Oak Ridges Public School At 8 p.m.
ON MONDAY, JANUARY 15
Proceeds will be used for renting the Aurora Arena on Saturday mornings for the benefit of Oak Ridges boy hockey players.

THERE'S A JOB WITH A CHALLENGE
OPEN
A local girl with the right qualifications and the right outlook can have it.
It isn't a "softy" job. It doesn't pay any too much money to start with. Sometimes it entails a lot of overtime. It calls for hard work, application, shrewdness and, above all, the ability to "play ball" and meet and treat members of the public as human beings and friends.
That's the tough side. The other is up to the girl herself. If she wants to she can get a training in an interesting profession. What she can grow up to — what she can make — depends on the girl herself.
Her letter of application will show to a certain extent whether she has what it takes. It should be written to
BOX 33, THE LIBERAL, RICHMOND HILL

Bell Telephone Co. Announces District Manager Appointment

Victor H. Storey, of Toronto, has been appointed acting Bell Telephone manager at Newmarket and will have supervision of the company's business office at Richmond Hill, it was announced this week. He succeeds C. E. Blodale who has been named manager at Markham.
In addition to Richmond Hill, Mr. Storey will have supervision of the company's offices at Newmarket, Aurora, Beeton, Bradford, Roche's Point, Sutton, Thornhill and Tottenham.
Mr. Storey has had more than 27 years' experience in the telephone business. Born and educated in Toronto, he joined the company there in November, 1923, as a clerk. During the succeeding years he gained a wide variety of experience in the commercial de-

False Alarm
Smoke From Driers Leads To Belief Church On Fire

Heavy smoke pouring from the tower, doors and windows of Thornhill's historic Trinity Church just bore 5 p.m. last Monday at first indicated that it was badly on fire.
Arrival of the Richmond Hill fire brigade and opening of the building disclosed that the smoke was caused by three salamanders — large metal barrels containing wood and briquettes — which had been left by workmen to dry out the building and keep it warm for the men engaged in its reconstruction.
Presumably banked down for the night, the fuel had flared up and caused dense clouds of smoke to fill the building. When firemen arrived sparks were also flying from the salamanders. So heavy was the smoke that clouds were still rolling from the church an hour after its doors and windows were opened. No heavy material damage was caused as walls were still in a state of construction.
Grave dissatisfaction was expressed by Wilfred R. Dean, recently re-elected as one of the village's board of trustees and likely chairman for 1951, over inability to make use of the protection presumed to be afforded by Thornhill's new swimming pool, opened last June after a major campaign staged by the Thornhill Lions Club. It took twenty-five minutes to find someone who could operate the pumps which make the reserve supply of water in the pool available for fire protection, he said.
"We regret very much that people in the neighbourhood were disturbed by the threat of fire," said Rev. S. A. R. Wood, rector of the church, following the alarm.
He explained that the salamanders had been in use for a month and that heavy smoke had been created on a previous occasion. "As a matter of fact," he said, "with this system there has been smoke in the church quite a good deal."
Emphasizing that the containers were covered and that there was no danger of fire, he stated that Quebec heaters were being installed instead to prevent further alarms.
"The salamanders are not lighted until workmen are ready to leave for the evening," he added, "and perhaps because of the lengthening days the presence of smoke, formerly unseen on dark evenings, has become more obvious."

Edgeley W. I. Plans Cookery Instruction

A food demonstration entitled "Let's Cook It Right" will be sponsored by Edgeley Women's Institute at 1.30 p.m. on January 16, and at 10 a.m. and 1.30 p.m. on January 17.
These demonstrations will be held in Edgeley Hall at Edgeley and all women of the community are cordially invited to attend the three sessions.
Miss Elaine Found, Home Economist of the Women's Institute Branch and Home Economics Service of the Ontario Department of Agriculture will conduct the meetings.
Modern methods of cooking family meals will be the theme of the demonstrations. Wrong methods of cooking are extravagant and often destroy the health value of foods. Much has been learned about this phase of cookery in recent years.
The demonstrations will include modern ways of preparing many types of foods such as meat, fish, vegetables, soups, salads, salad dressings, sauces, flour mixtures and desserts. A booklet with many tested recipes will be given to each person attending the demonstration.

NORTH RICHVALE NEWS
CORRESPONDENT — MRS. M. BLACKBURN, Yongehurst Rd.
Telephone Richmond Hill 13TR13
"Sugar and Spice Club" met at the home of Mrs. L. Wainwright, Pemberton Road, on Thursday evening at 8.15. Ten members were present but sorry to say four absentees. Winners of cards were as follows: 1st Mrs. M. Fenwick, 2nd Miss M. Murphy; consolation, Mrs. M. Holmes. The girls all enjoyed the refreshments served by Mrs. R. Cartier.
We are pleased to know Mrs. W. Costoff of Yonge Street is feeling better the last few days. The baby is progressing nicely.
Sorry to hear Mr. J. Robertson is in the Western hospital with rheumatic fever.
Canadian Legion W.A. Branch 375, are holding a meeting at the home of Mrs. S. Abon, May Ave., on January 15, at 8 p.m.
Children attending Richvale services, be at the corner of Yongehurst at 2.45 Sunday afternoon. Bus will take the children to Sunday school returning at 4.15.
The "Thing" will be coming out on Friday.
A paper collection is to be undertaken by the Scouts, Cubs, Guides and Brownies. February 10 is the date set for collection and will cover district from May Ave. to Roosevelt Drive east and west of Yonge Street.

Bus Line Profits Down Again As Increased Costs Recorded

The T.T.C. report on the operation of the North Yonge bus lines for the first eleven months of 1950 showed an operating profit of \$30,744.26 compared with an operating profit of \$42,109.16 for same period in 1949. Passenger revenue for the eleven month period showed an increase over the previous year of \$26,839.80 or 11 per cent. But due to increased costs and an increase in the bus mileage, the profits show a considerable decrease.
The statement shows an operating profit of \$2,955.21 for the month of November compared to a profit of \$5,284.94 for November 1949. Passenger revenue for November was \$24,908.52 compared with \$23,552.82 in November 1949, an increase of 5.76 per cent. Operating expenses for November show an increase of approximately \$3,650 over November 1949.

CANADIAN SPORTS PARADE

THERE'S been a lot of ink spilled on sports pages recently about who deserves the title of "Greatest of the Half-Century" in various sports. You may recall that this came about at the request of Canadian Press, who invited all and sundry to name the Dominion's outstanding performer in lacrosse, basketball, hockey, etc. etc.
Despite an official verdict—and the fact that a flat-footed choice can cause a lot of arguments—this corner has a definite urge to nominate three of its favourites for the mythical awards.

The Hockey Award
Admittedly, other players have proved as strong, as courageous and sometimes almost as rough—but few of them all of these things, for so very long a time. We think of Brian Timmis, Ted Reeve, Joe Wright Senior, Lionel Conacher, Orm Beach, Royal Copeland and before all of them—Smirle Lawson. We think of linemen and backfielders, runners and kickers and smashes—and we still come up with Big Dave Sprague, with his sixteen touchdowns while 15 years of age at Delta Collegiate in Hamilton — to his last Eastern Canadian Championship with the Rough Riders in 1940 at thirty years of age!
Dave Sprague was first, last and always a rugged football player, and his driving, knee-high, plunging sprint could be counted on for sixty-minutes of every game he played. Asking no quarter, he was offered none and his scars are well and honorably won.
Following in the great tradition of Ned Hanlan, 'Big Joe' carried Canada's colours proudly skimming along the waters of the world and increased the Dominion's sporting prestige.
During his 23 years in a rowing craft, Joe Wright, Senior won 130 championship races here, there and everywhere. He won 12 United States championships; he was the first Canadian to win a heat in the famous Diamond Sculls and the first Canadian to win the coveted Bedford Cup. Although the Diamond Sculls eluded the big man throughout his own career, he coached his son Joe, Junior to many championships and on July 7th 1928, he realized his last ambition in rowing—when the name 'Joe Wright' was inscribed on the Diamond Sculls.
So its—Shore and Sprague and Wright. Your nominations please!

The Rowing Laurels
As for the greatest oarsman—we nominate Joe Wright, Senior.
In his first year with Boston, the dynamic Shore pulled the Bruins up by their bootstraps, from a cellar position in the N.H.L. of the two previous years—to second place in the American section of the league in 1926. He is the only player to ever win the Hart Trophy four times, and is now, of course, elected to hockey's Kingston Hall of Fame.
Eddie Shore did nothing "for fun", he asked for and got his price. That he was always worth the money he commanded no employer ever questioned. For Shore played hockey like a frantic machine—at top speed and effort.

The Rugby Crown
For the greatest football player—we nominate Dave Sprague of the Tigers and Ottawa—for his long-playing excellence and powerful contribution to the game.

Take your place with men like these
The Skilled "Soldier-Tradesmen" of the R.C.E.M.E.

The workshops of the Royal Canadian Electrical and Mechanical Engineers are expanding rapidly—in step with the growth of the Canadian Army Active Force. The men of the R.C.E.M.E. are doing their part to make Canada strong.

There is an urgent need for skilled tradesmen to man the workshops of this vitally important corps of "soldier-tradesmen". Skilled craftsmen are required to fill the posts of automotive mechanics, fitters, toolmakers, radar and radio technicians, instrument makers, welders, watchmakers, machinists and other key jobs.

If you qualify as a skilled tradesman, there's a place for you in the R.C.E.M.E. You can serve now—when Canada needs you—as an expert "soldier-tradesman".

Help make Canada strong

JOIN THE CANADIAN ARMY ACTIVE FORCE NOW!

For sparkling entertainment, listen to "The Voice of the Army"—Wednesday evenings—Dominion Network

To enlist in the R.C.E.M.E. you must:

1. Be a Canadian citizen or British subject.
2. Be between 17 and 40 years of age.
3. Be single.
4. Meet Army test requirements.
5. Volunteer for service anywhere.

GORMLEY, ONT. Tel. Stouffville 381W1

Like Some "Pin Money"
Because of the rapid growth of its district The Liberal is always on the look-out for bright, alert friendly correspondents who can cover the local news of their immediate area.
Here's a chance for some of the ladies, who like the friendly, human contacts to render a service to their community and at the same time to make some "pin money."
If you're interested write — do not telephone, please — to The Editor, The Liberal, Box 300 Richmond Hill. There are several opportunities at the present moment. See if your district is included among them.

PRODUCING BLOOD PLASMA
British carpet exports in 1950 method for producing blood plasma from seaweed. Named Laminarin, one ton is produced from about 100 tons of seaweed.
