**INSURANCE**  
**OF ALL KINDS**  
With the increase of fire hazards,  
property owners should review their  
insurance policies, and due to the  
increased cost of materials would be  
well advised to increase the amounts  
of insurance. Also car owners who  
think it will never happen to them  
are caught some time or other with-  
out protection. The cost is a minor  
amount to what it will cost if an  
accident happens.

MASTER LAYING PELLETS  
and FLESHING PELLETS

Greater feed intake is the object of every  
successful feeder. The noon feed of Pellets  
sprinkled on top of the dry mash will en-  
courage extra feed consumption.

MASTER LAYING PELLETS are rec-  
ommended for feeding regularly as a noon  
feed but MASTER FLESHING PELLETS  
can be substituted at any time particularly  
when body weight is not what it should be.  
For feeding schedule see your copy of the  
Master Feeder Lay-Time Edition 1948.

**EMERGENCY APPEAL  
TO  
MANUFACTURERS**

The extreme seriousness of the power shortage  
makes it essential that every means be used to  
relieve this critical situation.

If you have steam-driven or standby generating  
equipment of any kind that is not at present in full-  
time use, which could be utilized to augment the  
Commission's available resources, please wire us  
collect, giving full particulars.

The gravity of the situation can not be over em-  
phasized. Your co-operation in this respect is vital  
if the present high level of production is to be  
maintained.

*Robert H. Saunders*  
CHAIRMAN,  
THE HYDRO-ELECTRIC POWER COMMISSION  
OF ONTARIO
