

Griffin, Hooper And Reesor Seek Markham Reeveship

DEPUTY-REEVE RUMNEY AND COUNCILLOR TIMBERS
CANDIDATES FOR DEPUTY

There will be a three-corner contest for the reeveship in Markham township with Reeve of one year, Vern Griffin being opposed by former Reeve, Charles Hooper and former Deputy-reeve Albert Reesor. Deputy-reeve Dalton Rumney is opposed by Councillor W. Timbers, and the members of council are elected by acclamation. Councillors Harry Barber and Fred Wicks are returned and the new member is Robert Rae.

The annual nomination meeting held at Unionville Monday afternoon was well attended. Clerk Charles Hoover presided and the following were nominated for the various offices:

FOR REEVE
Abner Summerfeldt, Chas. H. Hooper, V. W. Griffin, Albert Reesor, Dalton Rumney, Wesley C. Gohn.

FOR DEPUTY-REEVE
W. Timbers, Dalton Rumney.

FOR COUNCILLORS
Winfred Timbers, Robert E. Rae, Harry Barber, Albert Reesor, Fred Wicks, J. R. Smith, Everest Harper, Norman Porter.

Vern Griffin, completing his first year as Reeve, gave an account of the past year's activities in township and county council. He expressed thanks to members of council and township officials for their fine co-operation and service during the year. "If a \$6,000,000 assessment of the municipality were the responsibility of private enterprise, a highly paid executive would be required to direct its affairs" he said. He warned that changing conditions were presenting new problems from year to year much different from those faced by councils of a few years ago. He advocated an increased provincial subsidy for municipalities to help in meeting the expenditures which are becoming necessary. During the past year considerable new road equipment had been purchased and with a road budget of \$60,000, the mill rate increased 2 mills. He recommended that the surplus which should be equal to the outstanding taxes be earmarked for municipal buildings.

The reeve pointed out that a planning board had been organized for the purpose of drawing up a by-law regulating building in the municipality. It consisted of Milton Freeman, barrister, Wm. Spears associated with V.L.A. and Walter Craig, assessor, along with the Reeve, Deputy-reeve and clerk. Salary was \$5 per meeting plus mileage allowance. Meetings have been held twice monthly. The by-law is aimed at protecting the people and preventing undesirable development in the municipality. It will not, he said, be applied in any way to existing buildings or residential property. Toronto schools are reported to be emptying and 20 per cent of the pupils are going to suburban municipalities which accounts for new school buildings going up in

the suburban areas and increased school taxes.

Mr. Dalton Rumney, the Deputy-reeve who was the next speaker, said that if the council were to be criticized for the hiring of an additional police officer, he would say that conditions warranted the extra expense. He did not wholly agree with the council's decision to pay over \$1500 for cutting weeds, as the work could have been given to local farmers to do. Actually a good mechanic was needed for the job. He found fault with the situation in the town dump, shared with the village of Markham. The fire protection had proved to be adequate and the firemen were well worth their salaries, having attended to 38 fires during the past year. He found need for a new building to house the machinery purchased over the past year. Although it had been difficult to turn down several prospective builders in the township it had been necessary to do so.

Mr. Winfred Timbers, Councillor, stated that although more money than usual had been taken in taxes, the assessment was necessary as more services and protection were given. Things have changed in the last 20 years and especially the last 5. The Council must change with conditions. One time there was no snow plough expense, but now it was necessary to pay \$5000 for a truck, even though the township supplied the plough and wing. So the council were buying 2 maintainers with diesel engine which could be used for snow in winter, as a grader in the spring. The job done by the weed inspectors had been well done, he said, but he could not understand why so many property owners purchased more land than they could cultivate — frequently working in the city and left their land to go to weeds serving as a menace to their former neighbors.

Mr. Fred Wicks, Councillor, also urged the necessity of the restricting by-law and a good turnout of voters at township meetings.

Councillor Harry Barber mormed the meeting that North York according to statistics had the highest building rate of any municipality in North America, and as Markham is their immediate neighbour, careful planning is advocated. The Township is urban, suburban and rural, as well as including a "millionaire's row." Therefore an adequate assessment must be made. Markham requires approximately 10,000 yards of gravel and the purchase of 2 maintainers was less than the cost of renting a truck for the purpose.

In criticizing the present Council, Mr. Chas. Hooper, former Reeve, said he was only doing so for the benefit of the Township of Markham. He said the Planning Board was not directly responsible to the people and therefore undemocratic. The five

Acclamation For Reeve And Council School Trustees In Richmond Hill

Reeve P. C. Hill and all members of the 1948 council along with three public school trustees have been returned by acclamation for another term. Ex-Reeve William Neal who retired at the end of 1947 was nominated for reeve, and Floyd R. Perkins and Ned C. Hill were nominated for council but withdrew and they were the only nominees besides the sitting members.

The Hydro black-outs, discontinuance of the radials, engaging of provincial police, and management of the arena were among the subjects criticized by new nominees, but council action was vigorously defended by the reeve and council members.

Ex-reeve Neal said he had not sought a nomination and he had many personal and business reasons for taking time to consider the invitation to re-enter municipal life. He criticized the present council for failure to erect new street lights on Yonge Street. The material he said was delivered to the town last year but still we had no lights. Toronto, North York and other municipalities were getting them so there must be more reason than just the Hydro power shortage. He said he didn't like the transportation situation. The radial line had been profitable and the municipality had received as high as ten mills in profits. He doubted that busses would be as profitable. He didn't expect ever to see the cars running again.

Ex-Reeve Neal said he was opposed to bringing in provincial police. It was the thin edge of the wedge he thought and predicted it would not be long until the village would be told a second and a third man would be needed. I think we could have hired our own policeman, he said, no other York County municipality has had to call in the provincials.

Reeve Hill said that as far as he was concerned the people of Richmond Hill would be given an opportunity to decide whether they wanted the cars back or the bus service continued. I have been assured this opportunity will be given the people and that was one condition I agreed to the change-over to busses. The Reeve said he favored the engagement of a provincial police because he felt this type of police protection was needed. Under the old system our by-laws were not enforced, he said. Asked just what by-laws he referred to the Reeve mentioned by-laws regarding speeding, parking, bicycle riding on sidewalks, dogs running at large and others.

Ex-Reeve Neal said he had heard it said that when reeve he had ordered the provincials out of the village. "I did" he said "but I'd like to tell you the reason. Our own policeman was operating the stop light on a busy Sunday evening, when a provincial officer came along and started waving the traffic through, ignoring our own officer. I objected to that kind of treatment and I think any Reeve who wouldn't stand up for his own officials should quit."

Councillor Ken Tomlin, electric light chairman, replied to Mr. Neal and said he had tried all year to get the Hydro to put up the lights on Yonge Street, but without success. "The lights aren't up, he said, but it is not for want of trying on my part."

Floyd R. Perkins said he was "not the biggest, but not one of the smallest taxpayers" and naturally was interested in municipal business. "There have been some things I did not like" he said and mentioned specifically the operation of the arena. He didn't like to see the arena rented so much to outsiders and local children denied the use of the ice.

A pleasing feature was the presentation of an Agricultural Service Diploma on behalf of the Society by D. Rumney to A. Baggs in recognition of his outstanding ability as a thorough-bred Jersey Cattle.

Flowers were presented by the Society to Mrs. Bradley and Mrs. S. Rumble, and a fowl to each of Mr. Fallis, Mr. McCartney, Mr. Gage and the Secretary of the Society.

The toast to the Ladies was proposed by W. W. A. Trench and fittingly responded to by Mrs. S. Rumble.

The reception of the entertainment was quite gratifying to those who had it in charge.

and a motor car for \$1700, per year plus a mileage allowance for his car when used on village work," he said. "While it may be true we haven't had much crime, for which we are thankful, I don't believe it good business to lock the stable after the horse has been stolen. We went into the matter carefully with the police inspector and felt we were getting a good deal. Moreover he said we were told if we didn't do something the provincial authorities might place a police in here whether or not we liked it. We didn't want to be placed in that position he said."

Clerk Russell Lynett presided at the nomination which was attended by more than a hundred and twenty-five ratepayers and the hall was more than filled with many being unable to gain seats. The clerk gave an interesting review of local affairs and many facts of the year's business administration. Tax arrears he said were at the low figure of \$727 and more than 85 per cent of the 1948 levy was paid by November 15th. Debenture payments this year were \$22,458 but would be substantially reduced by 1951 and 1952.

Ned C. Hill nominated by council thanked his nominators but withdrew. "I expect to be quite busy during the coming year, but at some future date, I will appreciate the honor of being a candidate" he said.

Councillor Mabley said that there were many improvements he would like to see carried out at the park. We hoped to get it graded but had difficulty in finding anyone to do the job.

Councillor Ken Tomlin, electric light chairman denied any responsibility for the hydro blackouts "no matter what the agitators may say." As far as the suggestion that auxiliary power be developed he said prices obtained for an auxiliary plant ranged from \$45,000 to \$65,000. This he thought was way too high, and as far as he was concerned, he would be opposed to having Richmond Hill taxpayers saddled with such an amount of bonded indebtedness. "I believe that the responsibility to supply power rests with the Ontario Hydro Electric Power Commission and I believe the situation is only temporary. "I am glad to report he said that in addition to the increase we receive from improved conditions generally in Hydro, that we will receive an increased quota. We have gone over the accounts of Richmond Hill consumers, and the great majority have been co-operating and reducing consumption he said. As far as cuts are concerned we just tried to arrange them so as to dislocate as little as possible the social and economic life of the village."

Councillor Wesley Middleton for many years a member of council made his usual interesting review of municipal affairs. He pointed out that during the past year an efficient milk inspection service had been inaugurated. For some years this work had been neglected but this year Mr. William Cook had been appointed inspector and had done a good job. As far as the police question is concerned as you know I was opposed to the action of council in securing the provincial police. However the council majority favored it and I believe the majority should prevail and I'm willing to give it a trial. If we don't like it we can discontinue it. The construction of sewers had been considered, but he thought this was not the time to undertake the work. I'm in favor of sewers but at the right time. Right now our debt is well over \$200,000 and if we add sewers it jumps to over half a million. That's too much for 1700 people. Wait until we have some of our present debenture paid off."

As building inspector he had a busy year. Permits had been issued for more than \$227,000 of construction.

Councillor Taylor, chairman of the sewerworks department, reported that 44 new services had been installed this year. The water supply which has given concern for some years would be replenished by the deep well now being developed which gave assurance of an adequate water supply for many years to come. This I think will be a real boon to our village he said.

Reeve Hill said it had been a great privilege to be reeve during the celebration of the 75th anniversary of the village. He paid tribute to the service of all members of council and the service rendered to the vil-

lage by Clerk Lynett, village supervisor Les Baker and members of his staff, and the assessor Mr. Pocknell.

Trustee James Pollard thanked the ratepayers for the acclamation accorded the three members of the board. "As chairman during the past year it has been a pleasure and privilege to work with them and during a hard year they did good work. We have quite a program still ahead of us and it will be an honour and privilege to continue to work with them" he said.

Trustee Mrs. Barbara Langstaff said the two years spent as trustee had been busy and enjoyable. When she came to the board the policy was that every Richmond Hill child should have equal educational opportunities with children in cities where educational standards are high. "I still stand by that policy she said and pointed out that many improvements had been accomplished but more still are needed. More must be spent in decorating, lighting, the supplying of new equipment and in establishing needed opportunity classes."

Trustee Morley Hall completing his first term as a member of the board thanked the ratepayers for their expression of confidence in re-electing him for another term. "I promise to continue to do my best to further the educational opportunities for the children of Richmond Hill" he said.

Fun For You Is Gala Event

The new Public School Auditorium was the scene of two riotous evenings, sponsored by the Richmond Hill Lions Club in their presentation of the show "Fun For You," directed by Geneva Lyon.

The show lived up to its promise, and the fun included every last person who was lucky enough to hold a ticket. Prizes showered on the audience like rain — thrown from the stage, or offered as reward for a right answer — and sometimes for a wrong one. There were dainty Roxie Rockets, drawn from the High School class rooms, who made up as lovely a group of chorines as can be seen anywhere in Ontario — and there were Glamour Gals such as have never been seen anywhere before.

The program was a mock broadcast of a series of radio programs, and the end of each was punctuated most effectively by a commercial in song and patter by Mr. Lauder (Caruso) Glass, whose warning never to put bananas in the refrigerator will make a lasting impression on everyone who heard him.

Mrs. D. M. Chamney charmingly rendered the lyric for the Children's Hour which set off the program on its fun-packed way. The Quiz Kids followed under the enquiring mind of Quiz Master Joe Kelly — Lawson Chesney. The Kids gave a very good account of themselves, and were keen to try every question.

Next came a real old time hoedown, complete with fiddlers and caller. The dancers were champions from every part of the county, and the party included such unusual characters as Minnie Pearl — Gladys McClatchy, the Duke of Padooka — Alan White, and Uncle Ezra — Harold Reid. The audience enjoyed an early country dance by Mr. and Mrs. George Patton, a finished team from Elgin Mills, who presented an interesting contrast to Mrs. LeCuyer and Bob Reid, a modern dance team.

So that the audience would not feel left out, Dr. I. Q. or Rev. Claude Brethen, put the audience to a quiz test, and they proved just as game as the Quiz Kids. Sometimes they even knew the right answer.

The show rolled on to the appearance of Tom Brenneman, F. W. Morrow, and his Glamour Gals, who bore a strong resemblance to a few of the outstanding Richmond Hill citizens. Tom chatted with friends along the aisle, tried on the ladies' hats, (which did nothing for him) and with a big kiss pinned a corsage on the admittedly oldest lady in the room.

The complete cast on, the stage, following a short musical representation of Ontario and Great Britain, by the Richmond Hill High School girls, brought the fun filled program to a gala end.

Vaughan Ratepayers To Elect Reeve And Three Councillors

MARSHALL McMURCHY ACCLAIMED AS DEPUTY-REEVE

There is a spirited election in Vaughan township for the offices of Reeve and councillors. Reeve Boynton Weldrick who has held the office for five years is opposed this year by John Hostrawser who for five years has served as deputy-reeve. For the office of deputy-reeve three were nominated but all withdrew in favor of Marshall McMurchy, a member of council for three consecutive years. Carl Shaw and Bert Phelps, members of the 1948 council are seeking re-election and other candidates are former Reeve James H. Robson, Albert Rutherford well known Vellore farmer and Elias W. Beemer, Langstaff real estate broker.

The voting will take place next Monday, December 6th, and the polls will be open from 12 noon until 8 p.m. The nomination meeting held last Friday at Vellore was largely attended and keen interest was shown in municipal affairs. Roy Barker was elected as chairman and filled the position in a most capable manner.

Clerk and treasurer James M. McDonald gave an interesting and detailed report of township business. With nominations coming early in the year it is difficult to present a financial statement on the year's activities but a tentative statement was given and the complete details will appear in the auditor's report published early in the coming year.

The treasurer reported that the township tax levy for the year was \$46,926.78 and other revenue is estimated as follows: dog taxes \$2200, hunting licenses \$1100, highway subsidy \$30,000, municipal subsidy \$4611.69, with sundry receipts bring the total estimated revenue up to a total of \$97,694.49.

Expenses for other items include: Fire and police protection \$5,040, nursing service, M.O.H. and Board of Health \$3243.00, hospitalization, relief, etc. \$8,200, road expenditure \$60,000, administration expenses, including salaries, etc., \$19,518, making a total expenditure of \$97,345.87 and an estimated surplus of \$258.62.

Large expenditures during the year included a new Diesel motor grader and snow plow delivered to the town-

ship this month and which cost \$22,272.00.

Reeve Weldrick and Deputy-reeve Hostrawser gave interesting reviews of the year's work dealing with County as well as local matters. Councillors McMurchy, Shaw and Phelps dealt in particular with township matters.

Former Reeve Robert W. Scott declined a nomination for council but took the opportunity to express some views on township affairs in general and the building by-law in particular. Elias Beemer a candidate for council vigorously criticized the building by-law and Cyril Baker said he would consider accepting a council nomination, but later withdrew.

Nominations for the various offices were as follows:

FOR REEVE
John Hostrawser by Alex Cameron and Robt. Julian.

Boynton Weldrick by Edward Seager and Ronald M. Fenn.

FOR DEPUTY-REEVE
Marshall McMurchy by E. A. Carlson and E. Hadwen.

James H. Robson by Roland Keffer and Wilfred Bowes.

Carl Shaw by A. E. Smithson and T. K. Agar.

FOR COUNCILLOR
H. A. Phelps by John Varley and Harry King.

Carl Shaw by T. K. Agar and A. E. Smithson.

Elias A. W. Beemer by E. R. Spencer and Lorenzo Larson.

Albert H. Rutherford by Archie Cameron and John A. McNeil.

James H. Robson by Lawrence Keffer and Arthur Foster.

Arthur Wells by Thos. A. Keffer and Alex Cameron.

Cyril G. Baker by Thos. Cooney and John Varley.

R. W. Scott by J. H. Kellam and Frank Foster.

The following message has been received in acknowledgement: "Please accept my thanks for charming gift of roses which I was delighted to receive" signed "Elizabeth", Paul E. Angle of Richmond Hill who had much to do with the sending of the gift said his organization had received the utmost co-operation from officials of state in Canada and Britain. At the time of the wedding of Princess Elizabeth a gift of roses was sent by the Village of Richmond Hill.

Richmond Hill was very interested in the gift of fifty roses sent from the Royal Winter Fair by the Rose Growers of Canada to Princess Elizabeth with good wishes to her on the occasion of the birth of her son. The roses were flown to England by plane and delivered to the Royal household the day following.
