrs. Delbert Arlow and Mrs. William Bishop convening. Dancing concluded the evening.

Laskay Women's Institute enjoyed an exceptionally interesting program at the February meeting when the subject of hobbies was dealt with at some length. The roll call was answered with a display and explanation of various handicrafts. Among the list were a hooked rug made from wool, pieces of tating, crocheting, quilt blocks, a hand-made blouse with collar adjustment demonstrated, a demonstration of decorative hand-made flowers, smoking and fagoting samples, knitted socks and other items.

Mrs. Whatley Finch spoke on the value and use of handicraft as a means of beautifying the home, building up new things from old, development of creative ability, the joy and interest they provide and the necessity of using spare time in useful and profitable pleasure as an uplift to the individual. Children need encouragement in the hobby line, with their earliest efforts praised. Reading in leisure time or snatched in busy hours stimulates thoughts.

At the regular W.I. meeting held in King on February 11, Mrs. A. Jarvis enlarged on the motto, "If both sides make you laugh you are broad-minded." She maintained her disagreement with the statement, in that it failed to properly define broad-mindedness. Tolerance is an attitude toward others and broad-mindedness is our own attitude of mind by which we can achieve tolerance. To make fun of all our opinions and actions we cannot have any worth worth not do anything or worse while. There are plenty of other things to laugh about and we must have facts to base our opinions on, otherwise in trying to be broadminded we are likely to believe anything we are told, anything we read and so have no opinion at all.

Mindful of the 50th anniversary of the Women's Institute, a timely paper dealing with its founding at Stoney Creek, on February 19, 1897, was read by Mrs. Alvin McNair. The origin, organization and aims were described showing a development known to many countries, as the largest single women's organization in the world and as the only women's organization sponsored by the government. The W.I. has travelled a long way in 50 years from the first group to an international organization and because our aim is to continue to be of service in any sphere, that has for its purpose right living, and betterment of our fellow-men will continue to flourish.

Piano solos were given by Thelma Gordon and Shirley Rawlings. The refreshments constituted salad craft, when individual salad plates arranged by members, were judged by Misses Gerry McDonald, Louise Kelley and Marie Wilson of King. Based on originality, crispness, suitability of container, color combination, quantity of dressing, arrangement and general attractiveness, judges had some difficulty in choosing winners from the large display. Prizes went to Shirley Rawlings, fruit salad; Mrs. Hugh Ross and Mrs. Laura Rollie, vegetable salad.

The draw for the fancy satin cushion donated by Mrs. H. Clarke and Mrs. Roy Hollinshead was awarded to Mrs. A. Crump, Toronto, with \$8.80 made for the W.I. Kinghorn group, who will entertain at the home of Mrs. R. Burns on February 21.

Mrs. Fred Dent gave a description of conditions in an English town as she viewed it on her recent visit to the hardships prevalent at the moment of rationed foods, clothing by points is something of a worry, and general debility among the poorer classes exists. She spoke before the W.M.S. of King United Church at the home of Mrs. Wells McDonald on February 13. Mrs. G. H. Follott reviewed a portion of the mission study book.

An appeal for relief for China is being made throughout the United Churches of Canada on February 23. Eversley W.A. made \$14.50 from a book sale held at the school on February 14, proceeds to be applied to church endeavors. The pot had all kinds of good luck in it and the tables were inviting. Games and music followed.

Mrs. Ewart Patton, Mrs. Bob Norrie, Miss Alice Ferguson and Mrs. L. E. Rolling attended the afternoon tea and program given by the choir of Temperanceville United Church at the home of Mrs. Fred Hare on February 14 when Dr. Helen Hogg, Richmond Hill, lecturer in astronomical research at Toronto University delighted her hearers. Dr. Hogg spoke on "Stones from the Skies" describing falling stars or meteorites in their rapid descent and break to earth. A piece of nickel-iron meteorite was displayed, considered of great value to the astronomer. These wonders by their high velocity and friction caused by passing through our atmosphere give off bright light, which to the naked eye appears much larger than in reality because of their great distance from the earth. Meteorites are seen before dawn, but there is no danger of being struck by them as their falls are years and years apart, and with Canada's sparse population chances for human damage are negligible. However one may find a piece of falling star substance in the garden perhaps, if one of the thousands of meteor particles happens this way on its travels to the big, big earth. It required 150 years for scientists to believe stones, in reality could fall from the skies. Providing music for the occasion were Mrs. Jack Clift, violinist, and contralto soloist, Miss Ann Dumbleton of Woodbridge, soloist of St. Anne's Church, Toronto, who, accompanying herself on the piano, sang most beautifully. Miss Dumbleton has distinguished her profession with unqualified success as a music teacher, and also as supervisor of music in Woodbridge school. More than \$52 was raised from the tea for the church choir, led by Mrs. George Bracken and a \$20 cheque of that amount was given by church officials. Tea was poured by Mrs. Charles F. Burns and Mrs. James Lanestaff of Richmond Hill who had earlier introduced the speaker, Dr. Hogg.

A highlight of the W.A. new year program at St. John's Anglican Church, Oak Ridges, was a recent address of Rev. W. J. R. James of Baker Lake, Arctic Canada. Mr. James was introduced by his colleague mate, Rev. E. W. G. Worrall. On furlough for medical treatment, Mr. Baker has labored in this mission field since 1931, and is devoted to the work and the people. Innumerable reforms have been established there by the rector. He has travelled as far as 500 miles over Arctic territory to perform one baptismal

and as many as 100 have received baptism on other occasions.

The W.A. decided to remember the mission at Christmas time in 1947, to send parcels for distribution among the Eskimo congregation. To help families in Britain the W.A. voted to send periodic parcels of food, clothing, household needs, etc. to individual persons there. Each month, the president, Mrs. Snively, will pack the gift boxes. Monthly refreshments for the Auxiliary will be cut in half, with the idea of replacing its value in goods for the overseas gifts.

St. Andrew's W.M.S. At the February meeting of St. Andrew's W.M.S. of Strange Presbyterian Church held at the home of Mrs. Rhode Farren, Mrs. Charles Black, president, reviewed a chapter from the study book on India, touching on the country, the people and the mission fields. Mrs. Whatley Finch expounded the query "What's the Hurry?" In our frantic rush to pursue temporary interests we may not absorb the material so generously strewn along our way, summarized the speaker, thus we lose that material for building soul and character for eternity. Martha diligently prepared the house for her Master's coming. She busied herself with detailed attentions to His needs, while Mary paused to feel the sheer joy of His presence absorbing some of the greatness of His Supreme Being. So often the way is missed because the wrong things are considered as most important.

EDGELEY

The Edgeley Farm Forum will entertain the Emery, Richview and Temperanceville Farm Forums at Edgeley Hall on Monday evening, February 24. It is review night and after the broadcast the program will be given. The Vellore Harmonettes, Misses Mary, Jean and Ruth McGillivray, Orphie Orr, Mary Keffer and Mrs. Chas. Grubb with Miss Mary Watson of Kleinburg as pianist will render several numbers. There will be business items to be discussed also.

Mrs. Frank Chapman and Mrs. Gordon Atchison of Emery, Mr. R. S. Keffer and Mr. Paul Snider attended the Zone Meeting of the Farm Forum at Orangeville last Saturday. There are five counties in the zone and four were represented that day.

Increased yield, early maturity, full flavor, and excellent shipping quality are a few of the advantages many growers are attributing to Vigoro Commercial Grower. These are advantages that spell EXTRA profit. Invest! INVEST!

Back to the Bible and God Crusade

Where are you going to spend eternity? One road leads to Heaven, the highway of Holiness. The Broadway leads to Hell. Only one door into Heaven, Jesus said, "I am the door." Take warning friends, be ready for the Lord's return: "Watch therefore for ye know neither the day nor the hour wherein the Son of Man cometh."—Matt. 25:13.

Read Luke 21: 25-33 "And then shall they see the Son of man coming in a cloud with power and great glory. And when these things begin to come to pass, then look up and lift up your heads for your redemption draweth nigh."—Luke 21: 27-8.

ARE YOU READY? Be ye therefore ready also: for the Son of man cometh at an hour when ye think not.—Luke 12: 40.

HOW TO BE READY Repent and forsake all sin. Ye must be born again. Except a man be born again he cannot see the kingdom of God.—John 3: 3.

Except a man be born of water and of the spirit, he cannot enter into the kingdom of God. Marvel not that I said unto thee, Ye must be born again. Today is the day of salvation. Now is the accepted time.
