## Maple Sport Notes

(By Mike Miller)

Woodbridge lead North Peel in the Intermediate A series in games 3-2. There has not been much difference in the teams. Two of the games at Woodbridge have gone twenty minutes overtime before the home team won out. The next game will be played in Orangeville on Thursday night and if North Peel team wins, the deciding game will be played in Brampton on Saturday night.

The games I have seen, have been very well played and clean. Anthony, Roy Castator, Binsell, Rowntree and Burrows in goal have played well for the maroon and gold. Brunstall, Berney Tinoch, Patterson and the Wilsons have been outstanding for North Peel.

### Comments

I have no further information regarding the Maple team. They may continue, but the weather and time are getting short.

Gord Orr is around again after a painful knee injury, but it will be sore for a few weeks yet. Bill Parks is nursing two fractured ribs. Both these players will be lost to the team for the rest of the year.

### Notice to M.R.A. Supporters

The Maple R. A. are holding an auction sale on or about the 15th of November. Anybody who has old furniture, paintings, etc., or any article that may bring in a few dollars or cents and would like to donate it to the M.R.A. please call Cal Miller at Maple 92.

We believe this will be a new venture in raising money for a good cause. We will be very grateful for all donations, and I think the public will have a lot of fun at the sale.

### FARM INVESTMENT TOTALS BILLIONS

Capital investment in Canadian farms in 1947 amounted to \$6,253,726,000 according to the Quarterly Bulletin of Agricultural Statistics for April-June, 1948.

The items normally included in this figure are lands and buildings, implements and machinery including motor trucks and automobiles, and livestock including poultry and animals on fur farms. Because there is no information available yet on the value of fur-bearing animals on farms in 1947 this item is omitted. Despite this omission, the total value of farm capital for 1947 is eight per cent above the 1946 value of farm capital including fur farming.

With the exception of horses, gains were shown in the total value of all classes of livestock and poultry. The estimated value of lands and buildings was almost 10 per cent above that of 1946, and the 1947 value of farm implements and machinery was well over 6 per cent higher than in the previous year.

As my friend and I were driving downtown, we were hailed by a traffic cop. "Hey you!" he shouted. "Pull over." We did. The next day the judge fined my friend \$25 for speeding. She was anxious to keep her husband from learning of the incident. And so, since he regularly examined her check-book, she marked the stub: "One pull-over — \$25."

Salesman: Can I interest you in an attachment for your typewriter?  
Executive: Nothing doing. I'm still paying alimony because of the attachment I had for my last one.
