Vacation Trip As You Like It

Three farmers and a Toronto University student, all of Nobleton are returning from a motor tour across western Canada to British Columbia. They are Clarence Arlow, Glen Davis, Bruce Hoiles, representing Nobleton agricultural section and Donald Hoover, now taking a chartered accountancy course at the University. The farmers took over management and economical aspects. The accountant dealt with the intricacies of computation (how far a pound of bacon at 70 per, is divided equally among four huge appetites). Meals were for their liking, they wrote from Revelstoke, B. C. Not one had been purchased from Nobleton to Revelstoke. Equipped with a gas stove and cooking utensils culinary art had been carried out satisfactorily. Their mothers at home are now wondering how many days off from meal production they may claim now their sons are proof-tested cooks. Done up in sleeping bags the quartette pursued slumber hours with zest. Moral — why bother with reservations or the various forms of bus and train travel inconveniences, why anything else when this fancy-free method sounds so comparatively easy.

Presentation to Bride-Elect

A community friendship gathering was held at King United Church last Monday evening in honor of Miss Anne Patton of Tor-

onto and King whose marriage to Mr. James F. Neild, Toronto, will take place this month. A handsome channel back walnut occasional chair, richly upholstered in green brocade, made by Fry and Blackhall, manufacturers of Wingham, was given.

Miss Doris Patton made the presentation expressing goodwill and congratulations from a host of friends to the bride, born and raised at King, the daughter of Mr. and Mrs. James Patton.

The gift was gratefully received by the prospective bride who voiced her appreciation for the gesture of friendship and her happiness in knowing her associations with her home district and friends would continue through the years ahead of her and her intended mate. Rev. Martin Jenkinson was chairman, and Mrs. Ewart Patton arranged a musical program including vocal solos by Mrs. Fred Boys and Mrs. A. J. Gordon; piano duets by Freda Dent and Janet Langdon and violin selections by Mrs. Jack Clift. Afterward refreshments were served.

W. I. Members At C.N.E.

Two busloads of W. I. members and others journeyed by Langdon Coach service to the C.N.E. on August 31. Mrs. Len Robb arranged for passengers for the two coaches and in recognition of her effort, a gift was presented to her as the day ended. Mr. B. J. Langdon and Mr. Bill Cooper, drivers, allowed the passengers plenty of

time to enjoy the afternoon and evening. Evening rain showers broke up events for several. Many took lunch picnic style. The bus parking space in Exhibition Park is ideal for lunch and recreation.

Mr. and Mrs. George Rumble of King, Mr. and Mrs. M. McMillan and Mrs. A. McMillan of Pine Orchard recently motored to North Bay and Timagami for a holiday week end.

Mr. and Mrs. Herbert Rooney and daughter, Marion of Atikokan, Northern Ontario, spent ten days' vacation with Mrs. Rooney's parents, Mr. and Mrs. Frank Wilkins, Oak Ridges and her sister, Mrs. Clarke Archibald at King. Ronnie Archibald returned to Atikokan to spend an extended visit with his aunt. If his ambitions hold out he may even attend school there.

Mrs. A. W. McLennan
At their Eversley farm, 3rd concession of King Township, Mrs. Elsie E. Morrison McLennan, wife of Mr. A. W. McLennan passed away a short time after a seizure which occurred on Tuesday morning, August 30. She became unconscious about nine o'clock in the morning, and failed to rally, her friends stated. Her death was a great shock to her bereaved husband and her two sisters, Miss Cecile Morrison of New York and Mrs. A. R. Mackie of Winnipeg. Last year Mrs. McLennan had come through a lengthy and serious illness and appeared to be in good health this summer. She had attended King Legion celebration here in June, enjoying the various features.

Mr. and Mrs. McLennan had come from Toronto to King township to live a number of years ago, and both have made many friends in the community and in Aurora. The funeral service held on Thursday, September 1, was well attended at Aurora United Church and the floral tributes were numerous. Interment was made in Aurora cemetery. Deceased had no family and neighbors and friends of Mr. McLennan convey their sympathy in his sudden loss. The pall bearers were M. Baker, J. Keens, M. Richardson, E. Rut, all of King township; G. Leacock of Aurora and Mr. Christie of Toronto.

Classified ads work like beavers — they toil until their work is done. Phone The Liberal at Richmond Hill 9 if you have something to buy or something to sell.

King City Social and Personal

Mr. and Mrs. Bill Willoughby (nee Doris Hollinshead) of Washaga spent the Labour Day week end with her parents, Mr. and Mrs. Ernest Hollinshead, who with their daughter Zelta had motored to Washaga for a week end visit with the newlyweds a short time ago.

Miss Jessie Gellatly is visiting her brother, Dr. Harvey Gellatly at Fort William, who had been present here for the funeral of their mother, Mrs. Robert Gellatly.

Mrs. Charles Neil, Eversley, is able to be out of bed and about again after seven weeks confinement from an ailment requiring rest.

Mr. and Mrs. Frank Armstrong Sr. are on a motor trip vacation in northern tourist locations.

Mr. and Mrs. Ralph Burns visited with their daughter, Mrs. Edward Clark at Brantford several days last week. Mrs. Clark has three young children.

HANDS IN TRAINING...FOR ONTARIO

Learning to Work With Copper and Brass

IN Ontario the wheels of industry turn for the benefit of every single one of us. Our lathes, dynamos, drill presses, farm combines, tractors, business machines, etc. are producing goods and services which earn dollars. These dollars provide food, clothing, medical care and other necessities which contribute to our security and high standard of living. Every single one of us, therefore, has a very personal interest in the flow of a steady supply of trained workers to industrial plants. These workers will operate machines which are important to our way of life.

We should appreciate, then, the co-operative efforts of government, industry and labour in the field of employee training. In schools and in factories our workers, young and old, are given the opportunity to develop new and specific skills in every field of business and industrial activity. For instance, every effort on the part of workers to become proficient in the art of shaping and moulding copper and brass, will mean greater industrial progress—will help to make Ontario a finer place in which to live and work.

THE BREWING INDUSTRY (ONTARIO)

Our Way of Life Rewards Trained Hands

Ontario workers know they can earn more, have executive responsibility and enjoy a higher standard of living in direct ratio to the skills they acquire and the way they make use of them. That's always true in a free economy—that's why our competitive system will continue to make Canada great and a great place in which to live.

Separate School Enlarged

More than 100 students are expected to enroll in the Roman Catholic school at the Community Settlement of Mount St. Francis, 5th concession. Improved accommodation comprising a new ground floor classroom added to the north of the present building has relieved the necessity of continuing classes in the basement. Debenture issue of about \$22,000 was created with the approval of the department of education and a modern regulation size room now replaces the former system.

Eversley Presbyterian W.M.S. will be held a week earlier in the month, on September 13, an evening meeting at the home of Mrs. T. L. Williams, sectional vice president.
