BUTTONVILLE

(Held over from last week)
 Mrs. E. Walton journeyed to Brantford on Saturday for the wedding of her niece, Miss Lois Waters. Mrs. English, Mrs. Burns and Heather went to Toronto on Wednesday evening for the Victor Delli-recital. As you remember, Victor was the young pianist who played so brilliantly at one of Mrs. English's recitals a year or so ago.

Chicken-pox is in the neighbourhood, but so far has confined itself to the High School students. Ross Baker, Dorothy and Isobel Hood have been the sufferers so far. Fraser Craig has been quite ill for the past week having picked up a severe influenza germ.

Mr. and Mrs. Howard Stark and Bill of Lockport, N.Y. were Decoration Day (May 30) holiday visitors with Mrs. A. Glendenning.

Rev. E. A. Currey showed a set of excellent pictures at Y.P.A. in Brown's Corners on Sunday evening. They told the life of Florence Nightingale, her career in the Crimean War, and the influence her life had on the Red Cross, Victorian Order of Nurses, etc. Aileen Easton was convenor for the programme.

Sunday Schools of the United Church across Canada, last year, purchased several cars for use on various mission fields around the world. Rev. J. Thompson, a dynamic speaker, drove one of these cars to Brown's Corners Church where the children had a view of the happy result of their missionary givings. This car will travel by boat to Bombay, and then about 400 miles further on for use at the Indore Mission Field.

**Canada's
 great
 Leader**

LOUIS ST. LAURENT, Prime Minister of Canada

At the polls on June 27 the voter must ask himself, ahead of anything else, who should be head of the government.

In Louis St. Laurent, Canada has found a great national leader.

That he had high abilities of the mind was proved by his career in law. That he had wisdom in cabinet, unique gifts in parliamentary debate and a quick grasp of large affairs became clear as soon as he entered the Government. In international affairs, as one of the original advocates of the Atlantic Pact, he made himself a world figure who spoke out as the Canadian before him in the councils of the nations.

He also revealed an understanding of ordinary people, because he is

one of them.

This warm and essentially simple human being is the real St. Laurent, the product of the small town, of humble beginnings, hard work, a big family and the friendliness of country neighbors.

In blood, language and instinct he combines the qualities of two great races.

To the voter it is equally important that St. Laurent is the leader of a truly national party, with proved strength from coast to coast, the only party which can hope to form a stable government after the election. His character, his ability and his achievements have made him the leader of all the Canadian people.

PARDON our pointing... with pride.

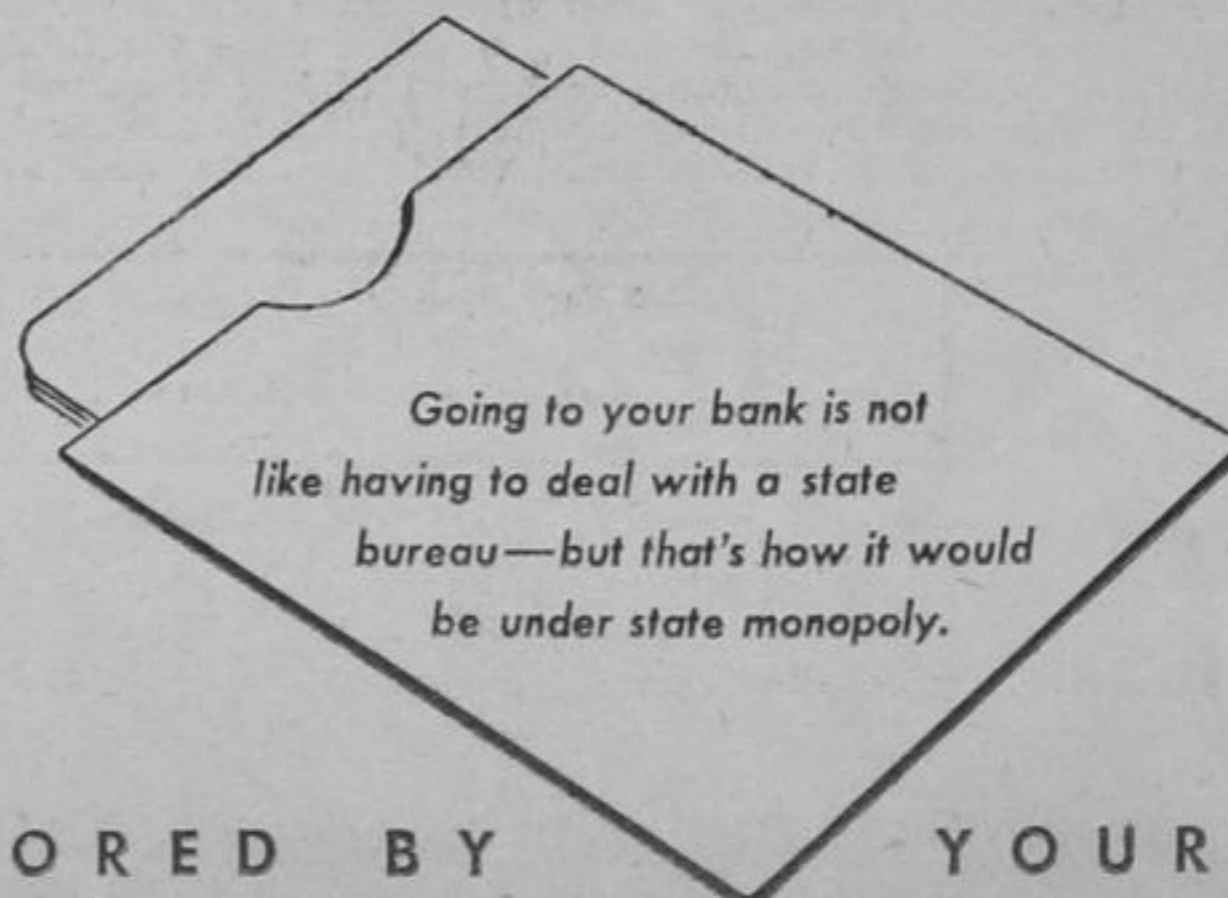

But it's an event when the number of bank workers passes the 40,000 mark—as it did last year. That's 65% more than before the war.

It's an event, first, because it shows the increased use of Canadian bank services...

More deposit accounts: now over seven million.

More funds: customers' deposits now reach nearly seven billion dollars. More services: to farmers; to personal and small-business borrowers; to war pensioners; to people receiving Family Allowances.

It's an event, too, because of the kind of men and women who have joined our ranks. Eager to get ahead, they are finding in banking an interesting job, a challenging career. They can tell you how important privacy in banking is to the Canadian way of doing things.

Going to your bank is not like having to deal with a state bureau—but that's how it would be under state monopoly.
