The committee reported on the purchase of a piano for the W.I. use. This piano made the singing of the carols on the program more enjoyable. It was decided to make a small Richmond Hill was enjoyed Wednescharge to outside organizations for day and Thursday evenings when its use to help defray the cost of the choirs of the Public and High tuning, etc.

Mrs. O. L. McKillop brought the meeting up-to-date on current events touching briefly on many items of interest during the past month.

The Treasurer -reported that the Bond had been sold. There is now \$1752.54 in he Library Fund which will be turned over to the Library Board at the January meeting.

A feature of the meeting were the many articles on display made by the members to be given as Christmas gifts, for which the materials did not cost over One Dollar. The iudges had much difficulty making their decision owing to the beautiful and painstaking workmanship. Mrs. J. Dewsbury was awarded a prize for the best practical gift, a pair of men's socks and Mrs. L. W. Zuefelt for the most ornamental, a Glitter-Tree. Special mention was made of a pair of children's pajamas, very beautifully made by Mrs. W. Mylks, which could not be awarded the prize because the materials cost more than the specified amount.

Six different door decorations were exhibited by Mrs. A. Cruickshanks. These featured red hoops, evergreens, Christmas bells and colored balls, canes and even a well filled Christmas Stocking.

Table centres were shown by Mrs. Pipher and she had worked out several beautiful effects with silver paper, evergreens, tall candles, coloured balls, painted weeds and cones. One very seasonable centrepiece was a snow scene with a very realistic Snow Man. Another showed Santa and his reindeer landing on a snow surrounded lake.
