Evening Auxiliary Hears Travel Talk

An interesting travel-talk was given by Miss Katherine Ball at the October meeting of the Presbyterian Evening Auxiliary which was held at the home of Miss Helen Haldane Thursday evening. Miss Ball recounted experiences of a two month's visit to Great Britain and France from the moment she and her sister boarded the Queen Mary at New York until they re-embarked in Britain on the Ascania. One of the highlights of the trip was the garden party at Buckingham Palace which they attended. She also gave very vivid word pictures of Oxford, Stratford-on-Avon, the Trossachs, Loch Lomond, and other historic and beauty spots.

Amusing incidents enlivened the account.

Mrs. Robt. Ross read a short paper on Thanksgiving and Mrs. K. Blanchard read an appropriate selection from the Bible.

The auxiliary accepted an invitation from Glenview Evening Auxiliary, Toronto, to attend the celebration of their 20th anniversary.

A letter of thanks for the gift of baby clothes from the Presbyterian Redemptive Home was received.

The next meeting will be held at the home of Mrs. Hugh Yerex, Markham Rd., on Thursday, November 10.

HANDS IN TRAINING...FOR ONTARIO

Learning Business Practice

IN Ontario the wheels of industry turn for the benefit of every single one of us. Our lathes, dynamos, drill presses, farm combines, tractors, business machines, etc. are producing goods and services which earn dollars. These dollars provide food, clothing, medical care and other necessities which contribute to our security and high standard of living. Every single one of us, therefore, has a very personal interest in the flow of a steady supply of trained workers to industrial plants. These workers will operate machines which are important to our way of life.

We should appreciate, then, the co-operative efforts of government, industry and labour in the field of employee training. In schools and in factories our workers, young and old, are given the opportunity to develop new and specific skills in every field of business and industrial activity. For instance, every effort on the part of office workers to become proficient in typing, filing, shorthand and secretarial work, will mean greater business efficiency—will help to make Ontario a finer place in which to live and work.

THE BREWING INDUSTRY (ONTARIO)

Our Way of Life Rewards Trained Hands

Ontario workers know they can earn more, have executive responsibility and enjoy a higher standard of living in direct ratio to the skills they acquire and the way they make use of them. That's why our competitive system will continue to make Canada great and a great place in which to live.
