Patricia Watson — Eng Comp c, Eng Lit 2, Alg 1, Geom 2, Trig 1, Fr Auth 2, Fr Comp 1, Germ Auth 1, Germ Comp 1.  
Lennox, Wilson, Zool 3.

## Council Considers Provincial Police In Richmond Hill

Reeve P. C. Hill and members of the Richmond Hill municipal council conferred in special session with a representative of the Ontario Provincial Police to get facts and figures on the suggestion that provincial authorities be asked to police the municipality.

It was stated that a provincial policeman would be assigned to the municipality on eight hour daily duty, but on full time call at a cost of about \$1800. per annum plus mileage for operation of a car. The officer would perform all local police duties including enforcement of local by-laws as well as handle traffic and general police work.

Council members discussed the proposal at length but arrived at no definite decision. The matter will be considered further at a future meeting and when a decision is made it likely will be effective at the commencement of next year.

## THRILLING RACE PROGRAM FOR SATURDAY

The Toronto Racing Driver's Club held a Benefit Show last Thursday, August 12th, in aid of LeRoy Teich, a driver who was seriously injured in a crash a few weeks ago. Admission was free and a silver collection was taken which amounted to \$145.66. Mr. Teich is progressing favorably and so far has the use of one arm and one leg. Jimmy Fox of Rochester, New York, did some "crash driving" better known as "hell driving" in the United States. A new track record of 26.8 seconds was set in the "speed trials."

The regular show was held last Saturday with four thousand people in attendance. Most of the drivers were from New York State and Ohio but the few Canadians who participated distinguished themselves and their club. The president of the Toronto Club won the "Australian Pursuit Race" sometimes jokingly referred to as the "Australian Crawl." Lloyd Shaw, the treasurer, won the feature event of the afternoon.

Jimmy Fox will again prove himself the expert that he is, this coming Saturday, August 21st, when he will put on a full show. Stock car races and speed trials with open competition will be included in the afternoon show. Cash prizes will be awarded to all winners.

## BOWLING NOTES

Gar Yerex, well known Richmond Hill bowler, won top honors in the district competition in the singles contest for provincial honours. Congratulations and best wishes.

Richmond Hill club won its first trophy of the year last Saturday when the Beare Cup offered in competition for the first time was won by skip Jim Grainger. Other members of the rink were Mr. and Mrs. Russell Lynett and Mrs. Grainger.

In the recent men's doubles held at the local greens the winners were: 1st Norm Chatterley and Wilson Beresford; 2nd Eric Charity and Al White; 3rd Russell Lynett and Jim Grainger.

Richmond Hill ladies won double honors in the recent tournament at Whithy. 1st prize for three wins was won by Mrs. S. Pipher, Mrs. R. Lynett and Mrs. Al White; and 1st for two wins by Mrs. R. Elgie, Mrs. Norman Chatterley and Miss Lucy Yerex.

A Men's Doubles tournament will be held here Saturday, August 21st. All entries for Globe & Mail doubles must be in by August 24th. The local club has donated a cup to be known as the Walker Hall Memorial Trophy which will be competed for the first time September 22nd.

The Mrs. Leila Clement Memorial Trophy will be played for Saturday, September 11th. In the tournament here, Saturday, August 7th, the Mes. E. T. Stephens trophy was won by skip Wright of Oshawa.

**VETERANS ATTENTION**  
C.N.E. Warrior's Day tickets are available at Wm. Costoff's Store, Stop 24, Yonge Street.

**CELEBRATE DERRY DAY**  
A number of members of the local Orange and L.O.B.A. lodges attended the Derry Day celebration on Saturday at Owen Sound.

## NEW SCHOOL DEDICATED

BISHOP WEBSTER BLESSES NEW SCHOOL

Rt. Rev. B. I. Webster, auxiliary Bishop of Toronto is shown above with Rev. Frederick McGinn, Pastor of St. Mary's Roman Catholic Parish, after the ceremony of blessing the new school last Sunday afternoon.

Richmond Hill's first separate school is a modern brick structure with two classrooms, play room, teachers' room, kitchen facilities and other modern conveniences. Located at the rear of the church in a beautiful setting with ample playgrounds the new school is modern in every respect and those who attended the service Sunday were unanimous in voicing approval as they inspected the building and its fine furnishings.

Construction on the building did not commence until late April and today it is all complete.

and landscaping. Anthony Deciantis of Richmond Hill was the general contractor and he is receiving high commendation on the speed of the construction and also on the fine workmanship. Many local tradesmen contributed to the buildings as subcontractors.

Msgr. Callaghan addressed the assembly following the dedication and many members of the clergy were in attendance from Toronto and other points. In his address Msgr. Callaghan congratulated the members of St. Mary's Parish, and their pastor, Father McGinn, on their zeal and enterprise in erecting the school.

This is Richmond Hill's first separate school and it will open in September with an enrolment of about 60 pupils. Sisters of Loretta will be in charge of instruction.

## Weekly News Budget From The Richvale Community

This coming school season will see the children of Richvale enjoying the privilege of educational facilities that have no equal in the past in that community. The two new additional rooms which form an annex and are separated from the main building will be completed to such an extent as to be ready for the opening day.

The new classrooms are a complete unit in themselves having a separate heating unit. These rooms make it possible to dispense with the classes in the basement of the main school, thus eliminating a situation which has, under seasonal conditions, been detrimental to the health of the pupils. This space will now be available for recreation and extra-curricular activities, as well as space to pursue the studies of domestic subjects.

The main school building is being completely re-decorated and the plumbing facilities renovated in addition to the installation of a cistern to assure an adequate water supply.

The advantages of these improvements to the students and teachers alike will be immeasurable. It will be possible for a more personal and understanding relationship between the school staff and pupil.

The parents of Richvale should indeed be grateful to the group who have given time and thought without stint to make possible this long stride toward the ultimate in educational environment. The school board under the chairmanship of Mr. Jackson Taylor and completed by trustees Mrs. C. Baker and Mrs. Arbutnot were given complete co-operation from the Ontario Department of Education through the person of Mr. C. Howitt, the local school inspector, to whom the betterment of rural education is not just an occupation but a very personal issue.

To these persons go a community's gratitude for their efforts which have such gratifying results at a minimum of cost which is no small matter in this day of rising costs.

**RICHVALE HALL FLOOR CHRISTENED**  
Last Friday evening was a gala night for the East Vaughan Ratepayers' Association, for it was the occasion of the first entertainment using the community hall.

The floor of the proposed hall was the scene of the affair and it was well attended by the residents of the community.

The Vaughan Women Workers did the honours with refreshments while the night air resounded with the toe-tapping rhythm of the square dance. The evening was declared a success and the building fund became the richer through the efforts of the Association members who arranged and supervised the evening's pleasure.

**NEW INDUSTRY**  
The residents of Richvale welcomed industry into its fold last week when the Geo. P. Dowe Company commenced operations in their new factory on Spruce Avenue. The aim of this busy enterprise is to provide employment for local workers and to this end girls, who are not particularly skilled in any individual type of industry and are seeking employment are invited to call at the factory office for an interview.

**VAUGHAN RATEPAYERS' ASSOCIATION**  
At the last regular meeting of the East Vaughan Ratepayers' Association which was held in the uncompleted addition to the Richvale School, a complete report in detail was made by the building committee of the Community Hall.

Income and expenditures were reviewed and it was decided that an appeal be made to the community in order to raise sufficient funds to complete the exterior of the building and install lighting and heating. The sum estimated as required to do this work is less than \$4000 which is a comparatively small sum considering the asset which the community will acquire on the building's completion. The campaign will be under the guidance of Mr. J. Hurst and Mr. Jackson Taylor, and it is expected full details of the campaign will be announced in this column next edition.

The entertainment committee of the Ratepayers' wish to announce a euchre, proceeds of which will go toward completion of the hall, is to be held Wednesday, August 25th, at the residence of Mrs. H. Hudson, Spruce Ave., Richvale.

## Richmond Hill To Have Dial Telephones By 1951 Bell Plans

IN THE MEANTIME NO EFFORT SPARED TO GIVE BEST POSSIBLE SERVICE

Dial telephone service for Richmond Hill is an integral part of the expansion plans being carried out by the Bell Telephone Company of Canada, according to S. R. VanDusen, Bell manager for this area. Because of shortages of exchange equipment, coupled with a growing demand for this type of equipment throughout the country, plans for converting the telephone system here to dial operation are tentatively set for 1951, but in the meantime no effort will be spared to provide the best possible service with the present type of equipment for all who order it.

The company's program of expansion and improvement calls for the eventual conversion of magneto exchanges in the Company's territory

to common battery or dial operation. When this is completed, the long-familiar hand-crank will be a matter of history. The order of conversion of magneto exchanges will, of course, be governed by the size of each exchange, industrial development as opposed to rural development, and other factors.

Despite a net increase of nearly 130,000 Bell telephones in service in 1947, and the addition of tens of thousands more in the first six months of this year, there is still a backlog of about 95,000 unfilled orders. Richmond Hill is fortunate in this regard, as there are only about 25 waiting applicants here, most of whom will be served within the next few months when the necessary outside wires and cables can be provided.

## Sport News And Comments From The Maple District

### MAPLE BOWS TO NORTH PEEL IN OVERTIME 13-12

**Blue Shirts Fade Badly in Third, After Holding Commanding Lead**

Maple has never won a game in the Orangeville Arena, but they will never come any closer, until they do, than they did on their last visit.

After trailing 5-2 starting the second period, Maple took command of the game and were leading 10-6 at the end of the third period. They held this lead until the half-way mark of the fourth stanza and then they faded badly, until North Peel tied the score. They held on until the game ended and in the last few seconds nearly won the game.

In the overtime North Peel forged ahead, but the Blue Shirts, evened matters seconds later. It remained for North Peel to settle matters with a lone counter at the eight minute mark in overtime.

It was a very good game to watch and there were only a few penalties. Maple played well, but lack of condition more than loose play lost the game.

Stewart, played well and took a lot of punishment in goal for Newmarket.

**NOTES**  
The new bleachers will be completed as soon as possible. The M.R.A. has enough money to pay for this project, but, if any of the fans would care to make a donation, it would be greatly appreciated. We have already received several donations. Donations may be sent to Maple R. A., in care of Mike Miller, Treasurer. Thank You.

### MAPLE BOWS TO NORTH PEEL 11 TO 7 IN OVERTIME

**Blue Shirts Blow A Three Goal Lead And Fade Out Of The Picture In Overtime**

After going into an early three-goal lead, the local Blue Shirts faded badly, but managed to hold off the visitors until the final bell. In the overtime, led by Billy Brunskill, the visitors scored early and were never headed. The game was a splendid effort on the part of both teams and the crowd was treated to some excellent play. Maple had a one-goal lead, with a minute to go, but a determined "Red" thrust was not to be denied, and the game ended in a tie. The game was rough in spots and the local crew, if anything, were more guilty in this department than the visitors. Maple played well enough, but their checking was poor at times, and that is all the much improved North Peel team needed to gain a victory. The visitors played a steadier brand of lacrosse and deserved their victory. Maple was still short handed and showed lack of condition as the game went on. North Peel have added Bill Brunskill to their line-up and he accounted for four goals, and played a splendid game.

Roy Thompson played a sparkling game and Maple's attacks were always dangerous when he was on the floor.

Tom Armitage did a fine chore in looking after the much experienced Brunskill and scored one fine goal. Harry Burton scored on a beautiful effort and played well throughout.

Gord Smith gave a fair performance in goal. He drew a five-minute penalty, but saved a sure goal on the play.

**Stars For North Peel**  
Lorne Widders scored nine goals for North Peel. This fact alone speaks for itself. He is very small, but one of the hardest working players I have ever seen.

Lundy played a great game for North Peel. He is a brilliant stick handler and a fine play-maker. He accounted for three goals.

Hack Wilson played a steady game for the Red Men. Although the veteran of the club, he is one of their better forwards.

### STARS FOR MAPLE

Stan Foster scored no less than six goals to lead the Blue Shirts. He also worked tirelessly.

Norm Alexander and Cleve Burton played well. Burton scored two clever goals and Alexander relieved the tired Blue Shirts with his brilliant rushes. Pete Rumble gave a great display in the Maple nets. Pete is a choice for the most valuable man in the Maple line-up.

### MAPLE DEFEATS NEWMARKET 10 TO 2

**Redmen Although Shorthanded Give A Good Display**

Newmarket played good lacrosse, even though they were very short-handed. They held Maple to a 5-1 score at the halfway mark. They did fall down towards the end of the game and finished on the short end of a 10-2 score.

It was a fair game to watch and there were no penalties and no injuries.

**Stars For Maple**  
Bruce Jones played his best game of the year. He scored two goals and played well both as a playmaker and checker.

Roy Thompson was also his usual brilliant self, with two clever goals.

Gord Smith played in goal for Maple in the absence of Pete Rumble, and played a very creditable game. Maple was very fortunate in securing the services of such a fine performer and he will be very valuable to the Maple team.

### MAPLE DEFEATS NEWMARKET 10 TO 2

**Redmen Although Shorthanded Give A Good Display**

Newmarket played good lacrosse, even though they were very short-handed. They held Maple to a 5-1 score at the halfway mark. They did fall down towards the end of the game and finished on the short end of a 10-2 score.

It was a fair game to watch and there were no penalties and no injuries.

**Stars For North Peel**  
Next to Billy Brunskill, McCannel played a fine game for the "Red Men." He scored one goal on an end to end rush and was always dangerous.

Berney and Widders were also good. Berney is a fine, clever playmaker and set up many dangerous plays. Widders was always dangerous and scored two goals.

### STARS FOR NEWMARKET

The work of young Herty is very good. He played a steady game and is a star in the making.

Smart, a new addition to the Red Shirts, played very well and accounted for one goal.

**RADIALS SHOW PROFIT**  
Operating profits on the North Yonge Railways for June 1948 amounted to \$1,145.73 compared to \$3,379.28 for June 1947. Passenger revenue showed an increase of \$1,211.80. Passenger revenue for the first six months of 1948 showed an increase of \$4,323.73 with operating expenses \$3,540.00 greater than in 1947. Operating profit for the first six months of 1948 were \$10,356.73 compared to \$13,985.29 for the corresponding period last year.

**A Delicious Cool Drink**  
Directions: Make tea exactly as usual... While still hot pour into glasses filled with cracked ice... Add sugar and lemon to taste...
