**Thornhill Lions Set Dates For Carnival**

The Monday, May 7, dinner meeting of the Thornhill and District Lions Club was featured by the attendance of many old residents of the district who were the invited guests of the club.  
Entertainment chairman Lion Tom Jackson had arranged for the showing of a Technicolor Motion Picture "The Human Bridge" which was supplied through the courtesy of the Ford Motor Company of Canada.  
Lion vice-president Percy Bone made the announcement that the 1951 Carnival would be held on June 29 and 30 in the Thornhill Park. The Carnival this year will feature dancing and many free shows such as dog show, flower show, swimming meet and the Danforth Radio Show. Tickets for the Carnival which will be going on sale almost immediately will feature a drawing for a Television Set as grand prize and many other prizes which will be announced later in this paper.  
Committees for the Carnival operation were drawn up, and it appears that the '51 Carnival will live up to the Lions Motto: "Better than last year."

**Will Explain Workings Thornhill Fashion Show**

Representatives of all Home and School Associations in School Area No. 1 of Markham and Vaughan townships will be invited to a general meeting in the Thornhill School on Tuesday, May 15, when the school trustees will give a detailed picture of all the work that is being done in the area. A good representation of residents is expected to be present.  
At a meeting held last week, a delegation from the Thornhill Home and School Association sought the establishment of kindergarten classes but the Board members held that the territory is too scattered to make such a plan feasible. It was felt, however, that by next year, it will be possible to establish auxiliary classes in the schools.

**Bus Is Running Again**

The Sunday School and the Church Service are both at 11.15 a.m. and the Bus will pick up anyone signalling it, children or adults, free. A return run is made afterwards.

**CLAIMS UNPROFITABLE**

Speaking for the Ontario Milk Producers last week at a hearing before the Ontario Milk Board, asking for a higher price for milk, Stanley McNeill, accountant for Don Head Farms, Richmond Hill, told the board that milk operations on the farm in 1949 had shown a loss of \$1.32 per 100 pounds of milk. Cost of production was \$5.84 cents per hundred, while the return from sales was only \$4.52. He told the board that in computing the costs against production 70 per cent of the wages bill had been charged against milk production and the remaining 30 per cent to other farm activities.  
Judge A. B. Currey, chairman of the board, asked Mr. McNeill "Isn't it fair to say that your farm over the last 11 years (the time in which it had been producing milk) has been profitable?"  
"From a milk standpoint, no," Mr. McNeill told him.

**RECORD SUGAR CROP**

The Natal sugar industry has broken all records in its current season in spite of the drought of the past year. Total production is expected to reach a total of 680,000 tons, as compared with the previous record of 614,000 tons produced in the 1944-45 season. This increased production has been influenced by the large increase in local consumption, not only direct but by secondary industries such as confectioners, fruit canners, bottlers, and manufacturers of fruit drinks.

**Vellore Women Hear Two Talks On Flowers**

Vellore Senior Women's Institute met at the home of M.J.A. Rutherford on Tuesday evening, May 1. The large attendance and interesting programme made it a very successful meeting.  
The motto was "A man of words and not of deeds is like a garden full of weeds." The roll call was an exchange of plants or perennials.

Mrs. L. Weldrick read a paper on a Busy Woman's Flower Garden. The perennial garden seemed best for a busy farm housewife. She spoke of correct location, drainage, soil and kinds of flowers that would supply continued bloom from spring to late fall.

Mrs. H. Jackson read a poem entitled "An April Shower."

Mrs. D. Julian read "The Song of a Lazy Farmer" and also "Making a Garden" — a favourite of Jack Miner.

Mrs. R. Cameron conducted a contest — guessing the contents of three purses.

**Demonstrates Arrangement**  
Mrs. R. Phillips presented Mrs. F. Reeves as guest speaker. Mrs. Reeves gave an interesting demonstration on flower arrangement. She arranged a bowl of flowers for a dinner table and another arrangement suitable for a side table or mantel. Among other things we learned that large or dark flowers should not be placed at the top; the tallest should be one and one-half times height of container; not to combine more than 2 or 3 different colours and to have flowers in odd numbers — each kind to be an odd quantity such as 3, 5 or 7. Following this, Mrs. Reeves made a very dainty corsage which was later given to the oldest member, Mrs. M. Jarrett.

At the close of the meeting lunch was served by the hostess and committee in charge.

**June Meeting**  
The June meeting will be held at the home of Mrs. R. Ball. The topic is Agriculture. The roll call will be answered by "A picnic spot I have enjoyed." Come prepared to help decide if we shall have a picnic, and if so, where we shall go for the picnic.

To advise people of a special event at your church or school or club use a "Coming Events" notice in the special section in The Liberal. It's cheap and easy. Telephone Richmond Hill 9.

**The Problem Of The RETAIL MERCHANT**

THE ONE PROBLEM common to all businessmen is — how to keep sales volume at a satisfactory level. This can be overcome to a great extent by carefully planned advertising. As a control medium advertising can be of considerable value in keeping sales at an economic level. Retail merchants now, especially those in small communities are confronted with the need of a very flexible advertising medium. One that can be used regularly throughout the entire year, yet pliable enough to suit the needs of the moment. Also, it must be one that can be tailored to fit any budget and at the same time give maximum coverage. Due to fluctuating prices it must be advertising that can be planned to reach the buying public within two or three days.

Newspaper Advertising is the advertising vehicle that has proved beyond doubt to be of greatest value to retail merchants. It fills all their requirements and has been the most important, single factor, in the success of so many.

The Liberal is at your service. We publish a well printed weekly paper that will give your advertising very good coverage in this area. A phone call to Richmond Hill 9 will bring a representative to your door.
