**Fat Collection** . . . . .  
One of the first projects to be undertaken by the Cubs when they commence the new Fall season, which should be very soon according to Cubmaster, Mrs. Tom Jackson, will be the collection of fat. Reports indicate that fat is still urgently needed and the price for it has risen, so your local Cub troop will probably be calling on you within a month's time. Please start saving now and have your containers ready when the boys call. Your co-operation in the past has been remarkable, and the Cubs, under the leadership of Mrs. Jackson, are counting on you once more.

**Scouts, Cubs and Brownies**  
Remember the Parade on Sunday, September 12th. Meet at Thornhill Public School at 1.45 in uniform. Transportation to Unionville has been arranged.

**Nursery School May Soon Open Here**  
Mr. and Mrs. Crutcher and their three children moved into their home built on John St., a week ago last Saturday, and received a royal welcome from their neighbours. According to Mrs. Crutcher, they were simply overwhelmed with the kindness shown them and wish to take this opportunity to thank all their neighbours.

Mr. Crutcher is a teacher at Allenby School in Toronto, and Mrs. Crutcher is a former kindergarten teacher. Residing in Newmarket during the time her husband was in service, Mrs. Crutcher taught in a school there, but finding it rather difficult to manage with her two small children, decided to discontinue and opened a nursery school. She now plans to operate a nursery school in her home here just as soon as it is completed, which should be some time in October.

Three or four years ago Mrs. Rochester, who lived on Elizabeth St. at that time operated a nursery school in her home, which was most successful. When she gave it up, it was with regret for a nursery school is a fine thing. It bridges the transition from babyhood and dependence on the mother to the independent state necessary for elementary school. Every good wish for success is extended to Mrs. Crutcher.

Thornhill Women's Institute will hold its regular monthly meeting for September on Thursday, the 16th, at the home of Mrs. A. Crowhurst, Clarke Ave. Roll Call will be "An Article for the annual sale," and Miss Boyle will be guest speaker. The Institute will be meeting in member's homes again this season. All members are urged to attend this opening meeting. If you are a newcomer to the community, or for some reason have never been able to join this fine organization, come out and receive a sincere welcome from the members. President is Mrs. E. G. McKean.

The regular monthly meeting of the W.A. and W.M.S. of Thornhill Presbyterian Church will be held in the Sunday school room of the church on Tuesday, September 14th. (Please note change in date).

Vacationing here for the month of August was Mrs. Anna Sumner, formerly of Thornhill and now of El Paso, Texas. Mrs. Sumner spent a busy but happy month visiting with the various members of her family, and saw for the first time a new little granddaughter, born to Mr. and Mrs. R. W. Lord, John St. in March. Betty Sumner joined her mother last Christmas to make her home in El Paso too, and has an excellent position there. Mrs. Sumner left Thornhill last Sunday morning to return home.

The Women's Association of Thornhill United Church met at the home of Mrs. Fisher, Centre St., last Thursday afternoon. Mrs. G. Russell had charge of the meeting, with Miss Baxter taking the devotional. Mrs. R. Simpson read an interesting article on "Who Came to Canada in 1947." Plans were made for coming activities. Next meeting will be held at the home of Mrs. Geo. Fisher, John St.

**Langstaff Baptist Church**  
The Women's Fellowship of the Baptist Church here will commence a new season's activities when they meet in the Church on Thursday afternoon of this week. During the past season, parcels were packed and sent by them to a mother of four young children in Budapest whose husband died in a Nazi concentration camp. Recently, Mrs. John Marritt of Richmond Hill, received the following letter from her: "Since the Autumn of last year, I was in a sanatorium for lung disease and therefore my children received your kind gift. They always informed me when a parcel arrived, but could not thank for it and I was not able to answer either, as there was nobody to translate my letter. Now I am healed by the Grace of God and can be with my children again and send you my hearty thanks through my friend for your generous gift. Thank you for having been of assistance to my small children and for having given them happiness and welfare. My wish is that God may repay you richly for your good deed. Yours in Christ Jesus, (Signed) Mrs. Laszle Remete, Ujpest."

Rev. Albert Jones conducted Bible Class and preached at the evening service last Sunday, and will be in charge for the next two weeks. Orville Knights and Stan Carter sang a duet at the evening service. In the morning, birthday greetings were extended to one year old James Cairne, Darla Sigler and Mrs. Jones.

The Teen-age Boys Class, organized by Mr. Herb Foster, has been taken over by the principal of Langstaff Public School, Mr. David Smith, and will be held in the home of Mr. and Mrs. S. LeRiche, Garden Ave., at 11 a.m. each Sunday morning. An invitation is extended to every teenage boy in the community to attend.

On Friday evening at 8 p.m., the Young People will meet to reopen after summer vacation. Mrs. Belvin, missionary from China, will speak and show slides.

### MAPLE OLD HOME WEEK

### No Snag Stockings

When you do your weekly wash hang your silk or nylon stockings in the centre of a pillow case that is pinned with open end up. You won't have to worry about the wind wrapping them around the line or clothespins.

# THANK YOU

## HANDS AT WORK... for ONTARIO

### LEARNING MACHINE ASSEMBLY

**ONTARIO'S** products are desired and purchased by people all over the world and the capacity to produce such goods largely determines the economic welfare of every man, woman and child within her borders. Because the sale of every article produced in Ontario brings valuable dollars into this Province, we all are more assured of job security . . . and we and our children can have more of the better things in life. But to produce such goods in sufficient quantities, skilled labour is vital. That is why every single one of us should be glad that war veterans are constantly being trained to provide the skilled hands so needed by industry. They receive ON THE JOB training under expert instructors in our Ontario factories.

This training, provided through the co-operation of the Department of Veterans' Affairs, the Federal Department of Labour and the Ontario Department of Education, starts the veteran on the road to skilled craftsmanship. In assembling business machines, for example, veterans must have a thorough knowledge of electricity and must learn to perform intricate work on precision machines having thousands of separate parts. These Canadian-made business machines are sold in all parts of the world, creating new wealth for Canada and Ontario. Therefore every effort of these newly skilled veterans helps to make Ontario a finer place in which to live and contributes to the welfare and happiness of all her citizens.

THE BREWING INDUSTRY (ONTARIO)

### MACHINE ASSEMBLY

John N. West, 25, of Toronto, a Royal Canadian Navy veteran, is shown here making an adjustment to one of the 10,000 parts in a business machine designed for a New Zealand firm.

Various types of business machines are produced in Ontario factories. Because of their intricate mechanisms it is essential that these machines be checked by expert craftsmen at every stage of their production.

## POWER SPRAYING

**Poultry Houses** — We spray with Purina Insect Oil for germs and mites.  
**Weeds** — We spray Purina Weed Killer on pastures, fence rows, grain fields.  
**Flies** — We kill flies in barns or on livestock with Purina D.D.T. Spray.
