PERFORMS SUNDAY - Dorothy tress, who will play a leading role in the Sunday, July 11, broadcast of the drama series about Canadian life, Behold This Land. Sub-titled The Wo-150 bus. of Buckwheat, suitable for man from the South, the July 11 program will be heard at 10.00 p.m. EDT, on the CBC Trans-Canada network. The play tells about the coming of a mysterious woman to a small village, where she tries to take a young man away from his wife and child. Dorothy Davies' voice has become familiar to Canadian radio listeners through broadcasts of Vancouver Theatre, in which she is heard frequently.

FOOT INFECTIONS

A serious problem in many sports and industries is funguous infection of the feet, popularly known as "athlete's foot." It thrives in showers and locker rooms where warmth and moisture encourage propagation of the fungi. Troublesome symptoms of the disease include an intolerable itching, swelling, redness, cracks in the skin and small blisters. The skin between the toes is moist and rubs off easily. Regular disinfection of floors, provision of special footwear such as wooden clogs for use in shower rooms, and foot-bath disinfectants are suggested to meet the problem.

THE EYES HAVE IT

Of all the hazards affecting the average Canadian, those which may damage the eyes are among the most far-reaching in their effects upon his life, happiness and livelihood. Every-2 Brass Beds, Springs and Mattress one should know how to protect his eyes by recognizing the signs of eyestrain and appreciating the particular hazards associated with his job, his sports activities and the locality in which he lives Among the first signs of abnormal eye conditions may be itching of the lids, styes, redness 1 Franco Persian Rug, size 6 ft. 6 of the lids or eyes, burning of the eye-ball or light-sensitiveness. Headaches, dizziness and even disturbed stomachs may be traced to eyestrain.

Glenda Flowers.

Of special interest to all York County Junior Farmers is the recent announcement that there will be held the first District Junior Farmer Camp in Ontario embracing the counties of York, South Simcoe and North Simcoe during the first week in September at Camp Ashunyoong on Lake Simcoe. This special event is the outcome of a suggestion by the District Director, Lois Graham of Highland Creek, and a meeting of Junior Farmer Executives for the above three counties held last week in New-

This camp is entirely apart from Arthur, Gloria Page, Phyllis Russ- the Ontario Junior Farmer Camp ell, Jean Roberts, Juliet Sarabura, held the following week end and will Nancy Simpson, Paul Spenceley, give all local clubs in the county representation on an even basis of boys George Styan, Ralph Taylor, Shirley and girls. York is asked to send 28 delegates. The camp will be designed to bring out leadership in the young people, to train them for present and future work and to once again bring to them an opportunity generally considered as lacking in the country. It is another step in the ever-growing advancement of Junior Farmer work.

The representatives must be single and be between the ages of 18 and Frank George, Mary Harrison, Gail 25. A Camp Committee to discuss Nicholson, Charles Roberts, George and deal with the entire organization of the camp has been set up and the York officials on that committee are Lois Graham, Highland Creek; Orphie Orr, Maple; and Bruce Snider, Donna Banks (R), Joan Boyes (R), Maple. During the next few weeks local clubs will be choosing their delegates and all Juniors will be anxious to see who will be the lucky and deserving persons.

LOOSE SMUT IN WHEAT

While most of the fields of winter wheat are very promising a great many farmers are disappointed with the amount of loose smut showing since it headed out. The recent rains and winds have removed much Joan Thurston (hon.); Mavis of the blackened mass of smut but it will be easy to detect for a few

This is the second year the Cornell Viggo Christensen; Frank Boadway; 595 variety of winter wheat has been grown in York County and the alander; Sylvia Proctor; Bert Beckett; most total absence of loose smut is remarkable. Our Agricultural Representative, W. M. Cockburn, Newmarket is urging all farmers to check closely on their wheat fields right away and look up fields where suit-Doreen Hiltz (hon.); Frances Grif- able seed might be obtained. Names fiths (hon.); John Bratton; William 595 have been listed at the Agriculof most of the growers of Cornell will be mailed to anyone on request. In order to secure as wide a distribution as possible of this smut
