"We're adding more Long Distance lines all the time"

LONG DISTANCE lines are busier than ever and the number of calls is still increasing.

Though some calls are delayed, most are put through "while you hold the line". We are adding more cables and switchboards just as fast as possible to make Long Distance service even speedier.

These additions, plus unseen technical improvements, are part of our continuing program to provide the best telephone service at the lowest possible cost.

MAPLE DEFEATS NORTH PEEL
Blue Shirts Regain Winning Form After Ten Minutes of Overtime
After piling up an early lead, Maple faded badly in the third and fourth periods. At the end of full time the score was tied at six all.
In the overtime, Roy Thompson scored on a picture play to give Maple a much needed win.
The game started off fairly fast. Maple carried the play and soon built up a commanding lead. At the end of the first quarter, the locals had scored four goals, while the visitors were scoreless.

In the second period, Maple added one goal and held the "Redmen" scoreless. Maple were displaying a steady slow attack and holding the visitors in check.

In the third period, Maple still carried the play, but brilliant goalkeeping by the Redmen's net minder limited them to one goal. The North Peel team scored three goals and were showing signs of their true form.

In the fourth period, Maple allowed their checks too much leeway and the score was tied at six all at the end of full time. Maple, in fact, were hanging on the ropes at the final whistle.

In the overtime play was about even. Roy Thompson, at the three minute mark, carried the ball past three of the "Redmen" and settled the issue. The "blue shirts" commanded the play until the final whistle.

Stars For Maple

Maple showed good team play and for three quarters of the game checked very well.

Roy Thompson's goal was a beautiful effort. He also came very close on a number of occasions.

Ken White was also a standout. He played a strong game on the defense and scored two goals.

Gord Orr, Al McNair (on a brilliant dash), Jim Jones and Stan Foster completed the scoring.

Stars For North Peel

North Peel are a young fast team. They are not as powerful as the Ingelwood team of a year ago. They are a very pleasing team to watch and are very clean.

Berney, Wilson, McConnel starred on the attack for the "Redmen" and their goalkeeper played a great game.

Harry Burton appeared in a blue uniform for the first time and gave a good display. He will give Maple much needed strength down the centre lane.

Maple at Hespeler

A combination of an aggressive Hespeler team and the heat were too much for Maple on Monday night. The Hespeler team deserved their eight to three win.

Ken White was again the star for Maple, while Stan Foster and Pete Rumble also gave a creditable showing.

Orangeville play Maple on Monday night of this week. Orangeville is one of the best teams in the circuit and the last team to appear before the Maple fans this year. This game should be outstanding.

BUTTONVILLE

Clara McGee and Sunday School class were entertained at the home of their former teacher, Mrs. W. Fisher, Thornhill Tuesday evening and report a very enjoyable evening.

Yvonne McGee, Jessie Boynton and Norma Barker returned home after spending two weeks at camp.

Two ritzy ladies met on Main St. "Hello," said the first, "you look nice and tanned. Just get back from Florida?"

"Yes," answered the second "and did we have a great time! For \$40 a day we stayed at the Roney Plaza."

"You mean Roney Plaza. Plasma is blood."

"Well," countered the first, "is \$40 a day barley water?"

NEED CARE, COURTESY AND COMMON SENSE

Ontario's spring and summer uptrend in traffic fatalities received an encouraging setback last month with 43 fatal accidents reported, 26 fewer than during the same period last year and 14 fewer than in May 1948.

Despite more motor traffic than ever before, this winds up Ontario's traffic record for the first half of the year with fewer fatal traffic casualties than in any half-year period since the end of the war. However it must be remembered that the worst time of the year for traffic accidents is still ahead.

For the next two months heavy summer traffic and fast driving will endanger many otherwise happy holidays. A little less rush and a little more common courtesy will go a long way toward maintaining Ontario's recent improvement in traffic safety.

Based on the last 10 years' experience, the average number of traffic fatalities in June is 55, in July 59, in August 69, and in September 75. Ontario now has more people going on paid holidays than ever before, and with more people driving more miles in newer, faster cars, these averages may well be exceeded unless everyone uses more care, courtesy and common sense.

YONGE STREET TRANSPORTATION

Anyone who travelled Yonge Street last week end could get a pretty fair estimate of how successful a bus service could operate to serve the people of this district. We hope that advocates of a bus service made the trip by motor from Richmond Hill to Toronto a few times last Friday, Saturday or Sunday.

Attractive pictures already have appeared in the Toronto press of busses which are ready to take the place of the radial cars. No matter how modern or attractive the busses may be in design and construction the sixty-four dollar question still is how can a bus service give adequate service on a highway jammed for miles with motor cars?

Until this question can be answered satisfactorily we think the people of the North Yonge Street district will prefer to retain the Radial service.

Not only would a bus service under existing traffic conditions fall far short of giving the required service, but the operation of busses would add to the difficulties of motorists who use an already overcrowded highway.

INSTITUTE WILL TRAIN COMMUNITY LEADERS

Camp Sunfish on Lake Simcoe will be the focal point during the last two weeks before Labour Day of a Provincial training plan for community leaders. Organizations interested in improving their programmes in Social Recreation, Drama, Music, Physical Recreation or Arts and Small Crafts, may send representatives for special courses in these fields. Human Relations (group discussion) will also be a separate course.

Each of the special courses will be given an opportunity to work out in the way in which their activities integrate with each of the others, and how this type of organization may apply to home communities. Giving leadership throughout the course of the Institute will be Recreation Directors from several Ontario communities and specialist members of the Departmental staff. Among the additional outstanding instructors are Mr. Gordon Yearsley, Ontario College of Art; Dr. Roby Kidd, Canadian Association for Adult Education; Miss Kay Stevenson of the C.B.C.; Mr. James E. Dean of the Central Ontario Drama League; Prof. Alan Klein, School of Social Work, Toronto.

Full information regarding this summer course may be obtained from the District Supervisor of Community Programmes, 206 Huron St., Toronto 5, Ont.
