Geoff Jackson's Skate Exchange. Geoff Jackson has commenced an original business, on a small scale. He is operating a skate exchange, and if works something like this. If you have a pair of outgrown skates and wish a larger pair, take them to Geoff and for a nominal charge, you may possibly get a larger pair to fit. A limited number of ski boots will be handled in the same way. If you have experienced an encounter with the exchanges downtown, you will appreciate a bargain at Geoff's skate exchange.

The Young Ladies' Guild of Thornhill United Church held a highly successful sale in the Sunday School hall Saturday afternoon. Opened by Rev. E. Kent, and attended by many old friends and members of the Guild. The brisk business transacted at each table didn't interfere with the social atmosphere created when friends meet.

Electors of Markham Twp. ---
FELLOW RATEPAYERS:
 In allowing my name to go before you as a Candidate for Reeve, I respectfully solicit your support during my campaign, and your vote on Monday, December 13th.

I take this opportunity of discussing with you the trend throughout the Township of keeping the expenditure within the bounds of the ability of people to pay.

While our population continues to grow we may expect increases in the cost of social services as well as our public and secondary schools.

During the year 1948 the Township Rate was levied on the assessment made in 1947 and I feel that no increase of 2 mills should have occurred, especially when the raise of assessment throughout the Township amounted to over a half million dollars.

This increase alone would give the Township, including government subsidy, approximately \$4,878.00 which should have been enough to take care of the increased salaries and wages.

Commitments have already been made for a new principle of assessment and an assessment commissioner appointed at a salary of \$1800 plus travelling expenses which with the necessary assistance required will bring the cost of this service to several thousand dollars.

The appointment of a planning and advisory board consisting of 5 men, appears to be an expensive duplication of services that could well be dealt with by an elected council responsible at all times to the people.

Those present at the nomination meeting Monday, November 29th, at Unionville, will remember I asked for information on several accounts in the treasurer's report, and I produced figures on the high cost of operating the Township truck, but I received only one answer, and that one answer, according to Township files, was incorrect.

Time will not permit my calling to see every elector, but I trust you will exercise your franchise to elect me as Reeve for 1949, and I can assure you I can give experienced leadership, lower taxes, with good sound administration in both Township and County business and problems coming before council.

Yours sincerely,
CHAS. H. HOOPER.
