A general meeting of the Powell Road Home and School Association was held Monday evening, March 26. The guest speaker was Dr. Hugh Barber of the Toronto General Hospital. Dr. Barber's speech was thoroughly enjoyed and the evening was a grand success.

We hope the day is not too far distant when we will have a school on the east side of Yonge Street. Traffic conditions are becoming more dangerous every day for our children crossing. Traffic becomes heavier as nice weather approaches — so all kiddies please take care!

Mrs. Gordon McCallum and her three sons spent the Easter vacation visiting relatives in Simcoe. Glad she is home again.

Highland Park Ratepayers' Association will be held at the Powell Road School on Monday evening, April 9, at 8.15 p.m. sharp.

Mrs. Peter Crapper and her family spent the Easter vacation visiting friends and relatives in Woodstock.

All motorists beware of the bad hole in the road at Dudley and Drury. Said hole is full of mud and tow trucks are being kept in business.

We would like on behalf of Highland Park to extend our sympathy to Don Nichols and family in their recent bereavement.

Mrs. Ed Baxter was the delegate for the Powell Road Home and School Association at the recent Education Convention.

BUILDS BETTER SOILS FOR

Better Crops

Thousands of farmers have proved for themselves that AERO*-PHOS in a long-range soil-building program **PAYS DIVIDENDS IN BIGGER AND BETTER YIELDS** and maintains constant soil fertility... resulting in more rapid growth, better root development, earlier ripening.

You'll find AERO*-PHOS FLORIDA NATURAL PHOSPHATE is **ECONOMICAL IN ALL THESE WAYS:**

1. LOW COST PHOSPHORUS—33%—P₂O₅
2. EXTREMELY LOW COST PER YEAR—WHEN COST IS SPREAD OVER THE MANY YEARS' BENEFITS FROM ONE APPLICATION.
3. INCREASED YIELDS WILL RETURN YOUR FIRST COST MANY TIMES
4. MINIMUM LABOR COSTS—BECAUSE AERO*-PHOS CAN BE APPLIED DURING THE SLACK SEASONS.

Every time you sell any farm produce, you take part of the valuable phosphorus from farm lands and pastures. Constant loss of phosphorus without replacement results in poor crops, under-nourished animals.

AERO*-PHOS provides the same kind of phosphorus originally contained in the soil. For best results, AERO*-PHOS should be used... not as a substitute for the regular use of high-phosphate fertilizers... but as a supplement to them, because AERO*-PHOS provides such long-lasting benefits to the soil. All crops... especially legumes... respond to its use.

AERO*-PHOS is now available in bags or in bulk. Write us for literature on the place of phosphorus in your soil-building program.

Doncaster Ladies Club executive met at the home of Mrs. S. Seally Secomoe Ave. on Tuesday. Plans for the year's work were drawn up and a new central place of meeting was discussed.

Mrs. H. Mizen of Secomoe Ave. left for England Thursday. Mrs. Mizen is travelling on the Queen Elizabeth from New York. She plans to visit relatives and friends and expects to return in June.

Dr. Barber was the guest speaker at the Powell Road Home and School Association on Monday, his subject being deafness and its causes. It proved very enlightening and interesting. It was encouraging to see more of the Doncaster parents attending.

Doncaster Ratepayers' Association held a very successful Euchre on Friday in the Masonic Hall, Thornhill. Prize winners were as follows: Ladies, Mrs. Lusby, Mrs. Campbell; gents, Mr. A. Stevens, Mr. J. Knott.

Powell Avenue is to be renamed. Suggestions put forward are Carlington, Geln, Cameron and Donna.
