BIG TANKER READY TO CARRY ALBERTA OIL

The world's largest freshwater terminal of the 1,126-mile-long Interprovincial pipe line, and the first ship to carry Alberta crude oil to Ontario, the 15,800-ton "Imperial Leduc" is shown as she successfully passed her running trials in Georgian Bay. She developed a speed of more than 14 knots—about 16 miles per hour. The 620-foot ship will ply between Superior, Wis.,

terminal of the 1,126-mile-long Interprovincial pipe line, and the first ship to carry Alberta crude oil to Ontario, the 15,800-ton "Imperial Leduc" is shown as she successfully passed her running trials in Georgian Bay. She developed a speed of more than 14 knots—about 16 miles per hour. The 620-foot ship will ply between Superior, Wis., and Sarnia. She will make a round trip every five days and is expected to carry about 175 million gallons of Alberta oil in a season —4 million gallons on each trip. Built at Collingwood Shipyards, she was launched last November and outfitted during the winter.

Maple Breeders Buy Calf Of Champ Cow

A purebred Holstein Heifer, bred and owned by Norman W. McConkey, Peterboro, has just been announced as a World Champion producer. Her dam is also a Champion and the pair make a very rare combination of mother and daughter, both champions.

The McConkey heifer is Lifloc Macaber, Re-Echo. She is the new World Champion for milk in the Senior four-year-old class of the 305 day division on three times a day milking with 27,978 lbs. of milk containing 995 lbs. fat, average test 3.56 percent butterfat. Continued on test for the full year she produced 31,058 lbs. milk and 1132 lbs. fat average test 3.64 percent butterfat which record is the second largest for both milk and fat yet completed in its class in Canada.

The new champion's latest calf, a bull has been purchased for artificial use by the Maple Cattle Breeders' Association, Maple, at a reported \$6,000.

The dam of the McConkey heifer is Re-Echo May Burke, owned by J. E. Houck, Brampton, who last December completed a 365 day record as an eleven-year-old of 35,314 lbs. milk and 1261 lbs. fat. This is a Canadian record for milk regardless of age or times milked daily, is a North American record over all ages on three-times a day milking and is a World Record for a cow past ten years old on three times a day milking.

Both mother and daughter are "good lookers" as well as champion producers, the dam having been officially classified as "Excellent, the highest attainable rating for conformation and the daughter having been classified as "Very Good" the second highest rating.

The former World Champion for milk in the senior four year old class of the 305 day division on three times a day milking was Canary Korndyke Alcartra who made her record in 1928 in the herd of B. H. Thomson, Moose Jaw, Sask. Her record of 26,396 lbs. milk containing 1080 lbs. fat, average test 4.09 percent butterfat is still a World Record for fat in the class. The McConkey heifer stands second to her for fat in Canada in the class.

Pot Luck Supper

Last Tuesday evening the W.A. held a very enjoyable Pot Luck Supper in the Sunday School room.

Following the supper a program was held which included a reading by Rev. A. C. Huston, a skit by Mrs. Huston, Mrs. S. Boynton and fifteen men; Mr. Frank Brummwell showed colored slides of local interest assisted by his son Wilbur.

Then Mrs. Willows, president of the W.A., called on Mr. Harvey Collard, Mr. and Mrs. Heber McCague to come forward. Mr. Collard read an address to Mr. and Mrs. McCague thanking them for all their kindness to everyone, and as they have moved to Richmond Hill to live, Mr. A. Buchanan and Mr. F. Gee on behalf of the community and church presented Mr. and Mrs. McCague with a coffee table and a lace tablecloth.

Mr. and Mrs. McCague thanked everyone for the lovely gifts. A hymn and the benediction brought the evening to a close.

We wish a speedy recovery to

Robb who are ill in bed.

The W.M.S. ladies held a quilting bee last Thursday in the Sunday School room when five quilts were made for the W.M.S. sale.

Mr. and Mrs. Parry Burton, and family returned home last Thursday with friends in Montreal.

The Lemonville W.A. is presenting a three-act play entitled "Mrs. Chatterbox" in the Victoria Square Community Hall on Friday evening, May 4. The play is being sponsored by the local W.A. Everyone welcome.

Annual Service

The annual W.M.S. church service will be held on Sunday, May 6, at 2:30 p.m. in Victoria Square United Church.

The guest speaker will be the former pastor, Rev. E. A. Currey of Acton. The members of the Explorers and C.G.I.T. groups will occupy the choir and furnish special music. A hearty invitation is extended to everyone in the surrounding communities to be present.

Mr. and Mrs. Sisler and Evelyn and Mr. Ash of Port Credit were Sunday visitors at the church service.

Master George Collard had tea Sunday evening with Master Donald Boynton.

On Sunday, May 13 at 2:30 p.m. there will be a special dedication service for the new furnishings given to the church. The guest speaker for this occasion will be Rev. Crossley Hunter of Trinity United Church, Toronto. Special music will be given by the choir.

The Mother's Day service will be held during the Sunday School period on Sunday, May 13, at 1 p.m.

Rev. and Mrs. A. C. Huston and Betty spent last Thursday with friends at Peterborough.

Applicants should state age, marital status, qualifications and salary expected.

Reply in confidence to
Geo. Storey,
Municipal Clerk,
Village of Stouffville

SWING OF WESTERN STATES

Dr. C. McKay of King City has returned from a brief trip to Kansas, Wyoming and Nebraska, where he accompanied the Dufferin Holstein Cattle Breeders on a buying trip. They found the prices too high for purchase at present, but were much impressed with the polled Herefords, and this is the type they would like to get started here.

When asked what impressed him most during his trip Dr. McKay said that it was astonishing to see how the animals were handled as far as buildings were concerned. Temperatures get as low as 40 below zero down there, and most animals live outside all year, with only a shed for shelter, with an opening on the south side.

"They feed no grain to the breeding stock," he said, "and they are pastured on old corn stalks and silage, and a bit of hay. They do amazingly well," he added.

At Hays, Wyoming, Dr. McKay saw a 7000-acre ranch, where 4000 head of cattle pastured on 3000 acres. At Coolman's ranch, North Platte, Nebraska, he saw a bull that is insured for \$50,000, and it has never been in a barn. On a field of 30 acres at Larned, Kansas, he saw a herd of 1,000 fat steers valued at one-third of million dollars, being prepared for market, and being fed on silage.

Dr. McKay travelled 3,000 miles, but thinks King township is the most interesting country. There are not enough trees down there, is his opinion.

ASKED TO SERVE

Vaughan township council has decided to ask Mr. Herland of Thornhill to fill the vacancy on the township planning board created by the resignation of Mr. Thorne.

Beatty

LATEST MODEL

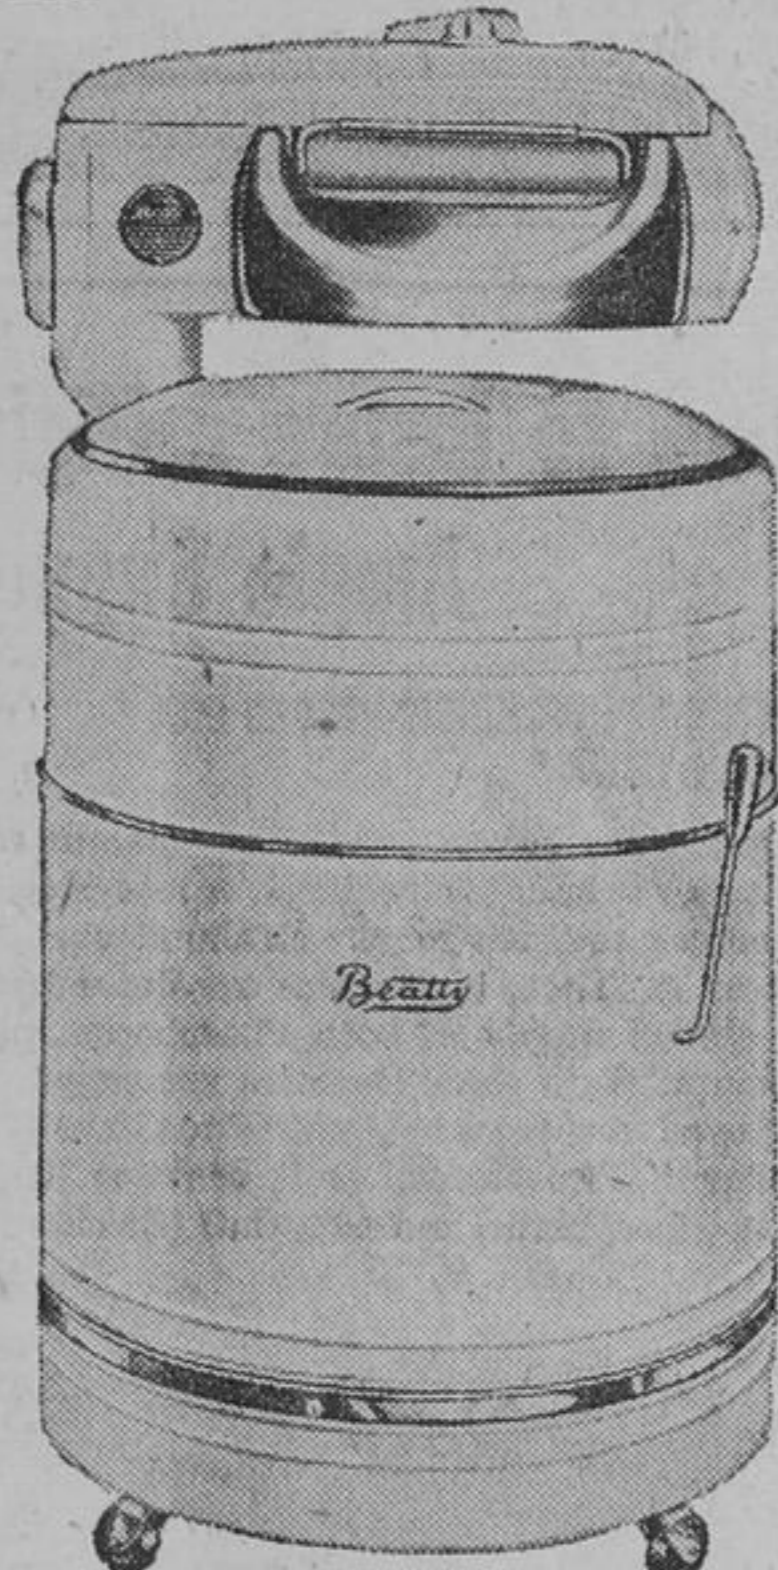

STAINLESS STEEL
WASHER
entirely new

Newest, nicest feature of the new Beatty Washer is the stainless steel tub. This smooth, mirror like steel is just the same as you have in your table flatware. It never scratches, chips or stains. It is always so agreeable to the clothes.

The Beatty Stainless Steel Washer has a thermo tub to keep the water hot right through the washing.

The new Beatty is just as beautiful on the outside as the inside. You will always be proud of it.

And it does such beautiful work — the Beatty human hand agitator has never yet been equalled for getting clothes clean.

JUST PUSH AND IT SWINGS . . . PULL AND IT STOPS
There never was a wringer so convenient and safe as this one.
Saves time and trouble.
