Saturdays & holidays continuous from 6 p.m.

FREE PARKING AT REAR OF THEATRE

Entrance from Church Street. Walkway on north side of Theatre Building

Saturday: Matinee at 2 p.m. Doors open at 1.30 p.m.

## Present Day Teaching Methods Shown To Parents At Richvale

On Wednesday afternoon of last week at Richvale School, Mr. Dunning, the principal, and his staff invited the parents to visit the different rooms to observe the practical demonstrations of present day methods of teaching their children. Considerable thought and effort had gone into the Easter decorations by the pupils and teachers of each room, and other samples of the children's work in art and penmanship were on display for the parents' benefit.

In Grades 4 and 5 a play, which took a good proportion of the pupils, showed their keenness and ability to read. The Social Study period showed the linking together of history and geography, while the written test which followed demonstrated how well they had grasped the lesson.

In Grade 1 the pupils learned to read a selection they had not seen before and which included a new word.

In Grade 2 the boys and girls formed two teams and had a contest in arithmetic and then learned the lines of a new poem which they recited on the "radio" for the audience.

Grades 6, 7 and 8 had an oral spelling test by popular request (of the parents), which was much enjoyed by all present. A "hockey match" between the "Maple Leafs" and the "Chicago Black Hawks", captained by two of the pupils, made a game of locating places on the map.

In Grades 3 and 4 the teacher's questions briefly reviewed the morning devotional period, and reading and the study of the selection as English literature showed how the pupils were encouraged to think of what they were reading.

After school the parents were served a very welcome cup of tea and refreshments by the teachers and the girls of the senior room.

## Two New Markham Twp. Constables Named Cons. J. E. Shephard Tenders Resignation

Two up and one down is the present position of Markham Township's police force following the appointment of two new constables last Saturday and the resignation of Constable J. E. Shephard.

The new appointees are William Sheam of Unionville, who has served on the township's road department for some years, and Harvey Cox, former resident of the township and recently a resident of Blind River, near Sault Ste. Marie. He has been in the hotel business there.

Constable Shephard has not yet disclosed his future plans. The new constables will start on their duties under Chief Clarence Wideman on April 1.

partment for some years, and Harvey Cox, former resident of the township and recently a resident of Blind River, near Sault Ste. Marie. He has been in the hotel business there.

Constable Shephard has not yet disclosed his future plans. The new constables will start on their duties under Chief Clarence Wideman on April 1.

## Travel Makes Appreciation Of Canada Mrs. S. C. Snively Tells Evening Guild

"Canada is a wonderful country and we who live here don't realize how fortunate we are until we travel and see the destitution in other lands," said Mrs. S. C. Snively in her talk of her recent trip entitled "From Ancient Egypt to Modern England," to the Evening Guild of St. Mary's Anglican Church, in the Parish Hall Tuesday evening.

Mrs. Snively is the holder of the O.B.E. for services rendered in canteen work during the last war.

## Property Transfers Made By R. H. Kane Realty Firm

Several property transfers in the district have been completed in recent days, reports L. H. Clement, representing the R. H. Kane real estate agency.

Included among them are the sale of Jan Falowski's farm at Gormley to Roy A. Brillinger, sale of the C. W. G. Robinson farm at King to M. Heron. Lawson Chesney's home on Roseview Avenue has been sold to Reuben A. Lahn, and D. Andrew's property on Mill Street has been transferred to Mrs. M. Mitchell, Toronto.

## Municipal Officials Voice Appreciation Editor's Assistance

Tribute was paid, at the close of the special meeting held last Tuesday at which members of Richmond Hill, Aurora, Markham Twp. and Vaughan Township Councils discussed problems in which they were all interested, to Col. F. J. Picking, Managing Editor of The Liberal, who is leaving this week to take over publication of the Aurora Banner.

## Vaughan Council Delegates Work

Part of the work now carried on by council as a whole will be delegated to committees, it was decided at a recent meeting of Vaughan Township Council. In order to establish closer contact and a direct liaison between council, its officials and the work being performed, the following members of council were appointed as chairmen of committees:

Roads — Reeve John Hostrawser.

Assessments — Deputy Reeve Marshall McMurchy.

Planning and Building — Councillor Albert Rutherford.

Welfare, Police and Fire — Councillor William Agar.

Finance — Councillor James H. Robson.

## Attack Problems

(Continued from page 1)

The dogs not only upset garbage pails, dumping the contents all over the street but were a hazard to children in that the latter faced the possibility of being knocked down and injured by dogs lunging at each other and possibly biting the children.

During the years that he has been at the helm of the Liberal, said Reeve Neal, Richmond Hill, Col. Picking had worked in harmony with municipal officials of the district, had given sympathetic attention to their problems and had done a great deal towards assisting in their work.

Aurora has approximately the same problem, according to Mayor Bell, who urged the appointment of a committee to go into the matter.

He had also been active in other community activities, said the Reeve, and had been largely responsible for the success of the Business Men's Association and the 1950 Trade Fair, which had given a substantial stimulus to business in Richmond Hill. Reeve John Hostrawser added his tribute to Reeve Neal's remarks and Mayor Alee Bell of Aurora expressed satisfaction that Col. Picking was to become publisher of his town's paper.

"We're fed up with dogs running loose" he commented.

Out in the rural areas, the problem is a serious one for the farmers and a costly one for the township which has to indemnify farmers for sheep killed by the roving Rovers.

In reply Col. Picking expressed appreciation of the whole-hearted co-operation he had always received from municipal officials. It had contributed much, he said, towards making his job easier.

Reeve Neal also introduced J. W. Murphy, who is taking over editorial duties vacated by Colonel Picking.

Deputy Reeve Dalton Rummy described similar conditions in Markham township which paid out about \$1,200 a year for sheep killed.

## Should Have Effect

The psychological effect of a campaign to enforce dog bylaws would be an important factor in cleaning up the situation Councillor Tomlin of Richmond Hill opined.

Every week is bargain week in the classified ad. section. Use it for buying or selling by telephoning Richmond Hill 9.

Once the general public realized the councils were making a serious enforcement effort, they would be more likely to adhere to the law. He referred to a recent case in which a school girl had been knocked down by a dog and had to be hospitalized as a result.

## THINK IT OVER

In addition to appointing a committee, the meeting authorized Clerk Lynett to contact Humane Societies and secure information on the regulation of dogs in other communities.

The question of joint action on an incinerator came in for considerable discussion. In introducing the project, Reeve Neal said he didn't think there would be an early action but a little long-range planning on this and other projects would be beneficial to all concerned.

"The time is coming when we have to get away from the idea of garbage dumps," he said. They are a menace to health and they certainly depreciate property values in the vicinity."

ELGIN MILLS PHONE: 191

Councillor Robson raised the question of whether it would be possible to work out an arrangement with North York to have garbage burned in their incinerator but Councillor Mrs. Fielding suggested the trucking cost might be prohibitive. It was also pointed out that eventually North York might have to utilize all its facilities to take care of its own garbage.

The question of cost of an incinerator was brought up and estimates based on a trip made to Tonawanda, N.Y., by several councillors some time ago ranged from \$40,000 to \$120,000.

In addition to the four municipalities represented, Newmarket and King and Whitchurch townships will be asked to join the committee if they so desire.
