Weekly News Budget From The Richvale Community

With the aid of the weather, the entertainment committee of the East Vaughan Ratepayers' Association held a very successful dance last Friday evening.

The scene was the floor of the unfinished community hall on Spruce Avenue and it was the occasion for the largest turnout to date in aid of the building fund.

The entertainment committee comprising Mrs. Hill, Mrs. Fenner, Mrs. Sparks and Messrs. Garner and Hudson deserve a vote of thanks for the work that has kept a stream of money flowing into the building fund all summer long. It is this type of enterprise that shall eventually make Richvale the proud possessor of a centre that will make the rigors of rural living easier to bear with entertainment at your doorstep.

The children's idol, Red "Pie" Piper, Garner, is at it again. In co-operation with the Ratepayers group he is presenting his third exhibition by the boys of the grunts and groans.

Next Tuesday evening, September 28th, at the Richmond Hill arena the dust will fly and great will be the excitement and clamor for the night. Red will attempt to turn "bad man" Carlo Trounce, into a character that even your babies would coo at.

As an anti-climax to the main bout, three local boys will step into the ring in an effort to best three clever wrestlers Mr. Garner has engaged from Toronto. So on with the show with a grunt and a groan—Be seeing you—next Tuesday night that is.

The government of our interesting province is quite happy this year as

a result of the tourist trade which exceeded all expectations and contributed handsomely to the earning power of the citizens. However to the people inhabiting the hamlets and communities on the major highways, it is with a feeling of relief that they observe the quiet of the fall and winter seasons. The "rat race" appears to be over for another year, and on occasions last Sunday the traffic had thinned to such an extent that several local residents actually saw the other side of Yonge St.—hardly credible, eh what? Even the kitten of the woods has been observed on his nightly wanderings, yielding to the curiosity of his kind as well as a bit of Eau du Skunk, braving the hazards of the traffic—things that things are getting back to normal.

Community Hall Financial Campaign
Mr. John Hertz now has his staff of canvassers organized in his campaign to bolster the finances of the community hall building committee. These canvassers are all volunteers and expect no remuneration for the necessary time and effort they must expend to accomplish their task.

It is anticipated that a draw shall be held using the numbers which appear on the tokens that the canvassers are exchanging for donations from which to draw the prize winners. The money involved in these prizes shall not be taken from donations, for every cent of that is going into the building program, instead it shall be taken from proceeds of entertainment put on in the hall after the hall is completed.
