Village Plans New Library Room

By D. G. Little

The Richmond Hill Public Library Board is engrossed these days with plans for a new and improved location for the library.

If the addition to the public school is completed by September the room downstairs in the municipal hall, formerly used as a classroom will be available for library purposes.

Interesting improvements are contemplated, and work will be started by Mr. C. H. Sanderson as soon as assurance is given that the room's usefulness as a classroom is over.

In the near future, it is planned to construct a south entrance to this room, which is considerably larger than the old one, and it is hoped that something will be done to beautify the surrounding grounds.

The board has arranged for a large picture window and also a door to be cut in the south wall, the latter to give access to an office for the librarian and possibly a story room for the children.

The room as it is today needs a new ceiling, a plywood floor on which to lay linoleum or tile, new lighting, partial replastering and complete redecorating.

The finished project will mean a really attractive library and reading room, and what is more important than anything else, there will be no longer any leg-aching stairs to climb. Undoubtedly the number of library patrons will greatly increase on this account alone.

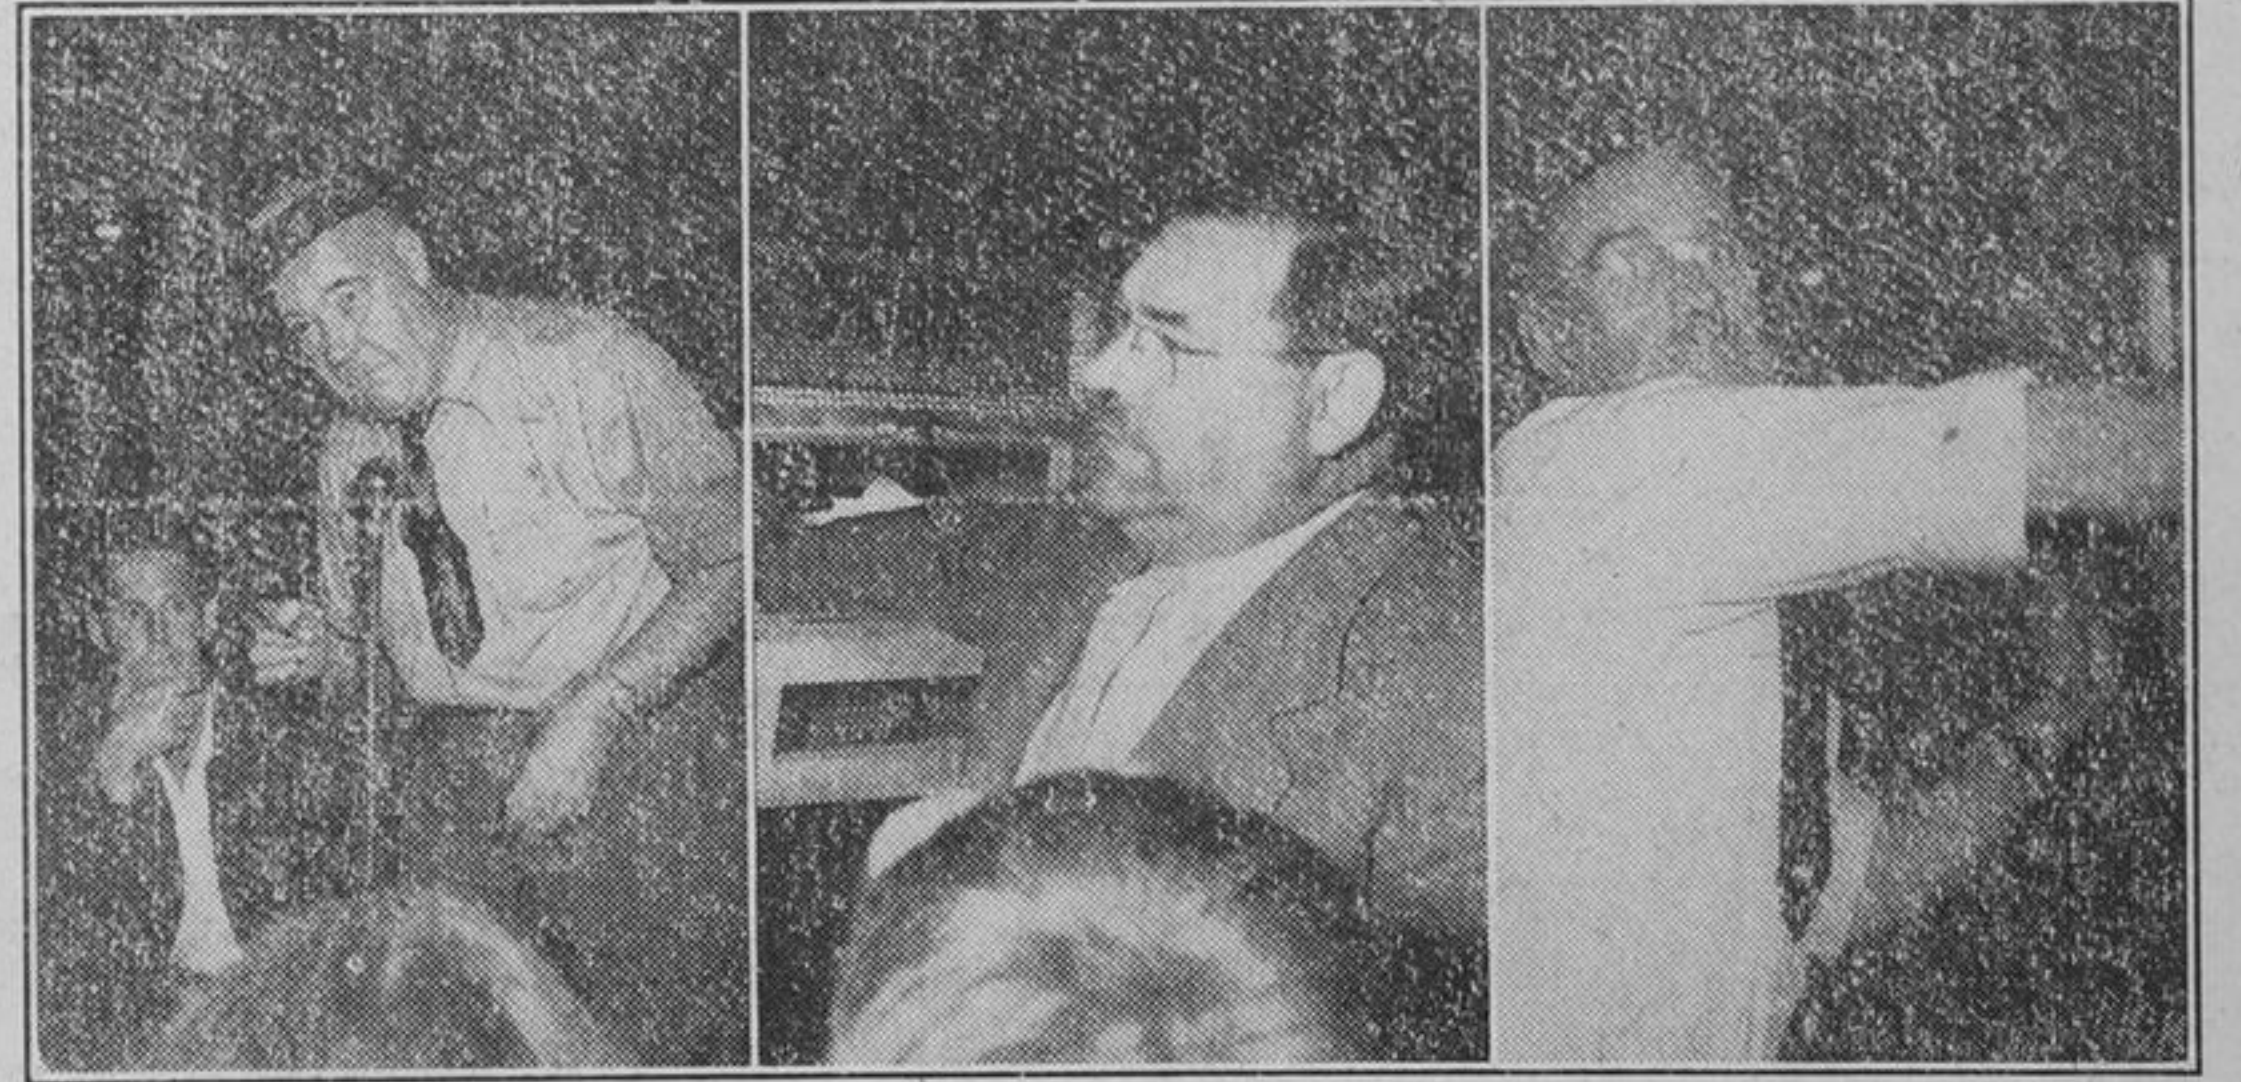

As to funds — the Women's Institute has promised help; the library treasury has a limited sum at its disposal, and a provincial grant for constructive work on libraries amounts to \$200.

The Library Board hopes that further financial help will be forthcoming from those enlightened citizens of the village, who realize how much an attractive and up-to-date library adds to the cultural life of a community.

It is possible that a donor will be found for the new south window, another for the floor-covering, another for the lighting.

How interested are you in the future of your library?

Boys Grain Club Meet at Unionville

A very quiet organization, the York County Boys Grain Club, last week met in the Unionville Hall for another of their informative meetings. These boys lack the publicity generally given to calf clubs but do excellent work and are to be especially congratulated on the fact that although they are mostly in their teens they drive as much as twenty miles to attend one of these meetings. Last week with President Bob Hamilton and Secretary Glen Atkinson both of Schomberg, the lecture portion of the evening was spent on the smuts of grains and many of these boys could vie with their parents on the knowledge they have of these crop diseases. How to take soil samples was another of the subjects discussed. Just lately the Assistant Representative, Archie McKenzie, has been around scoring tobacco standing crop of oats in the field and mentioned that on the average these crops were looking very well and that many of the boys had convinced their parents of the merits of their variety. The evening concluded with the judging of two classes of grain and reasons were taken and an official placing given by Ray Ingleton of Agincourt, a former outstanding club boy, and this year's club leader. On the evening's club work, Don Fieldhouse of Woodbridge was top judge with a perfect score on placings. A pleasant social period followed to the accompaniment of ice cream and soft drinks, compliments of the sponsoring organization, the York County Junior Farmers.

MAY REPLACE SWITCHES

North Yonge Street municipalities, owners of the Radial line have asked the T.T.C. for an estimate of the cost of replacing switches at stops five and eight. The general opinion is that the elimination of these switches was a needless expense which only slowed up the service.

Sport News And Comments From The Maple District

LACROSSE

Maple Loses To Orangeville And Oswekan Indians Locals Try Hard, But Loose Play And Understrength Prove Too Much For Them AT ORANGEVILLE Orangeville 7-Maple 6

Taking a two-goal lead in the first period, although minus three of their regular players, Maple looked very promising in the game at Orangeville. They faded in the second and third periods and were on the short end of a 6-3 count at the end of the third.

In the final stanza, after Orangeville had added one more goal to their lead, Maple took over and drove the Green Shirts back until it looked as if they would tie the score. The last rush of the game by Gordon Orr just missed by inches.

The play throughout was very good. There were only a few penalties and Maple put on a great display although they were badly short-handed.

Stars For Maple

Stan Foster was a great offensive threat. His final goal was a masterpiece. He scored with three of the opposition draped around him. Gordon Orr played a steady driving game. He scored one goal and carried the play for the "blue shirts" when they tired in the second and third periods.

Jim Jones and Ken White also were outstanding for the Maple cause. Jones outran the whole Orangeville team on his late goal, and worked hard at all times. Ken White played the entire game. He scored one goal on a tough shot and made the road very tough for the opposition.

Stars For Orangeville

The "green shirts" continued to pass the ball as they did on their last appearance in Maple. Some of their passing plays were beautiful to watch. Joe Comeba, Wilson and the Gillespie brothers started for the Orangeville squad.

GAME AT MAPLE

Indians 9-Maple 6 Although they were strengthened for this game, Maple gave a loose display in the first two periods, which gave the clever Indians a chance to take a lead which they never relinquished. They did come back strong in the third period, but they could not reduce the lead of the visitors.

In the fourth period, they continued to drive in on the visitors goal, but loose ball handling spoiled their chances and the Indians added to their lead.

Maple tried hard, but loose play spoiled their chances.

There were a few flare-ups in this encounter, but nothing of a serious nature resulted.

Stars For Maple

There were no outstanding stars for Maple. They all tried hard and

gave their best.

Stars For Indians

Indians gave a clever display. They showed great improvement over their last visit here. Longboat was their most potent scorer with three goals.

Comments

It is a pleasure to watch the Maple team now, as they file into their dressing room after losing a hard fought game. They could have easily won the game at Orangeville with a few breaks, but they figured that the better team won, and made no alibis, and found no fault with the officiating. They have grown up. Short handed and badly on the limp at times, they always give their best. They may not win any championship this year, but I believe they have gained much in their recent defeats. It is this fine attitude of athletes, that inspired the immortal words — For when the One Great Scorer comes to write against your name, He counts not whether you won or lost, But how you played the game.

These words may well be remembered by every athlete, whether he is representing his country at the Olympic games or some small unknown village or town.

MIDGET LACROSSE

Maple Midgets defeated Concord in a game on Thursday night 13-0. The young fellows that took part in the game served notice that Maple can look to the future for many years and have no shortage of good players. Maple loaned the Concord team several players as the visitors were short handed. Goal scorers were Bob Cherrie 4, Willie Cherrie 2, Len Bone 2, Pete Jones 2, Albert Orr 2, Frank Harrow 1.

Bruce Jones and George Miller are going to form a midget house league and would like any boy sixteen years or under, in the Maple district to turn out for practice on Monday, August 9th and Wednesday, August 11th. The Maple district includes King, Richvale, Edgeley, Concord, Hope, Vellore, etc.

BASEBALL

A few years ago, small places like Teston, Hope, King Ridge, Vellore, etc., had football teams and the fellows seemed to get a big kick out of playing. Now, with a splendid athletic field in Maple, there is nothing played except lacrosse. It would be better if some activity was going on in the park. We have to pay to have the weeds cut and tramping them would serve just as well.

The M.R.A. has enough baseball equipment to start a league or say a few friendly games for this year. If any Sunday School teachers would like to arrange games between the various classes of the above mentioned places, I would be very glad to help you out. If you are interested in this proposition, phone Mila Miller at Maple No. 2.

Maple Defeats Woodbridge 7-5 In Overtime

Blue Shirts Display Too Much Speed For "Mercenaries" Maple bounced back in the win column, before a capacity crowd, at Woodbridge on Monday night. After a slow, sluggish start, the game developed in a splendid encounter. Unlike the two previous meetings between these two teams, Maple gave ground shortly after the game started, but continued to improve as the game progressed. It was not a rough game, but there was too much stick work, which did not help matters.

Foremost in the Maple attack was Stan Foster with three clever goals. He took a lot of unnecessary punishment along with Roy Thompson. Checking does not mean chopping. Gordon Orr, who is one of the most valuable players in the league, scored the winning goal. He also checked well and slowed down the opposition's attack.

Al McNair returned to the Maple line-up and gave a good steady display.

Stars For Woodbridge "Bill Anthony" was the best man for Woodbridge. He played a steady hard checking game and set up many dangerous plays.

Roy Castator is still a grand player to watch. He played a fine game going both ways. Carso on the defense slowed the Maple forwards down, with his rugged defense work.
