TURNING THE PAGES OF "CANADA UNLIMITED"

The small circle of Micmac Indians on Isle de St. Croix listened intently to Marc Lescaobot. They were learning to read and write. The year was 1606—Lescaobot was Canada's first teacher.

In 1632, Canada's first college was started at Port Royal. A Huron Indian, Louis Vincent Sabatannen, was the first Canadian to receive a Bachelor of Arts degree. He graduated from Dartmouth College in 1781.

At Quebec in 1829, students paid \$5 a year for tuition—board cost \$80. Teachers received an average of \$90 a year.

Education in Canada has grown with rapid strides. Now over one hundred and fifty thousand Canadians attend universities and colleges throughout the country. The future of the Canadian people goes hand in hand with pursuit of knowledge. Education increases opportunity. Yes, there's room to grow—in Canada Unlimited.

Just how much room is told in "Canada Unlimited", an illustrated 144 page book published by the O'Keefe Foundation. You may obtain your copy by sending 25c in cash (no stamps or cheques, please) to "Canada Unlimited", Dept. N3-16, O'Keefe House, Toronto, Ontario. Please print your name and address clearly. All monies received will be donated to the Canadian Citizenship Council.
