## Vaughan Names Planning Board

Vaughan Township Planning Board was officially named at the regular meeting of the council Monday of this week. The Board charged with responsibility of giving leadership and direction in planned development of the municipality will be made up of Reeve Weldrick, Councillor Marshall McMurchy and A. O. Thorne, Thornhill, T. A. Keffer, Concord, and Len Patterson, Nashville.

The Township already has passed a by-law regulating all building within the municipality with restrictions as to type of building and size of lot. The Planning Board will act as a committee of adjustment in cases of appeals against the provision of the by-law and generally will guide and direct development.

Deputy-Reeve John Hostrawski presided at the meeting in the absence due to illness of Reeve Weldrick. Councillors Marshall McMurchy, Carl Shaw and Bert Phelps were in attendance.

It was reported that at a recent meeting of council with trustees of the school sections it was decided that any action on the formation of a township school area to replace present school section administration be postponed until a later date. This decision was arrived at following presentation of figures showing the operating cost of the individual sections and comparing them with the cost of a township school area. The municipality of Vaughan has purchased a power sprayer at a cost of \$1265, and it is expected to be in action any day now spraying roadside weeds.

A by-law was read providing for the formation of the Richmond Hill High School area including in addition to the village of Richmond Hill, the village of Woodbridge, all of the township of Vaughan and part of the township of Markham. It was agreed that pupils now attending Weston or Earl Haig High Schools be allowed to continue their courses at those schools.

Treasurer J. M. McDonald reported receipt of approximately \$70,000 from first instalment of taxes and it was agreed to pay at once the amount of the general school levy to the various school section.

## Better Police Protection Urged For Richmond Hill

FULL TIME POLICE OFFICER SUGGESTED—COUNCIL TO GET ESTIMATES ON SEWERS NEXT WEEK—ZONING BY-LAW TO BE PRESENTED SOON—PARK IMPROVEMENTS TO START EARLY NEXT MONTH

A full time police protection service for Richmond Hill village was suggested at the regular meeting of the municipal council this week. Reeve P. C. Hill brought up the matter in commenting on the traffic accident here last Saturday when there was great delay in securing the services of a police officer and finally a policeman had to be called from Markham village.

Councillor Ken Tomlin said that present conditions as far as police in Richmond Hill are concerned are a disgrace. "I don't know of a municipality anywhere of comparable size without the services of a policeman," he said. He was amazed that Richmond Hill alone of municipalities in this district of York County was without such service. "Police protection is a service the ratepayers are entitled to," he said "and it's our duty to provide it."

Councillor Cecil Mabley questioned the need for full time local police when the village was now so well provided with police officers. "Where is there a town anywhere with more police?" he asked and pointed out that there are three county police officers residing in the municipality. He pointed out also that provincial police patrol Yonge Street and that the village has a record to be proud of as far as freedom from crime is concerned. "We have less crime here than anywhere and I don't see why the taxpayers should be burdened with another couple of thousand dollars a year," he said.

Councillor Wesley Middleton said he hesitated to support the suggestion for full time police protection nevertheless he realized the time was fast approaching when it would be necessary. "It will be costly," he said "as we will need two men."

"I don't think we would need two men," said councillor Tomlin. "I think we could get by with a man working an eight hour day but on call for twenty-four hours."

Councillor Mabley said Yonge Street was a provincial highway and fines for infractions of traffic laws went to the province. Why, he asked, should our taxpayers pay for policing it?

Councillor Tomlin contended the council was "showing its own inefficiency by not providing the police protection to which the taxpayers are rightfully entitled. "What's the use of us passing by-laws?" he asked, "we have no machinery to enforce them."

Councillor Tom Taylor said that whoever did the policing there was urgent need for checking the traffic on Yonge Street. "We're going to pay with some loss of life one of these days if speeding through the village is unchecked," he said.

On motion of councillor Taylor the matter of police protection was laid over to be discussed further at a special meeting to be held July 14th.

**Sewer Estimates Coming**  
At the same special meeting Engineer Redfern will attend and the proposed sewer construction will be discussed. The engineer advised that he would be prepared by this date to give estimates on cost of construction and installation. His letter stated that costs have increased considerably since the last estimate, but also observed that the village assessment had increased by a substantial amount and the municipality thus would be better able to carry the necessary levy.

**Ask Better Phone Service**  
Following discussion of telephone service in the village the clerk was instructed to write the head office of the Bell Telephone Co., asking improved service. Reeve Hill pointed out that a petition to this effect was being circulated in the village and he thought the municipality should take the matter right to the head office of the company.

**New Water Supply**  
Council authorized the signing of a contract with the International Water Supply Co. for the development of a new well at the easterly limits of the village. Approximately \$3000. was spent drilling test holes until a satisfactory supply was finally located on the farm of Harold Mackie just east of the village. Engineers have still tests to complete but are most optimistic that a very

fine supply of excellent quality water will be available from this well.

**Zoning By-Law Coming**  
Councillor Tomlin corrected his report of the zoning by-law drafted by the Planning Committee which he gave at the last meeting. He said the proposed by-law will zone the village designating residential, industrial and commercial areas, but the provisions would not prevent anyone building a residence anywhere in Yonge Street. "Yonge Street on both sides will be designated as commercial area, and this will apply to a depth of 165 feet. A section in the east half of the village starting at a point 1000 feet east of the commercial area limits will be industrial, and all the rest of the village will be residential. He pointed out that the by-law would prohibit the establishment of any store or business in any other than the commercial area which includes on both sides of Yonge St. to a depth of 165 feet. The by-law also will provide that any new construction on Yonge Street be at least five feet from the street line.

Reeve Hill and members of council were inclined to favor the by-law and will consider it in detail when it is finally drafted and presented to council.

**Nomination Speech Recalled**  
In discussing the proposed planning by-law Councillor Tomlin made it plain he wanted action. "I want this thing to be dealt with one way or the other, I don't want it to drag on month after month," he said. "There are some other things hanging fire" commented Reeve Hill and one of them is the erection of our new lights on Yonge St.

"I've been doing everything possible to get this work started" said councillor Tomlin.

"I know you have" said the Reeve, "but last nomination meeting you took last year's council to task for the delay, and now you've had seven months as chairman of electric light and we have no lights yet."

Councillor Tomlin said he hoped the new lights would be erected soon. "They're putting them up in Toronto and other places, I don't see why we can't get some action here" said the Reeve.

**No Dance Hall**  
Mr. F. Price of Toronto who owns some land in the northern section of the village asked for permission to erect a dance hall. "Not as far as I'm concerned" said councillor Wesley Middleton. All members of council supported this view and no permit will be granted.

**Will Grade Park**  
Councillor Middleton reported that the Agricultural Society had offered to make a grant of \$1000 towards the cost of grading and improving the park. It is proposed to grade and level the area east of the curling rink as far east as Pugsley Ave. and that the whole area be drained. It is proposed to start operations right after the Lions Field Day early in August.

**Suggests Playgrounds**  
Mrs. William C. Wilson wrote council suggesting the installation of swings, slides, sand-piles and other playground equipment in the park for the use of young children during the summer. It was pointed out that quite extensive playground equipment was erected in the park and at the Municipal Hall some years ago, but had not proven very satisfactory without supervision. Equipment had been smashed and people, not necessarily youngsters, banging the teeters, etc., until all hours of the night had created quite a nuisance.

"I don't think we can afford to go into those things just now" said councillor Tomlin.

"It's a fine idea, but it doesn't work out without some kind of supervision," said councillor Middleton.

The collector of garbage waited on council and complained that householders were using cardboard cartons for garbage. "If it rains the bottom comes out of the carton and the garbage is strewn on the street" he said. Councillors agreed metal containers must be used and the regulation garbage pails were strongly recommended.

Accounts passed included \$1618. for oiling the streets, and \$2752 for a new Dodge 2-ton dump truck pur-

## Radials Continue On Monthly Basis

Transportation Question Will Be Submitted To The People

Reeve Percy C. Hill reported to the Richmond Hill Council this week that at a meeting of the North Yonge Radial Commission it had been decided to continue operations of the present radial service on a month to month agreement with the T. T. C. The five year agreement expired July 1st.

The Reeve said that there are proposals to dispose of the radials and substitute a gas or diesel bus service, and that other proposals are to have the T. T. C. take over the line and operate it as part of the city system, and that present operation be continued with the line double-tracked to Steele's Corner.

During coming months complete details of all proposals with figures will be presented to the people through the press and at public meetings, and when it is felt the people have a full knowledge of the situation, a vote will be taken in the transportation areas of North York, Markham and Vaughan townships and in Richmond Hill.

Reeve Hill stated that figures to the end of 1947 showed that the line since the inception of its operation had earned \$286,000. more than all charges against it.

Passenger revenue on the North Yonge radials for the first five months of 1948 shows an increase of \$3,091.93 or over three and a half per cent over the same period last year. This was revealed in a report from the T. T. C. released this week. The operating profit for May was \$3,541.87 compared with a profit of \$3,603.71 for May 1947. Passenger revenue for May was \$19,876.23, which is an increase of almost 8 per cent over the same month last year. Operating expenses for May were approximately \$1500. more than May 1947.

## King Street Dance July 21

A record crowd is expected at the annual King City Street Dance which will be held Wednesday, July 21st. There is keen interest in the lucky draw for the free trip to Bermuda and seven other valuable awards.

The evening's program will be featured by dancing to music by Rus Creighton's orchestra and there will be bingo and a midway of varied and exciting attractions. Continuous movies will be shown and there will not be a dull moment from start to finish. All proceeds are for King Memorial Hall and the event is sponsored by Lake Marie and King Athletic Association.

## Lions Carnival Aug. 2nd

Richmond Hill Lions Carnival will be held this year Monday, August 2nd, Civic Holiday, and it will be staged in the park instead of on Yonge Street. There will be an afternoon program featuring a Horse Show and in the evening the usual monster dance and midway. More than \$1000. in prizes will be given to holders of lucky number tickets and many other feature attractions are in store for the patrons this year. Reserve the date now for Richmond Hill Lions big show, Monday, August 2nd.

## BARN BURNED

The large barn on the Legge farm corner Yonge St. and the Markham-Whitechurch townline was struck by lightning and burned during the storm Monday night about 11 p.m. Richmond Hill Fire Brigade answered the alarm but the flames had gained such headway the structure was almost completely destroyed. The barn was owned by Mrs. P. C. Hill, Richmond Hill.

chased from William Neal. The new truck is now on the job and council members commended Mr. Neal for his good service in the transaction.

Reeve Hill reported that the Library Board plan alterations to the room downstairs at the municipal hall. The Library now on the second floor will be moved to the ground floor just as soon as alterations are completed. A new direct entrance will be made at the south side. The Reeve reported that Fred Taylor had declined appointment as member of the Library Board and council authorized the appointment of James D. McLean.

It was reported that Christie Clark of the village works staff had resigned the clerk was authorized to insert an advertisement for a man to fill the vacancy.

## Maple Plans Warm Welcome For Old Boys And Girls At Old Home Week Celebration

Citizens of Maple under the energetic leadership of the Maple Lions Club are busy preparing for Old Home Week which will be celebrated with a big three-day program September 3rd, 4th and 5th. An invitation to native sons and daughters and former residents has been sent out to all parts of Canada and as far south as California. Although the campaign has just nicely started there already have been enthusiastic responses from six of the United States and from over forty different and widespread communities in Canada.

Everywhere the idea is received with enthusiasm and former residents are delighted with the prospect of a visit to the home community and residents of Maple and district are determined to spare no effort in making their home-coming enjoyable and memorable. The program will start Friday, September 3rd, with a monster Street Dance and Village Fair. Saturday will be another big day with a sports program in the afternoon, concert, movies and other varied attractions at night. Sunday will be featured by a great open air community service of worship.

Details of the program will be announced from week to week but it is assured there will be no lack of top notch attractions and entertainment. There will be parades, special contests and interesting attractions featuring the "good old days". The big home-coming celebration is sponsored by the Lions Club but

President Art Wells who is a busy man these days says that the cooperation of all the people of the entire community and district is needed to put the event over. The mailing and billeting committee is especially anxious to obtain as quickly as possible the names and addresses of all former residents so that invitations may go out to them at once. Send names and addresses now to Maple Lions Club, Box 13, Maple.

Working hard these days preparing for Old Home Week are the following committees under the leadership of club president, Art Wells.

## Weekly News Notes From The Richvale District

### Richvale Community Hall News

The building committee under the jurisdiction of Mr. Wilf Burns and Mr. Bryan Bailey had hoped to pour the floor of the community hall this week-end, however due to the uncertainty of the delivery of certain materials and having a little more work to do with the fill used to strike the floor level it will not be until the following weekend, July 17th, that the floor will be poured. It is urged that the volunteers keep this week-end in mind as it is necessary that the job be completed in one day and to do this a majority of workers will be required.

Thanks are extended to Mr. Al Baker for the use of his tractor during the past week when it was used to considerable advantage in packing fill between the foundation walls. As a result of this generosity a great number of work-hours were saved. It was with regret that the building committee accepted the resignation of one of its members, Mr. Albert Valcourt tendered his resignation last week-end with the request that it be accepted. Due to the press of private matters Mr. Valcourt has been unable to devote as much time as he would like to with regard to the building program of the community hall and felt he should relinquish his place to someone who could spare the time needed. However Mr. Valcourt stated that if and when he had time to participate he would be glad to serve in an unofficial capacity.

The Vaughan Women Workers, that small but astute group of Richvale ladies are at it again, helping to make the community hall more of a reality than ever.

This Saturday, July 10th, the ladies are holding a bazaar in the Richvale Public School. There will be quantities of home cooking of all kinds as well as home knitting and other sundry articles for sale and judging from the success of last fall's bazaar it will be a gala affair. Speaking as one who has tasted the culinary efforts of these ladies, let me be quoted as saying their cooking is out of this world. Brother! Pass that pie.

**Grants and Greans Coming Up**  
With the success of their first wrestling venture fresh in their minds, the East Vaughan Ratepayers Association are again going to bring the boys of mayhem and bruises back to Richmond Hill Arena.

That children's idol, Richvale's own "Red" Garner will again be promoter and chief participant in

the coming evening's festivities or should I say hostilities. Once again the proceeds will be used in the Richvale Community Hall building fund. Mr. Garner is using his every connection to present a well balanced card for the pleasure of the fans. A surprise feature will be added to the regular bouts and it will be in the form of two mystery men who are local boys; "Red" would enlighten us as yet as to who they are — well, what has the Gardens got on us. The night of the affair will be July 20th, the place Richmond Hill Arena.
