Dr. Routley emphasized the need for strong individuals, noting, "that a chain is as strong as its weakest link." Lion Fred Routley spoke of his many experiences with Service Clubs and other organizations, and told us that it was all a case of giving, giving of time and energy and that there was only the satisfaction of helping others. Maple Lions Club has a great future as long as all its members work hard for the Ideals of the club.
Maple Lions Club is looking forward to its next meeting when District Governor Lion Frank Underhill will speak to the Club. All the members were very pleased to hear that Lion Frank Underhill would be the Club's first guest speaker at its regular meetings.

Liberal Candidate, East York
I regret my late nomination prevents a complete personal canvass. Please accept this as my solicitation for your vote and influence.
In East York-VOTE MAGWOOD

The year was 1835 ...

... over 32 miles of primitive roads and tangled woodland trails walked six Canadian pioneers ... arguing fiercely as they went. Their purpose: to kill each other's vote!

Yes, these six early settlers knew they were evenly divided in opinion ... that three would vote for one candidate Dr. William Dunlop, The Canada Company's man ... and three would vote for the other candidate, Col. Anthony Van Egmond. Yet they made the grueling march to Goderich, Ontario, there to cast their ballots in the 1835 election of The Upper Canada Legislative Assembly. Not one of the six said "There's no use my going—my vote will be killed."

When YOU cast your secret ballot at every election—municipal, provincial, federal—you exercise a duty and privilege planned, worked and fought for by your forefathers. Your vote protects the future of your children. To fail in this duty is to be less than a good citizen.
