Thornhill Fire Kills Hopes Of New Business

Tragedy came to four men when fire destroyed a large barn on the property of Ronald Fenn on No. 7 highway half a mile west of Thornhill at 10 p.m. on Tuesday night.

Occupied by the Brickrete Association of Canada, the building contained brick-making machinery and a new three-ton truck. The machinery is practically irreplaceable as it comes from the United States and is difficult to import into Canada. The four partners in the company, which manufactures a special type of ornamental erating for 4 months and have built up business for some months erating for months and have built up a business for several months to come, said Jim France, one of the partners.

Cause of the blaze is unknown. When the fire was discovered it had gained such a hold that neither North York or Richmond Hill Fire Departments could do anything. The building was completely destroyed and, with the loss of machinery, will represent a loss of approximately \$25,000 to \$30,000.
