Unanimous Vote Of Wilcox-Oak Ridges Assn. Asks Township For School Area

Safety of children crossing No. 11 Highway at Oak Ridges Public School hasn't been forgotten, it was revealed at the regular meeting of the Oak Ridges — Lake Wilcox Ratepayers Association held last Monday.

A letter from Major Lex MacKenzie, member of the Provincial Legislature for North York, said that the Minister of Highways was still giving his attention to the matter and endeavouring to find a solution.

Schools came in for further discussion when President E. L. McCarron explained the school area system. Enthusiasm of the association, whose members are composed of people deeply concerned with the school situation, was reflected by a 31-0 vote in favour of a resolution asking Whitechurch Township Council to establish a school area system for the whole township.

A lively discussion took place when the site of the new school projected for the Lake Wilcox area was considered. "No word yet" was about the best information gleaned from the talk-fest, in which the difficulties of arriving at a conclusion because of a number of factors were emphasized.

Fire protection was discussed at some length, with figures on the cost thereof being considered. Industrialization of the area was dealt with at some length, with Mr. McCarron pointing out the advantages of local industry, both from an employment and taxation angle.

Bagg And Sons Herd Wins Senior Honours Among Jersey Owners

Highest honour in the gift of the Canadian Jersey Cattle Club, the Constructive Breeder Award, has been given to Alfred Bagg and Sons of Edgeley. The recognition was given at the annual meeting of the club held recently in Toronto.

Fifty-one classified females had the remarkable average of 528 pounds of butter fat. The herd has been fully accredited since 1920 and is the oldest accredited herd of cattle in Canada without a single break. Edgeley Jerseys also won the premier breeder award at the recent Royal Winter Fair.

Former UNRRA Nurse On Staff Of Health Unit For Local District

A graduate of the University of Toronto School of Nursing, with a varied experience of service, Miss Elizabeth W. Petrie has taken over her duties under the York County Health Unit and has made her headquarters in Vaughan Township municipal offices at Maple. From there she will look after a big district which includes all the township, including Thornhill, Richvale and Langstaff and also taking in Richmond Hill.

Miss Petrie served for two years in Germany, where she was with the United Nations Relief and Rehabilitation set-up. While there she had much to do with maternity and surgical cases in a camp of twenty thousand displaced persons. Her other experience includes a year in England, where she was on the staff of the famous Royal Northern Hospital in London, a year and a half in Oshawa hospital. She has engaged in public health work in Toronto, Kingston and Chatham and in the united counties of Stormont, Dundas and Glengarry.

While she has a big district to cover, due to the fact that the Health Unit has not yet been able to acquire a sufficient staff of

nurses, Miss Petrie plans to make contact with as many women's organizations as possible at the earliest opportunity.

"Gross Inequalities" In Twp. Farm Assessments Markham Council Told

Farms in Markham Township carried 62.5% of the assessment, with residential and commercial assessments amounting to only 36.7%, members of a large delegation from Markham Township Federation of Agriculture told members of township council this week. The delegation submitted figures to prove its contention that "gross inequalities" existed in the present assessment rates.

It was stated by Messrs. Scott and Rowland that in 1950 County valuations used 1940 levels for valuation purposes and the factor showed that assessed value of farms in Markham Township was 54% of actual value while residential and commercial properties were assessed at 39% of actual value.

"As I've stated before," said Reeve Timbers, "we're changing from a rural to an urban municipality, but the assessors aren't changing with the times. These County valuations tell us that if our local assessors had things where they ought to be, we would not be in this mess."

"Well you must remember, it's quite possible these small householders could produce some good figures too," commented Councillor James.

"It's the general assumption that farmers don't pay much income tax," continued Mr. James. "The little Joe's have their taxes taken off before they ever get their pay."

"It's all you little fellows who make the big school costs," returned Stewart Rumble, farmer from Headford.

"My farm's assessed about 50 per cent of value and these little householders - only about 10 per cent, I want to see them the same," retorted another of the visiting

farmers. "The real estate men are a lot to blame for the little fellows being here," stated Councillor Chas. Hooper. "If a farm is sub-divided it may mean another two hundred children and a new school is needed - the farmer's stuck for more taxes than the price he got for his land when he sub-divided it," he concluded.

"That's right, the sub-divider takes off the gravy and the township and the little fellows are stuck," agreed Reeve Timbers.

Councillor Hooper told the delegation that it wasn't all schools that were making for increased taxes, and cited the fact that Markham Township today is in need of more office accommodation and added police force.

"Those little fellows you're talking about are often ready to boast about the big pay they get for the little time spent," interjected a Cedar Grove farmer.

"Are you willing to have your house assessed the same as the little fellow and be freed of the land tax?" queried Councillor Hooper.

Reeve Timbers told the delegation that the county had appointed a County Assessor and it might be some time before it would be known just what steps were to be taken to overcome some of the existing inequalities.

Storm Is Cause Of Accidents In Langstaff Area

Slippery roads, result of last Thursday's snow storm, were said by police to be responsible for two accidents which occurred near Langstaff that day.

While a taxi driven by Mrs. Maude Crossley was taking three children to school it was in collision with a car driven by C. L. Bearstow of R. R. 1 Gormley, at the junction of Bayview and No. 7 Highway. The car driven by Bearstow was going east on No. 7 and that driven by Mrs. Crossley going south on Bayview. Both were unable to stop in time.

Mrs. Crossley sustained a fractured jaw and broken teeth. Neville Thomas, 10, of Carrville Road, one of the children in her car, suffered a broken collarbone. E. E. Stevens of R. R. 1 Gormley, had his scalp lacerated. Property damage amounted to about \$700.

When a gravel truck driven by E. A. Sallans of Demorestville drove on to No. 11 from No. 7 Highway John MacPherson of Langstaff, going north on Yonge, was unable to stop on the icy road and, in the resulting collision, Mrs. MacPherson suffered scalp lacerations, bruises and shock. The car was a total wreck with damage estimated by Constable R. Seyffert, who investigated both accidents, at \$1,500.

Business Men At Thornhill Elect Officers

A further step towards the re-organization of Thornhill Business Men's Association was taken on Tuesday night when seventeen men met in Thornhill Public Library, following a preliminary meeting held last week.

A discussion of the advisability of reviving the organization culminated in an unanimous vote to do so. Temporary officers were elected and will hold their appointments until a full general meeting is held. In the meantime they will proceed with organizational work.

Vern Griffin was elected as president, with Bruce Robinson as vice-president. Adam Reiter was elected secretary-treasurer. Bart Edwards, H. Jennings, George Rosewell and Wilf R. Dean were elected executive members.

Date of the next meeting was left in the hands of the officers and committee.

New School To Be Built On Scott Sub-division

Early construction of a new school in the district managed by the No. 1 School Area Board, Markham and Vaughan, comprising the former school sections of Thornhill, Thornlea, Richvale and Langstaff is anticipated.

Tentative approval has been given by provincial authorities to the purchase of ten acres on the Scott sub-division, on the west side of Yonge Street between Langstaff and Richvale. An offer to purchase has been made by the School Area Board, which has already interviewed an architect and has been given plans of a proposed new school with five rooms

and a play-room. Construction is expected to start by May 15, with the school, it is hoped, being ready by September.

The Board, at its meeting on February 6, spent much time discussing school accommodation in the Thornlea area. It is investigating the land situation in that district.

At the same meeting the board received a delegation from the Teachers' Federation, decided to have International Water Service drill for water on the Scott sub-division and re-arranged its insurance to cover properties in the whole area under its control.

SHIPYARDS MAINTAIN HIGH EXPORT RATE
Shipyards in Britain had a total of 330 merchant vessels of 2,044,688 tons gross under construction at the end of 1950. 118 of these ships were for export. The world tonnage of merchant ships under construction at the end of December was 4.8 million of which British yards accounted for 42.3 per cent.

Take your place with men like these!

The "sure-fire" gunners of the FIELD ARTILLERY

The Canadian Army Active Force is on the alert. The highly-trained, expert gunners of the Royal Canadian Artillery stand by their guns — ready to defend Canada's freedom.

The fighting men of the Royal Canadian Artillery are expert soldiers. They are trained to work and fight in smoothly coordinated teams . . . and proud of it!

Canada needs more men like these "sure-fire" gunners — men who prize Canadian freedom enough to fight for it.

You can take your place beside men like these — as a member of a field gun's crew — by reporting

immediately for training as a soldier of the Canadian Army Active Force. Canada needs you now! Report today!

- TO ENLIST YOU MUST —**
1. Be a Canadian citizen or British subject.
 2. Be between 17 and 30 years of age.
 3. Be single.
 4. Meet Army test requirements.
 5. Volunteer for service anywhere.
