 The community was quite thrilled last week to learn of Miss Helen Davis, good fortune in winning the Richmond Hill Lions Club new Ford in the civic holiday raffle. Everyone read about it in last week's issue of this publication, however there seems to be a bit of a story in supplement to the event. Miss Davis had been taking a few driving lessons prior to winning the car and her boy friend was acting as the instructor. Miss Davis approached her father with the view of his also giving instructions in the family car. After carefully thinking the proposition over and finally deciding discretion was superior to valor he declined the offer and suggested when Miss Davis could obtain a car of her own that would be the time for her to drive.  
 Mr. and Mrs. Davis have been on holidays arriving home last Sunday. Helen went on her holidays last Saturday. Whether Mr. Davis knows about the Ford we do not know but it would appear someone in the family must be psychic.  
 With the weather staying so favourable the East Vaughan Ratepayers Association is making use of the floor of the community hall on Spruce Avenue.  
 Every Saturday night the association is sponsoring a dance under the stars. The entertainment committee under Mrs. Franks act as hosts and the music is toe-tlingling. There is both square and round dancing which is evenly divided throughout the evening so as to satisfy those who attend. Festivities commence at 9 p.m. and the admission is 50c per person. Come along and swell the building fund as well as satisfy your desire for dancing — everyone is most welcome.  
 With the approach of fall the various youth organizations are preparing for a banner season of instruction and entertainment.  
 The Girl Guides and Brownies are making plans for their first season in Richvale. They plan to commence in September and so as to be prepared for their opening and to get as much of the ground work in as possible a meeting is called for Tuesday evening, August 16. The meeting will be held at the residence of Mrs. R. F. Paul, 187 Spruce Avenue and the mothers of the Girl Guides and Brownies are invited to attend. At this meeting organization problems will be discussed as well as arrangements for the weekly meetings of the girls. This pre-season gathering will mean much toward the success of the enterprise and with this in mind we strongly urge the mothers, who wish their daughters to become members of this very excellent group, to make it a point to attend.  
 Last week we asked those who had sold tickets on the raffle of the "Hillman Minx" by the Ratepayers' Association, to turn in their monies to Mr. Cyril Baker of Spruce Ave. The results were very gratifying however there are still some to hear from. Would those who have not as yet contacted Mr. Baker do so as soon as possible.

 "Every householder should make a strong effort to fill his coal bin during the next few months rather than wait until winter is upon us," says Trade Minister Howe. "Production of Anthracite is down seriously."  
 If coal is not moved into bins now, distribution machinery will not be able to keep up with the demand. Some people may go short.  
 We strongly recommend filling your bin with D. L. & W. Coal, "Trade marked Blue Coal".  
 We have been handling this coal for thirty-eight years and would recommend this coal as the best Anthracite produced. Order now.
