Vaughan Township Councillors Hold Second Lengthy Session

Attempting to complete the lengthy agenda of their regular first-of-the-month meeting, much of which had to be left over members of the Vaughan Township Council held an all-day session at the township offices at Maple on May 16th.

A long and varied schedule of business was dealt with. Deputations again took up much of the time of council. Prominent among them was one from the trustees of Thornhill village, which discussed sidewalks, fire protection and sundry matters regarding buildings.

Several of the delegations attending the meeting asked for road improvements and a considerable amount of the correspondence dealt with covered the same subject. Extremely dusty condition of township roads formed the basis of several complaints. It was pointed out that applications of calcium chloride had already been made, and would be continued as quickly as possible in order to remedy the condition caused by a long dry spell.

Health Unit Discussed

A communication from York County dealing with the establishment of a county health unit came in for considerable discussion. Councillors, on the whole, were sympathetic to the proposal but felt that considerably more information, particularly regarding costs, was necessary. They wished to know whether or not their present charges for such services would be increased and finally adopted a motion requesting a meeting of all municipalities within the county, together with the county council, at an early date in order that all angles might be thoroughly considered.

JUNIOR FARMERS PLAN LIVESTOCK JUDGING CONTEST

The annual Livestock Judging Competition and Achievement Day for the Junior Farmers and Home-making Clubs of York County will be held on Thursday, June 2nd, in Newmarket and district as in recent years, according to the decision of the County Directors at a meeting held in the Agricultural Office last Friday night. The meeting presided over by Lois Graham of Highland Creek, had representatives of all six Junior Farmer clubs and received a report of their Ontario Association Annual Meeting at Guelph from County Director, Stuart Watson, Agincourt. Miss Graham is also a director of the Ontario Association.

For the Judging Competition the boys will register at the Agricultural Office, 12 Botsford St., Newmarket, at 8.30 D.S.T. before proceeding to various farms of the community to judge classes of horses, sheep, swine, beef and dairy cattle. Lunch is being provided for the boys at noon by one of the farms to be visited.

The girls who have been carrying on work and study clubs "Being Well Dressed and Well Groomed" and "The Cereal Shelf" will register at the Parish Hall, Newmarket, at 8.30 D.S.T. where Miss Lucille Barber, Home Economist, will have a display of the work done by the girls. Visitors will be welcome for the afternoon programme.

In the evening a banquet will be held for the two groups when the major prizes of the day will be presented. Plans were also made by the directors for the annual York County Junior Farmers' Picnic and Dance at Musselman's Lake on Friday, June 10th.

BIGGER NEWSPAPERS IN GREAT BRITAIN

In reply to a question in the House of Commons the President of the Board of Trade, Mr. Harold Wilson, made the following statement: "As from April 24th newspapers will be allowed to make a further increase in size which will bring the present five page national daily up to six pages with appropriate increases in other cases. I hope that at the beginning of July next it will be possible to make an increase of about 50 per cent in the permitted paper consumption of old established periodicals and also to allow newspapers restricted to eight cwt. of paper in four months to double this quantity." At present the daily newspaper in Britain alternates from four to six pages.

NEW STEPS TO RAISE HOME FOOD PRODUCTION

A speed up in plans for a 20 per cent increase in Britain's grassland yield was announced recently by the Committee on Industrial Productivity. The success of this scheme which involves an increase of capacity for producing nitrogenous fertilizers, will mean a saving to Britain of at least \$160 million in dollar imports yearly and the feeding of an extra four million people on home produce.

BROWNIE NOTES

There will be a church parade on Sunday, May 22nd at 11 o'clock at the Anglican Church, Richmond Hill. On Monday, May 23rd at four o'clock there will be an enrolment of Browniekins.

TENDERS

TENDERS for the painting of the interior and exterior of the Richmond Hill Public School will be received up to May 27th. For further information apply to Jas. Grainger, sec., Richmond Hill Public School Board. The lowest or any tender not necessarily accepted. c2w47

Ontario Launches Improvement Plan For Dairy Herds

Aimed at improving quality of dairy herds, 13 "Dairy Herd Improvement Associations" have been organized in nine counties of the province. Others are to be organized at once.

A letter, outlining the plan of organization, has gone out to all Agricultural Representatives in the province urging that steps be taken to get dairymen interested in the dairy herd improvement plan.

W. P. Watson, Ontario Live Stock Commissioner, said that 13 dairy herd supervisors, whose duty it will be to work with the associations already in existence, were given a short-course of instruction at the Ontario Agricultural College, Guelph, last week. They started work on May 1.

Organization of the dairy improvement associations is part of the dairy herd improvement policy being inaugurated by the Ontario Department of Agriculture. Some of the regulations governing the associations follow:

A Dairy Herd Improvement Association shall consist of not less than 24 nor more than 26 members. It is not essential that all reside in the same county, nor shall there be any limit to the number that may be organized in a county.

Membership is to be restricted to owners of grade or mixed herds. A herd consisting of grades and pure breeds shall be considered a mixed herd.

Member must maintain a TB tested herd and own or use a purebred sire.

Will Provide Supervisor

The Ontario Live Stock Branch will provide a supervisor for each dairy herd improvement association, who shall visit each member 12 times during each year. These visits may be made without advance notice but in so far as possible will be at monthly intervals.

On each visit the milk of each cow under test shall be weighed at each milking and supplies of each shall be taken for a composite sample for the Babcock test. He shall also conduct a test for butter fat, and record data relative to the cost of producing milk on the farm of the member. He shall also identify each cow and grade heifer calf by ear-tag. All heifer calves must be identified before they are two months old. Date of birth, name of sire and identity of dam of each grade heifer calf must be recorded in a book provided.

RICHVALE

The Richvale girls sewing circle are holding their sale of fancy work and linens also home baking and white elephant booth in Richvale School, Stop 22A Yonge St., on Saturday, June 4th, at 2 p.m. sharp. Come and help support the girls.
