And, of course, there's always The Liberal office to refer to in case correspondents cannot be reached — Telephone Richmond Hill 9.

With the rapid growth of the district new centres of population are constantly coming into being. Opportunities for new correspondents are recurring frequently. The Liberal welcomes enquiries from those who think that they could render a service to their district, by covering its news.

"The Work of Mercy Never Ends Give!" is the slogan of the Canadian Red Cross Society in its annual appeal for funds this March.

## Elmer Comes Down

Elmer, the elephant who never forgets and who serves as a challenge to Richmond Hill school pupils to "play safe" at all times, has lost his proud position on one of the local school flagpoles.

When the two "Elmer" flags went up at the Public and Separate schools children were warned that he would stay up only as long as there were no traffic accidents through their fault. If so, they were told, he would come down until thirty accident-free days had elapsed.

The Separate School's Elmer came down on Wednesday, to the great grief of a Richmond Hill youngster who dashed out into the road without looking. A passing motorist did his level best to avoid him but failed. Fortunately the damage wasn't heavy — but it was an accident nevertheless. So Constable Frank Moore had the job of going to the school — hauling down Elmer — telling pupils why it was being done — promising them that when their carefulness had resulted in thirty days without any accident happening Elmer would go back up.

Constable Moore is shown above as Elmer went up to the top of the pole at the Public School a few weeks ago as the safety drive started. He still flies there. Watching him are Graham Bradshaw and Robin Anderson, both Public School pupils.

## Progress Being Made With Hydro's Work

Rapid progress is being made in connection with the reconstruction of hydro lines on Yonge Street, officials report. The new poles, well back from the widened highway, have all been erected and new wires are being strung.

The 26,000 volt circuit which the old poles formerly carried is now being utilized to carry 4,000 volts to serve consumers on Yonge St. and areas east and west. That change has been made for the reason, as reported in The Liberal some months ago, 26,000 volt power is now being brought into the district from the north.

There may be temporary cut-offs of power in certain sections from time to time, Hydro officials have stated. As these will be localized and of temporary duration it is not likely that they will be advertised. Cause for them will be the changing over of streets on to the new wiring system. The breaks will occur during daylight hours only.

Much remedial work designed to prevent power interruptions during storms have been carried out recently, it is reported, with more

work still to be done. Replacement of old and poor wiring has been the main objective in this program.

Additional street lights in Richmond Hill are being added from time to time. Planned at the present time are lights on Arnold Crescent, on Hall Street and Centre Street West. Speaking of these Hydro officials have pointed out the advisability of residents telephoning the Hydro office when bulbs burn out. The co-operation of the public along these lines, it is stated, helps bring speedy replacement.

And — to settle local curiosity — those officials have pointed out that a big piece of machinery at the sub-station on Yonge Street in the middle of the village has nothing to do with conversion to 60-cycle power. It is strictly a transformer to give additional capacity to the station. They state, too, that the machinery is not in any way a source of interference with local radios — that the hum which is heard from it is mechanical vibrations and not responsible to the slightest degree for interference.

## PUBLIC NOTICE

Please be advised that the Conservation Club of the Township of Whitchurch has recently purchased a mechanical tree planter. The rental rate is \$5 per day to members, \$7 per day to non-members. Time to be computed from the time the planter leaves the township shed.

Will all those wishing to rent the planter advise the undersigned prior to March 1, 1951, of the number of trees to be planted.

JOHN W. CRAWFORD,  
Seely Whitchurch Conservation Club

## DO YOU KNOW

that Sunday dinner can be an "extra special" treat if you have it at Summit View Drive-In or Thorn View Restaurant.

No fussing around getting it ready — no bother cleaning it up. And, of course, the best of foods, carefully prepared, topped off with our famous coffee.

Give the family a change this Sunday — let them enjoy a steak, fried chicken or pork chop dinner with us.

## FOR BANQUETS TOO

Our new and large dining room at Summit View is available for banquets. Call us for reservations.

## News-gatherers Play Big Part In Building Paper

Day in and day out a network of correspondents operates throughout the area covered by The Liberal — "Home paper of the district since 1878."

Their is the job of keeping in touch with local conditions in their home areas — of gathering the stories of the friendly, human day-to-day happenings which bulk so importantly in local news — of transmitting them to the paper.

This paper is more than a bit proud of those who do, we think, a better-than-average job of district news-gathering. And, on their behalf, it asks the co-operation of readers in making the news available to them. A telephone call to any one of them will find a warm response.

Here are some of the paper's local correspondents. Further lists will be published later. Their names, addresses and telephone numbers will be found, too, at the head of their respective columns.

## Leuschner Puts In Eight Boston Goals In Bantam Contest

Highlight of the week in bantam hockey circles was the display put on by Leuschner, playing for Boston in the Richmond Hill Hockey Club's series, when he scored eight of the eleven goals racked up by his team to defeat Canadiens last Tuesday. Lawrence and Stunden put in the other three counters. Final score was Boston 11, Canadiens 3.

Outstanding players in the game between Chicago and Maple Leafs in which the former were victors 2-0 were Crean and Johnson for Chicago, with White being the outstanding Leaf player. Goals were scored by Brillinger and Johnson.

Leuschner, Wright and Neal were outstanding for Boston in the game between Detroit and Boston last Friday in which the former took the long end of a 3-1 score. Keith and Risebrough were Detroit's top-notchers.

Playing an overtime game, Detroit beat Chicago by two to one.

Friday night games this week complete the schedule. In the play-offs the top team of the league will play the third team, with the second team competing against the fourth.

## Langstaff H&S Members Visit Ryerson Inst.

Opportunities offered to students to complete their education in such trades as printing, furniture building, dressmaking, commercial cooking, machine shop practice were demonstrated to members of the Langstaff Home and School Association when they visited the Ryerson Institute, Toronto, on the occasion of the Home and School Association's birthday party. A tour of all parts of the establishment was included in the program. Additional features were an entertainment in the institutes auditorium, with singing by a girls' choir and a play entitled "The Finders" being put on by the Council Executive.
